Are you fighting against middle-age?

ONE OF the most critical periods of a woman's life comes between 45 and 50. Most women dread the approach of middle-age because they know, only too well, the depressing ailments it brings.

The best preparation for this period a woman can have is a good physical condition. Lydia E. Pinkham's Vegetable Compound will help her to gain strength and energy. It builds up the appetite and induces natural sleep. The following letters were written by women of middle-age.

AFTER LONG SUFFERING

South Omaha, Nebraska.—"After fifteen years of terrible suffering each month with sick headaches I began to take Lydia E. Pinkham's Vegetable Compound, and I have felt my health steadily improving. After taking your medicine for almost a year and a half, I believe I can say the headaches have left me. I also was troubled with nervousness. I am feeling fine now and do all my work myself. I am the mother of six, and manage an eight-room house without anybody to help. I feel that I am entirely well." Mrs. Adolph Bratke, 4316 So. 13th St., S. Omaha, Nebraska.

Remember this package. None genuine without the signature of Lydia E. Pinkham.

MRS. BOLLERMAN'S CASE

West Hoboken, N. J.—"I was troubled with headaches, weakness, flushes of heat to the face and head and loss of appetite. I would often get so weak I could hardly stand. I read about Lydia E. Pinkham's Vegetable Compound and began to take the medicine. After the first few bottles I began to feel stronger and could eat better and had fewer headaches. I am a well woman today, and feel like a different person. You may use this letter for every word is true. I will answer any letters sent to me." Mrs. Jennie Bollerman, 611 E. 10th St., Union City, New Jersey.
