A LUX Shampoo is a real luxury

Perfect cleanliness and a refreshing stimulant for the scalp are the best of all means for ensuring hair health. In other words—try a LUX shampoo. Dissolve a tablespoonful of LUX in a gallon of very hot water, whip into a creamy lather, and then temper with cool water. Rub well into the scalp—you'll enjoy the invigorating, cleansing sensation. Then rinse thoroughly in fresh tepid water and dry the hair, in the sun if possible, never with strong heat.

Lux is sold at all grocers, department stores, etc.

For a recipe book "The Care of Dainty Clothes" is gladly sent free on request.

### Through Rail Service To Pacific Coast

Canadian National Railways Offer Most Direct Connections With Fast Through Trains from Montreal.

The finest train service to the Pacific Coast is afforded by the Canadian National Grand-Trunk "Continental Limited" now leaving at 9:00 daily from Bonaventure Station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver.—The finest of scenic routes through the Rockies and over the smoothest roadbed.

From Maritime Province points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday. The Maritime arriving in Montreal at 7:40 p. m. affords the most direct connection, but passengers by the Ocean Limited arriving at Levis at 1:50 p. m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5:00 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10:30 p. m. via Sudbury, Fort Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents and folders and illustrated matter may be obtained by application to any of the city ticket offices or by writing the General Passenger Department, Moncton, N. B.

### IN MEMORIAM

JOHN C. MARTELL

A gloom was cast over Georgetown on Wednesday May 18th when the angel of death entered the home of Mr. Daniel Martell and claimed for his own his youngest son John Charles, at the age of five years. He had been sick two days but the end was not expected so soon and his death came as a sudden shock to all. John Charles was a bright little boy, a favorite with all who had the pleasure of his acquaintance and he will be greatly missed not only by his own relatives but also by his schoolmates and friends. Besides his sorrowing father there are left to mourn three sisters, Katie, Mary and Isabel, also one brother, Henry to mourn the loss of a loving and affectionate brother. He will be buried in the Roman Catholic cemetery.

PATRICK GORMLY

There passed peacefully away at St. Mary's Road on March 15th one of its oldest and most respected residents in the person of Patrick Gormly, at the advanced age of 82 years.

The deceased was born on the "Auld Soil" in the County Armagh Ireland and when only a boy of 4 years old, he and his mother sailed on the ship "Margaret Puller" taking seven weeks in the crossing and landed on P. E. Island where his father had immigrated one year previous.

The late Mr. Gormly was a man of more than ordinary intelligence and could relate many interesting stories of the trials of those early settlers who started courageously to work in their new country with the sturdy forest before them.

When a young man he served for a number of years as wheelwright with Mr. Patrick Kehde, of Georgetown and later was occupied at ship building.

The deceased was twice married his first wife being Julia Walker to whom was born one child, Alexander, who predeceased his mother at the age of five years.

His second marriage was to Julia McCormack who died May 23rd 1915 latter giving birth to five children namely: Filiza Jane, who died in infancy, Stella, who died in 1902, Mrs. Adam French of Pannure Island, Mrs. Robert McCarron of St. Mary's Road and Peter on the old homestead. Besides these he leaves to mourn

### THIN PEOPLE NEED BITRO-PHOSPHATE

All that most weak, nervous, thin, mentally-depressed people need is ten grains of pure organic phosphate with each meal for a few weeks.

That's what the nerve specialists in London, Paris and New York are prescribing with wonderful results. It is a natural food for nerve and brain cells and is known to such reliable pharmacists as Hughes Drug Co., Ltd. as Bitro-Phosphate. Because of its power to help create healthy flesh and strengthen weak nerves, much of it is being sold to people who are lacking in vitality.

CAUTION: Although Bitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired.

two sisters and four brothers, namely: Mrs. Charles Evans, St. Mary's Road, Mrs. William McCarthy of Charlottetown, James Michael and Peter of St. Mary's Road, and Felix in East Boston, Mass.

The late Mr. Gormly was a kind father and a good neighbor and his memory will long be cherished in fragrant recollections.

During his illness he was frequently visited by his pastor, Rev. Thos. Gallant, who administered to him the last rites of the Catholic Church. His mortal remains were interred on St. Patrick's Day in St. Paul's Catholic cemetery, Sturgeon, the services at the church and grave being conducted by the pastor, Rev. Father Gallant amidst a large concourse of relatives and friends, to whom the sympathy of all is extended. May his soul rest in peace.

### BRAND WILL DEMAND SILESIA TENSION

LONDON, May 17.—Tension over the Polish revolt in Silesia which over the week-end threatened a crisis in the ranks of the Entente, seemed here today to have passed for the moment at least.

Exchange of views on the subject has been proceeding between London and Paris, and there seemed to be confidence that Lloyd George and Premier Briand would reach an understanding when they meet.

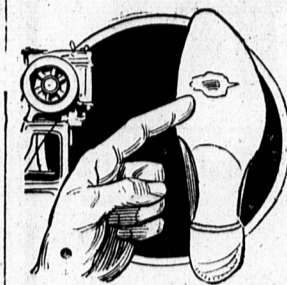

It appeared probable that the two premiers would hold a conference early next week. It is possible the discussion of Silesia will be before a full meeting of the Supreme Allied Council, so far as known, but no definite decision on this point had been reached early today. It was believed, M. Briand would appear before the French Chamber of Deputies on Thursday, making a statement of his views, and demand a vote of confidence. Berlin and Warsaw dispatches have served to reassure the British
