

JUST ONE YEAR AGO

We opened our doors to you, and almost from the lifting of the latch on that first morning you've kept us steadily on the jump to make good our promise—

To do our best to serve you so satisfactorily that you'll never think of going elsewhere for anything in our line.

It has been the rush of business we've faced sometimes to make that promise good, but our constantly increasing business leads us to believe that not many have found us lacking in earnest efforts to keep our promise to the letter.

We honestly believe that we're worth your steady ally all the year round in the goods and the service we offer at prices you're perfectly satisfied to pay. We thank you for the past year's favors and promise our best efforts to still more increase your patronage during the coming business year.

ROYAL STEWART FLOUR

This is the best flour for general family use that we have handled for years. Having a large proportion of Manitoba No. 1 Hard Wheat in it gives it great strength and it will take more water in mixing and go much further than ordinary flour.

Besides making first class loaf bread it will also make the finest and whitest pastry.

Give it a trial when you want another barrel of flour and you will be both pleased and satisfied with it.

MEDICAL SCIENCE ADVANCES.

It is not more than half a century ago that physicians considered a surgical operation with its risk, expense and pain as the only cure for piles. To-day it is only the out of date doctors that think of such treatment. It is cruel and extravagant to operate for a disease which is far more certainly cured by the application of Dr. Chase's Ointment. You may be skeptical, but for proof you are referred to tens of thousands of cases that have been cured by this famous preparation.
