The late Rev. William Dobson, D. D. Died Oct. 27th, 1907.

CURRENT EVENTS IN SAINT JOHN

Boy Drowned—Man Struck by Car and Killed—Strong Man Crazy With Liquor Cleans Out Market. Political Purity Sermons. Politics Hot.

ST. JOHN, Oct. 25—(Special)—Little John Clark aged nine, son of George Clark, drowned Saturday morning at Marble Cove, while playing on an old schooner. The accident was not witnessed by anyone and the fatality was not realized for hours. The body is probably carried to sea. A man named Hutton while attempting to cross Princess St. Saturday night was struck by a street car and fearfully mangled. He died in the hospital Sunday afternoon. Saturday, a powerful man, crazy with liquor, entered the city market and viciously attacked everyone within his reach. It took fully half hour to overcome him and with the utmost difficulty was secured and hauled to the police station. In the majority of the city churches tonight the clergymen preached strongly condemning election sermons, criticizing both sides and deploring the seeming prevalence of liquor in the present struggle. On Saturday night the campaign in St. John ended with the most remarkable demonstration politically ever witnessed, which for enthusiasm was only surpassed by the unbridled patriotism of Ladysmith night. Fully thirty thousand crowded the streets and four thousand Tory banners participated in a monster parade through the city. Never has an election been attended here by such excitement.

NAVIGATION IS SECURELY TIED

Fog and Smoke are Causes. Ocean Liners and 1200 Passengers Detained.

MONTREAL, Oct. 25—(Special)—Fog and smoke have securely tied up navigation during the past four days. Now thirteen ocean liners are waiting here for clearance. Four are passenger vessels with twelve hundred passengers detained. The outlook is not for any improvement.

HUNTING SEASON POSTPONED

MONTPELIER, Vt., Oct. 24—In the hope of preventing the starting of additional forest fires in Vermont Governor Chas. H. Froudy today issued a proclamation suspending the hunting season in this State until November 8. This was done under the authority of an emergency bill which was rushed through both branches of the Legislature and signed by the Governor yesterday. The bill provides that no one shall hunt game of any sort between the time the Governor issues his proclamation and Nov. 8 and that anyone convicted of violating this statute shall be fined \$100. The need of such legislation was brought home to the members of the general assembly by the numerous fires now in progress in the Vermont woodlands and the dry condition of the undergrowth. It is hoped that by the end of this close season sufficient rain will have fallen to make gunning in the woods safe after that time.

The service in the First Methodist Church yesterday morning was one of more than ordinary impressiveness. The Pastor referred to the fact that it was just one year ago, that his predecessor, Rev. Dr. Dobson had ended his earthly life, and in fitting terms a glowing tribute was paid to his memory. Rev. Mr. Thomas took his text from John 17: "I have finished the work that thou gavest me to do." It was a significant fact, he said, that this utterance came from a man in the prime of life. After having lived long years one night understand

how a life was furnished, was complete, but here is a case teaching that quality of life is more than quantity. From the life of Christ three great features were marked out to show in what "a finished life consisted. Christ was a man with a mission; Christ's life was in harmony with the father's will; Christ's life was one of love. When man undertakes some great work when he learns to do His heavenly Father's will, when love overflows, the heart, the life is complete, even though it ends in the morning hours. The life of Dr. Dobson, it was said,

was marked in some degree by these features.—His originality gave to him a mission, not given to everyone. His purpose was to do the Heavenly Father's will whilst the only weapon he wielded in life was that of love. At the close of the service Prof. Watts rendered the Dead March in Saul, whilst the congregation stood with bowed heads. A solemn spirit pervaded the service, many being moved to tears.—Four persons were received into church membership during the service.

MORAL AND SOCIAL REFORM

A Very Large and Euthusiastic Meeting in the Opera House Yesterday.

A crowded and thoroughly enthusiastic meeting of the electors of Queens County was held in the Opera House yesterday afternoon. The clergy of the different churches were present on the platform and addressed the meeting. His Lordship Bishop McDonald who was unable to be present sent his regrets and also his thorough sympathy with the work of the Moral and Social Reform League. Rev. S. J. Woodruff was also not present an account of ill health, but sent a letter of sympathy. The meeting was ably presided over by J. K. Lamb. The speakers in the order named were: Rev. H. B. Thomas, Rev. T. F. Fullerton, Rev. G. R. White, Rev. G. E. Ross and the chairman, J. D. Seaman and L. W. Archibald, were also on the platform. The Fourth Regiment Band added to the pleasure of the meeting with some excellent sacred music. Charles Earle sang a solo, which was very much appreciated by all present.

AN EXPLOSION CAUSES FIRE

Hazel Mine Burning. Loss One Million. Eight Hundred Miners Saved.

PITTSBURG, Oct. 25—(Special)—Hazel Mine is burning as the result of an explosion Saturday afternoon. The loss will be fully one million. Eight hundred men were working underground when the explosion occurred. All reached the surface without confusion or loss of life.

VICTIM'S BODY IN PACKING BOX

TORONTO, Oct. 24—The body of the tramp who was killed at Grand Bay Monday night by the C. P. R. express is lying in the morgue on King street east. Some criticism as to the manner in which the body has been handled has been made. The body was badly cut up by the train but it is thought that the remains might have been packed in a coffin no matter how cheap was the construction. Instead the remains were piled in a common packing case that is marked "woolen underwear." Secretary Wetmore of the Alms House Commission is looking after the funeral arrangements, and will this afternoon have the remains transferred from the dry goods box to a coffin. The body will be interred in the Municipal Home lot this evening or tomorrow morning.

DOCTOR CHARGED SERIOUS OFFENCE

NEW YORK, N. Y., Oct. 23—Rather than face trial for manslaughter in the first degree, growing out of a case of alleged criminal practice, Dr. Irving J. Cook, a young doctor of this city, coolly drank a dose of powerful poison and shot himself at the Waldorf-Astoria Hotel today. Dr. Cook was arrested last Tuesday and held in \$10,000 bail. He subsequently furnished bail and was released. He was to have been prosecuted for the death of a young woman at Summit, N. J., last summer, but was not embalmed. The funeral was to have taken place at 2.30 o'clock this afternoon. A few minutes before the coffin was sealed a physician requested permission to see the body. After confirming his suspicions that the body was made rigid by suspended animation, the woman was removed from the coffin, placed in bed and revived. While her heart is weak, it is believed that Mrs. Chapman will recover.

NEGOTIATIONS ARE NOT CALLED OFF

BUDAPEST, Oct. 23—In an address today to the foreign affairs committee of the Austro-Hungarian delegation, Baron Van Aehrenthal, the foreign minister, denied that the negotiations between Austria-Hungary and Turkey relative to the provinces of Bosnia and Herzegovina and the Sanjak of Novi-pazar have been broken off as reported to some newspapers. The baron's speech generally was hopeful. He said that Austria-Hungary in principle had no objection to an international conference provided the programme was prearranged and in accordance with Austria-Hungary's views. He said he believed that the present agitation in Serbia soon would die out.

PLACED IN COFFIN WOMAN REVIVES

ELLIS, Kan., Oct. 23—Timely intervention of a physician who was not satisfied with the appearance of the body prevented the burial alive of Mrs. Thomas Chapman, sixty years old, today, who was supposed to have died suddenly of heart disease on Saturday. The body was prepared for burial. FAIR AND NO CHANGE. TORONTO, October 26—(Special)—Moderate winds mostly easterly, fair, not much change in temperature.

FOREST FIRES STILL RAGING

The Whole Country Near Jerome Quebec Are Battling With the Flames.

ST. Jerome, Que., Oct. 25—(Special)—Forest fires are raging north and west of here in close vicinity to several valleys and at Nantel, north of Ste Agatha. The whole country side has been fighting the flames steadily for the past forty eight hours to save their homes. Last evening it was said over wire that they had been successful only with the timely arrival of an engine and crew from the south. The fire burned down from the mountain right to the edge of a village, where a wide trench was ploughed for upwards of a mile to stop the flames. At Shawbridge, the fire, which has been raging for the past few days around the training school has been practically quelled.

AMERICAN FLEET LEAVES JAPAN

Japanese Give Them a Grand Send Off and Officials Accompany Them.

YOKOHAMA, Oct. 25—(Special)—The Atlantic battleship fleet sailed out of Yokohama Harbor Saturday morning to continue its voyage around the world. This send off accorded the Americans as their ships put to sea was such a celebration as has never before been seen in Japan. A launch bearing the Vice Minister of Foreign Affairs Navy and other Japanese officials accompanied the side the Connecticut. The Japanese dignitaries were received with the salute of the Connecticut's guns. Minister Navy was the bearer of the farewell message from the people to Admiral Sperry. The farewell delivered, the Connecticut weighed anchor, and in a long line, Amidships forward, in single file they steamed out of the harbor as the guns of the Japanese thundered the last farewell of the nation.

FIRE KILLING THOUSANDS OF TROUT

MALONE, N. Y., Oct. 23—Sportsmen have just discovered that the forest fires in the Adirondacks have worked havoc among the trout with which any streams throughout the burned section are well stocked. Thousands of dead trout have been found at the bottom and along the edges of the streams and it is believed they have been killed by the impurities in the water's, caused either by ashes or smoke.

PROFESSOR LOOKS AT SKY, SEES LOST HORSE

Pinkey Goldsten, Relying on Fortune Teller's Statements, Gets Aid from Court and Finds Property.

NEW YORK, Oct. 24—Magistrate Officer Gensheimer, go with this Keruochan and the court attendants were started yesterday when a man rushed into the Essex Market Court and going up to the magistrate said: "Judge, Judge, give me a warrant quick. Send all the police you have." "What is the matter?" asked the magistrate. "I lost my horse a week ago, and it is now down at Seward Park tied to a lamp post," replied the man, who said he was Pinkey Goldstein, an expressman. "Did you see your horse there?" asked the magistrate. "No, but the horse is there, and it is my horse. I saw a mind reader and he told me that my horse was there tied to a lamp post, and he knows everything. Your Honor, he does," the man said. "Well, We'll see how much the mind reader knows," said the magistrate. "A few minutes later the policeman and Goldstein returned with a man who said he was Samuel Molinsky. The horse was in the street in front of the court house. "Now, Mr. Molinsky," asked the Magistrate, "is this horse your horse, and where did you get him?" "Judge, Your Honor, I was walking in Hester street about a week ago and this horse followed me all the way home." Mr. Goldstein identified the horse as his. Mr. Molinsky was discharged. "Ah," said Goldstein "that professor is a wonderful man. He simply looked through a long instrument at the sky, and after a while he said: 'Your horse is now under the sign of corpio, and you will find him tied to a lamp post at the corner of Hester and Essex streets.'"
