—WEDDING BELLS — A pretty wedding took place at the United Church parsonage, Summerside, Dec. 4th, by Rev. Mr. Fraser, when Mr. William B. Doughart, of Long River, was united in marriage to Miss Hazel Pearl Carr, daughter of Mrs. George Carr, of Sherbrooke. The bride was attended by Miss Goldie Gunning and Mr. Everett Gunning supported the groom. After the ceremony, a reception was held at the bride's home, where some forty guests were present, and the many beautiful presents received testified to the esteem in which they are held. The happy young couple left the next morning on a trip to the bride's sisters in Petecodiac. On their return a large crowd of chivvarians came to extend them best wishes. The young couple will reside in Long River.

—INDIAN RIVER—The monthly meeting was held at the home of Mrs. Edgar Hickey. Opening chorus O Canada. Roll Call was answered by twelve members by Christmas Suggestions. Five visitors were present. The minutes were read and adopted. It was moved and seconded that a drinking fountain be bought for school also Xmas gifts for children and teacher. A discussion on ways of raising funds was approached and it was decided to sell candy at Christmas concert also to hold a "Hard Time Party" after Christmas. Several vocal solos by Miss Catherine MacLellan and Mrs. Hubert Gills made a very pleasing programme. Luncheon was then served after which the meeting closed with "Old Lang Syne." Mrs. Thomas Rogers will entertain on January 8th. Roll Call, birthstone and month.

"Blades are not as good as they used to be"

PROBAK blades are built for men like you—men who want a quick, easy, smooth, once-over shave with a double-edge safety. If ordinary blades seem dull—if they pull, drag and make the tender zones smart and burn—slip the marvelous Probak into your double-edge razor and see what a real blade is like!

Glides Like a Butterfly!

Probak is absolutely new in design, principle and shaving results. It is not an imitation—not a substitute. Every feature patented—new and distinctly better. Butterfly channeling in secret-processed, duo-tempered, tru-flexing steel brings the straight-edge principle to the double-edge safety razor. Here's a blade that bends without cracking or distorting—lays two perfectly rigid, keen edges along the guard—and gives you the smoothest, quickest and most amazing shave of your life. Your razor has an entirely new feel. You shave with a butterfly touch.

Never a Sour Blade!

Every Probak is exactly alike—equally hard—equally sharp. The steel is treated, ground, honed and stropped in one continuous operation by giant machines that eliminate human error. Every blade must pass microscopic inspection. There's not a sour one in a million.

Give your face a treat. Slip a Probak into your present double-edge razor. Go over once. Get a head barber's shave—swift, smooth, clean and cool. Every stroke is a pleasure with a Probak.

GUARANTEE!

Buy Probak on a money-back basis. One of Canada's oldest and foremost blade manufacturers positively guarantees every package. If after using two blades you don't agree they're the finest double-edge blades built, return the package and your dealer will refund the full purchase price. Pay only 50c for 5, \$1 for 10—and get more for your money—more comfort per shave and more shaves per blade. You don't risk a cent. We prove that Probak is the world's finest double-edge blade or the dealer refunds your money.

Multiple grinding, honing and stropping make Probak blades absolutely uniform. Every blade is alike in hardness and temper. When you buy a package there isn't a sour blade in the lot.

Probak is 17% heavier than an ordinary double-edge blade. Superior tempering, absolute uniformity and the straight-edge principle entirely eliminate all drag, pull, vibration, smart and burn. Quality is outstanding.

Butterfly channeling in deep-tempered, duo-tempered steel brings the straight-edge principle to your razor and a butterfly touch to your shave. Probak favors to a true, rigid edge without distortion.

Every Probak blade is microscopically inspected before packing. Patented features and improved manufacturing methods insure uniformity. Here is the highest quality double-edge blade.
