C. N. R. EMPLOYEES TO SUPPORT VICTORY LOAN

MONTREAL, Que., May 28.—S. J. Hungerford, chairman and president of the Canadian National Railways, has issued a message to all employees of the system asking them to support the forthcoming Victory Loan.

Mr. Hungerford in his appeal says: "Canadians are invited to subscribe to the Victory Loan—an appropriate title—an invitation which employees of the Canadian National Railways will readily accept. It has been stated and reiterated that we are engaged in a total war. If that means anything it means that we are all participants and must give freely of our services and generously of our funds. To say that Canada is a great country, a glorious country, is not to overstate the truth. Canada provides opportunity, a land to live for and to fight for. Not everyone can give his physical self but all can give from their resources to arm those who go into battle against the evil thing that has arisen to destroy peace and threaten freedom.

"Subscribe, therefore, from accumulated savings to the world's best available investment—Canada's victory bonds. Hon. J. L. Isley, Minister of Finance, has arranged for denominations as low as \$50 and \$100, rising to \$500 and \$1,000. Further, to aid the men of modest means the Minister of Finance has provided for the purchase of bonds by postal payments through the banks—an instalment plan designed for saving, spend to save, spend for victory."

Interpreting The War

By Kirke L. Simpson
Associated Press Staff Writer

Within hours of President Roosevelt's ringing statement that only by "capture of Great Britain" can the Axis emerge victorious from this war, came news of British reverses remote from the Atlantic storm centre—reverses that may test the validity of the President's thesis.

By British statement, the battle of Crete was going against Greek and Imperial defenders of the island.

The Axis drive into Egypt from Libya also had made some progress in the no-man's-land region along the border. There is clear evidence now of intensified Axis efforts to reinforce the African front, possibly making use of French Tunisia for the purpose.

Vichy reports told of British bombing of a French base in Tunisia as well as a clash between British and French air fighters in Syria, that increases the gravity of the situation in the east.

A major Axis drive on Alexandria and the Suez Canal may be in the making. British submarine action against Axis troop and supply ships in the Sicilian Straits indicates that such a drive could prove more menacing to Britain than loss of Crete, particularly if French bases in Tunisia are involved.

To offset bad news from the east, however, Britain can write down President Roosevelt's official view that it is in the Atlantic and there only, that ultimate victory or defeat in the British-Axis war will come. They could back that with Mr. Roosevelt's solemn pledge of American aid to Britain, at all costs.

Exactly what new "methods or combinations of methods" are being devised in Washington as the President said, to insure arrival of American-made war implements can only be conjectured. Certainly something supplementing the American sea patrol must be involved.

The traditional American principle of "freedom of the seas" which Mr. Roosevelt reasserted is broad enough to cover any method deemed necessary to protection of seaborne commerce. It could mean armed American-owned merchantmen again plying the war-zones, under whatever flag, or American naval escorts with loaded guns and crews at constant alert.

S.O.T. Meets At Springfield West

The semi-annual session of the Grand Division of Prince Edward Island, Sons of Temperance convened with Springfield West Division May 19th. The afternoon session was for business while the evening session took the form of a public meeting. Rev. Thomas Palethorpe, Grand Worthy Patriarch presided at both sessions. Other officers present were Rev. A. A. MacLeod of O'Leary, Grand Scribe, Raeford Locke of Cape Wolfe, Grand Conductor and Allie MacNeill of Cape Wolfe, Grand Treasurer.

Other offices were filled as follows, Mrs. Everett Cullicutt G.W.A., Mrs. F. Hoppood, G. Chap. Geo. Shaw, G. Sent. Mrs. Irma Stewart, P.G.W.P.

The Grand Division degree was conferred upon Elmer Crossman, Edythe Cooke, Eva Shaw, Scott Curry, Connie Rix, Mrs. Edward MacDougall, and Mrs. Stirling Frizell.

Report of the G.W.P. was received.

The Grand Scribe reported all Divisions in good standing and plans for the re-organization of several Divisions were made.

The Grand Treasurer reported all bills paid and a small balance on hand. Bros. Locke, Allie MacNeill and the Grand Scribe were appointed a committee to look after Division property and Halls throughout the province. The Resignation of Bro. Rev. Thomas Palethorpe owing to his leaving the province was accepted fully and the Rev. Raeford Locke was elected to complete the unexpired term. A delicious and bounteous supper was served by the visitors in the Division Hall by the Sisters of Springfield Division.

The Church was filled for the evening meeting. A short program was provided by the Division members. Rev. A. MacLeod was the special speaker. He dealt with the awful results of indulgence in strong drink, telling several true incidents to prove that alcohol was a racial, mental poison and as such would cause addiction, crime, neglect and sometimes death. He called upon all present to unite with the Sons of Temperance in fighting the liquor traffic through total abstinence, legal enactment and moral suasion. A successful meeting was closed with remarks and prayer by the Grand Worthy Patriarch.

French People Feel Isolation of Nazi Rule

OTTAWA, May 29.—(CP)—Greatest reaction among the people of France unoccupied by German troops, but feeling the burden of the Nazi domination, is of a mental and moral order, says a report received by the Canadian Y.W.C.A. officials from E.B. Fox of the American Y.W.C.A.

"While enduring great privations and worry in the daily struggle for existence because of insufficient fuel, food, medical supplies, clothing and blankets," she writes, "the real suffering is caused by the unending isolation from the outside world, the continued separation of families and lack of communication."

Comparing conditions with those of last September Mrs. Fox said, "Living and travel conditions have become more normal for citizens of the country and privileged foreigners. Most of the overcrowding and congestion has been solved by the concentration in camps of tens of thousands of refugees, most of whom are without means of support. Hotels, pensions and trains however, are still crowded."

CORNWALL - YORK PT. INSTITUTE

The May meeting of the Cornwall - York Pt. Women's Institute was held at the home of Mrs. David White, York Pt. on May 5th. The roll call was responded to by seventy-two members and two visitors were present. It was decided to make another quilt for air-aid victims and have same finished before the June meeting. The questionnaire on Home Economics was filled in by convenor and a paper relating to the subject was read by Mrs. Elmer Frizell. "Garden Quiz" led by Mrs. Gifford Bain then took place and was much enjoyed by all. A delicious lunch was served by the hostess assisted by the York Pt. ladies. The meeting closed with "God Save the King."

The June meeting will be held at the home of Mrs. C. D. McLean, Clyde River. Miss Jean Robbison and Mrs. Frier Prizell will be in charge of the program for the evening.

Work of Girl Guides

Mrs. Fox described the work of the Girl Guides and Boy Scouts, both Catholic and Protestant. "The outstanding impression of my contacts with these young leaders is of their courage and perseverance in constantly making known their views and the carefree manner with which they accept the hard physical conditions under which they live and work."

In connection with the privations of the people in general she said one is "constantly amazed" at the ingenuity shown in discovering food and fuel substitutes. Among the people there is a noticeable stiffening of spirit, a quiet dignity and determination in a kind of heroic living, especially among the young people.

In spite of difficulties the "Y" workers have carried on their work and met at the Nimes conference. Mile. Barot, well-known to "Y" workers, was appointed Counsellor of the National Y.W.C.A. in the unoccupied zone and an organizer of work for the Committee of Christian Associations in the refugee camp of Gurs.

Three other secretaries, Misses Nicole de Ferron, Marie Bouniol and Erica Brucker who had been doing field work during the winter months were able to reach 150 out of the 250 Y.W.C.A. centres and reported that the work was being carried on with "devotion and tireless energy."

Work in Camps

In Mile. Barot's report on the work in the camps she said that Y.W.C.A. and C.I.M. teams had worked hard all winter trying to ameliorate the suffering of thousands of men, women and children. Their courage and perseverance have been well rewarded by the confidence they have won both inside and outside the camps—and by the privileges they have been granted," she wrote.

Another team working at Lyon had as a special assignment the welfare of people expelled from Alsace and Lorraine. She described how the work is carried on in harmony with the Catholic social workers and priests. "They look after the Catholics and we try to aid the

The first session of the newly appointed International Material Co-ordinating Committee of United States and Canada, was held in Montreal. Shown above are the four members just before they settled down to the task of examining the raw material resources of both countries for the production of arms and munitions. From left to right are: William L. Batt, Washington, deputy director of the Production Division of the U.S. Office of Production Management; H. J. Symington, K. C., Montreal, Power Controller for Canada; E. R. Stettinius, Jr., Washington, director of the Priorities Division of O.P.M.; and G. C. Bateman, Toronto Metals Controller for Canada.

TORONTO WOMEN'S INSTITUTE

The monthly meeting of the Toronto Women's Institute was held at the home of Mrs. Felix Gallant on May 6th.

There were eleven members and three visitors present. One new member joined. The president, Mrs. Andrew Gallant occupied the chair. Meeting opened by a prayer for peace.

The minutes of the last meeting were read and adopted. The different committees gave their reports. The following new committees were appointed, Sick, Mrs. Henry Peters and Margaret Dolron, School, Mrs. Andrew Gallant and Edesee Gallant.

It was decided to have a Lottery and dance in school and that it be advertised. Edesee Gallant invited the members to her home for a meeting roll call to be announced by Who can Carry the most beans on a knife while walking across the room. Lunch committee for next meeting, Helen Doucette, Margaret Dolron, Mrs. Peter Dolron, George LeClair, Mrs. Peter Dolron.

After the debate which caused much laughter lunch was served and the meeting closed by singing the National Anthem.

C. N. R. TO DECORATE FOR VICTORY LOAN DAY

MONTREAL, N. B. May 28.—In common with other institutions and business houses the Canadian National Railways will decorate the company's premises in Halifax

Protestants. There are 8,000 refugees temporarily housed here.

In other internment camps and "centres d'accueil" of which between 20 and 25 were visited, not only were there tens of thousands of French, but aliens of more than 30 other nationalities.

Saint John, Moncton and Charlottetown in connection with the forthcoming Victory Loan drive according to W. U. Appleton, regional vice-president and general manager of the railway here. In Halifax the railway station and the Nova Scotian Hotel will be decorated with flags. In Saint John the station premises will likewise be decorated also the station and general offices building in Moncton and Charlottetown. In addition, victory loan posters are being displayed in all Canadian National Telegraphs offices throughout the Atlantic region.
