IN MEMORIAM

(From Saturday's Evening Guardian) **MRS. MURDOCK MCKAGEN.**

The death occurred in Sydney on August 6th, of Katherine, beloved wife of Murdock McKagen, formerly of Montague, P. E. I., in her sixty-eighth year. The funeral took place from her late residence, 112 Prince St., interment being at Mira, C. B. She leaves a husband, one son, and two daughters to mourn the loss of a kind and loving wife and mother, all of whom were in attendance at her funeral. She also leaves three sisters, one residing in Montague.

MRS. VICTOR E. COFFIN

In the early hours of Friday morning the 22nd inst. a gloom was cast on Savage Harbor, West, when it became known that the Angel of Death visited the home of Mr. Victor E. Coffin and suddenly removed from thence, the gentle spirit of his beloved wife. All that medical skill and loving watchfulness could do was used in vain, nothing could arrest the hand of death.

The late Mrs. Coffin, who prior to her marriage was Miss Sarah Isabel MacKieg of New Haven (Sadies) as she was familiarly known among her friends, was a young woman of most excellent traits; but quiet and unassuming in her manner.

Their friends deeply sympathize with her husband in his inconsolable loss, also with his two little children, one a boy of four years and the other a little infant girl of only a few short hours, when bereft of a tender mother's love. There are some of life's mysteries that seem dark to us. We cannot see why the energetic mother should be so suddenly taken away, and the helpless infant left behind to take up its voyage on life's stormy billows, (but one day we shall know), all shall be made clear.

The funeral cortege of the deceased was a large one, friends from a long distance came to pay their last tribute of respect, there being fully one hundred carriages in the procession. Interment took place at Mt. Stewart cemetery. Rev. Mr. Murray presiding at the home and at the grave. Their friends do not forget to sympathize with the near relatives of the deceased who mourn the loss of a devoted daughter and faithful sister. —Com. (Patriot please copy.)

RHEUMATISM KEPT HIM IN BED

Suffered Tortures Until "Fruit-a-tives" Cured Him

McMILLAN'S CORNER, ONT., SEPT. 30th, 1910
"Your remedy, "Fruit-a-tives" is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me—except to blister me and make raw spots. I took many advertised remedies without benefit, but fortunately, about two years ago, I got "Fruit-a-tives" and they cured me.
Since then, I take "Fruit-a-tives" occasionally and keep free of pain. I am satisfied "Fruit-a-tives" cured me of Rheumatism and they will cure anyone who takes them as directed. If this letter would be of value to you, publish it." JOHN B. McDONALD.
Indeed, this letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. 50c a box, 6 for \$2.50 trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

The Hand That Moves The Lever Saves 16.2-3 Per Cent. of Your Coal Bill

Here is the opportunity for the housewife to deal the high cost of living question a hard jolt without any effort on her part.

The way is to make sure that her new range is controlled by a Gurney Economizer, which will save 1 ton of coal in every 6 burned in an ordinary range.

The Economizer is to the stove what the control lever is to the engine or automobile. Without control neither is efficient.

With the Gurney Economizer it is possible to quickly vary the heat of the oven. Various foods require different temperatures. The Economizer keeps this desired temperature absolutely uniform.

It also means that when cooking is over, you may have a cool kitchen and still have your fire going—while you can have the fiercest heat in a few minutes by a slight pressure on the lever.

If you possess a Gurney-Oxford your advantages are innumerable. The Divided Flue means heat for every hole on the stove. The New Special Grate guards the lowest fire. The Broiler exposes every inch of the coals.

These features are exclusively "Gurney-Oxford."

It will furnish your kitchen handsomely—it will do your work adequately.
