DISTRICT SHORT COURSE

Group Committeemen of Queens County District of the Boy Scouts Association met on Tuesday Sept. 28th in the Legion Hall, Charlottetown for a Short Course on the work of Group Committeemen.

Major J. R. Paton, President of the District Council, occupied the chair and opened the meeting with a few words of welcome and explanation of the purpose of the course. He then called on Provincial Commissioner J. J. Morris to give the first paper on "The History and Development of Scouting."

The Provincial Executive Secretary next gave talks on Group Sponsorship, The Scout Group, The Group Committee at Work, and Group Spirit.

A short playlet "The Group Committee Meeting" was presented by nine of the members of the course and was very well received.

Those present included Major J. R. Paton, Provincial Commissioner J. J. Morris, Assistant Commissioner R. Burnett, Niall H. Burnett, H. Ford, F. B. Clark, F. B. Timney, R. R. Hurst, R. P. Acorn, E. M. McNevin, Vincent Blake, W. E. Scantlebury, J. King, Y. Reddin, K. M. Martin, J. E. Harris, E. E. Clawson, R. Kemp and H. C. Bohaker.

DISTRICT COUNCIL MEETS

A meeting of the Prince County District Council, Boy Scouts Association was held on Tuesday, Sept. 28th in the Town Hall, Summerside. The District President was in the chair and others present included, District Commissioner R. L. Molloy, Dr. Palmer, John Matthews and Gordon Black of O'Leary; Rev. Joseph Trainor and Claud Kinch, Tignish; J. A. Thompson, James Saunders, Preston Kennedy and Charles Howatt, Kentville; V. L. Currie, Alberton; Ernest Lockerby and Ralph Bearsto Malpeque; District Secretary R. S. Hinton, Scoutmasters Cleve Whelan and W. A. Currie, Rev. Fr. Kelly, Rev. W. Verwolf, J. E. Dalton, J. P. Arnett, R. R. Willett, B. W. Robinson and J. J. Enman all of Summerside.

The minutes of previous meetings were read and approved.

It was decided that the regular annual meeting be held on the second Thursday in September each year and that the membership fee be set at \$1.00.

The By-Laws for the District were considered and will be forwarded to Provincial Council for approval. The end of the business year was set as August 31st.

Fall activities came up for discussion and District Commissioner Molloy suggested that the Troops should get down to business without delay and that the Scoutmasters should start the training in First Aid, Missions and General badge work. He believed that the Scouts in war time should be able to give the authorities in a number of ways and render assistance to the wives and parents of enlisted men. He stressed the importance of outdoor hikes and suggested having as many as possible before winter sets in. The boys all enjoy these outings which serve to bring them close to nature and are always beneficial. He thought that it would be a good idea to have outdoor activities during regular weekly meetings and that some of the meetings might well be held in the open.

The District Commissioner then reported on a letter received from the Rev. Sidney Davies of Alberton, giving a most interesting account of conditions in that section. Mr. Claud Kinch of Tignish gave an optimistic report on the work in that locality.

It was decided to hold the Annual Boy Scout Apple Day on Saturday, October 28th and, on motion of Mr. Arnett, to secure the apples and equipment from the usual source.

The Application for Warrant of Appointment as Assistant District Commissioner for Mr. A. P. Ceretti of Borden was submitted by Dis. Com. Molloy and approved.

It was decided to hold at least two meetings of District Council at points outside of Summerside in the ensuing year.

After discussion on several other points of general interest the meeting adjourned.

Travel 3,000 Miles To Join Fighting Units

TORONTO, Sept. 28.—(CP)—Out of the Arctic, some 3,000 miles, three men have come here to join the Canadian fighting forces. It was learned today.

Leader of the trio is Pat Baird, six feet two tall, graduate of Cambridge University who abandoned his research work in Arctic when he learned Great Britain and the Empire were at war with Germany.

His companions are William and Jack Ford, longtime residents of the Arctic. They met the Canadian

Great War Draft Dodger On Stand

NEW YORK, Sept. 27.—(AP)—Grover Cleveland Bergdoll, Great War draft dodger, informed a general court martial today that during seven of the 19 years he was supposedly a fugitive in Germany he was actually living in his mother's home in Philadelphia.

Moreover, Bergdoll testified he had recovered the \$105,000 in gold which he told army authorities in 1930 he had buried in a Maryland hillside. Actually, Bergdoll testified, the money was hidden in a closet in his mother's home.

Mrs. Emma Bergdoll, his aged mother, corroborated his testimony at his trial for desertion and escape and added, under questioning of Harry Weinberger, civilian defence counsel, that she had invested much of the money, perhaps \$90,000 in Liberty bonds.

Bergdoll's German-born wife, Bertha, corroborated her husband's testimony.

Bergdoll said he visited the United States twice during the period of his self-imposed exile, staying four years the first time, and three years the second, but never venturing from the Bergdoll home in Philadelphia.

R. B. Bennett On Committees

LONDON, Sept. 28.—(CP)—Prominent Canadians residing in Great Britain today set up two committees to undertake preparatory work so that a Canadian Expeditionary force if and when it arrives will find everything in readiness for its comfort and welfare.

One committee will coordinate the Red Cross effort of Canadians who live in the United Kingdom; the other will coordinate activities of Canadian organizations working for the comfort and welfare of Canadian soldiers. Rt. Hon. R. B. Bennett, former Prime Minister, is on both committees, with a group of banking and industrial leaders in the Canadian community.

The Red Cross committee will have at its disposal the famous country home, "Cliveden," owned by Viscount and Lady Astor. Mr. Bennett announced the Astors had offered the home as a Canadian hospital, as they did during the last war. He tentatively accepted, he said, and had asked confirmation from Red Cross headquarters in Toronto.

(In Toronto it was announced the Red Cross had sought permission from the Department of National Defence in Ottawa to accept the offer and was prepared to raise \$150,000 to equip Cliveden as a 300-bed hospital.)

Hon. Vincent Massey, Canadian High Commissioner, in organizing

Neutralty Bill Highlights

(Associated Press)
WASHINGTON, Sept. 28.—Highlights of the proposed neutrality bill approved yesterday by the United States Senate Foreign Relations Committee:

The legislation could be invoked either by the President or by a majority of Congress upon a finding that "there exists a state of war between foreign states."

American vessels could not carry passengers or goods to belligerents. Violations would be punishable by fines of not more than \$50,000 and prison sentences of not more than five years.

Belligerents purchasing goods in the United States would have to take title to them before they were shipped. Losses suffered by American insurance underwriters on war cargoes could not be made the basis of claims against the Government.

Shipments either by land or inland waterways to countries bordering on the United States would be prohibited under presidential regulations. Thus by highway, rail, lake, or river American carriers could deliver goods to Canada, despite the general ban on vessels carrying goods to belligerents.

The President could designate "combat areas" and prohibit United States citizens or vessels from entering them. Violations would be punishable by a fine up to \$50,000 and imprisonment of not more than five years.

American merchant vessels would be prohibited from carrying other than small arms necessary to preserve discipline aboard.

Belligerent governments could not sell securities in the United States. Belligerents could obtain ordinary commercial credits for a period of not more than 90 days. Fines up to \$50,000 and imprisonment up to five years would be the penalties for violation of the credit restrictions.

Solicitation of funds in the United States for belligerents would be prohibited.

The President would have authority to impose special restrictions on the use of American ports by submarines or armed merchant vessels of belligerent states.

Latin American republics engaged in war against non-American states would be exempt from the legislation.

Now What?

Notwithstanding war conditions Canadian Life Insurance companies will continue to honour all policies in accordance with the terms of the individual contracts. The inherent safety of life insurance and its enviable record in every previous national emergency makes it more than ever a practical investment under present conditions.
