

A HEALTH MESSAGE TO THE WORLD

The Discovery of "Fruit-a-tives" Has Brought Health and Happiness to Thousands of People all over the Dominion.

FRUIT JUICE CURES MANY SERIOUS DISEASES

"Fruit-a-tives" Is the Only Medicine Made from Fruit Juices. It is Pleasant to Take and Acts Gently on the Whole System.

Fruit juice consists of 91% water and 9% solid material. This solid material consists of about 8 parts sugary substance and one part of an intensely bitter substance, which is the medicinal or curative principle of fruit. In order to get the full benefit of fruit in the ordinary way, one would have to eat huge quantities of fresh fruit. By the discovered process of making "Fruit-a-tives", the bitter material in fruit juice is made to grow or increase and thus a stronger fruit juice is created. Then, this stronger fruit extract is mixed with valuable tonics and antiseptics and made into tablets. Thus, we have concentrated and intensified fruit juices, and the practical use of Fruit as a medicine is brought within reach of all.

Like fruit juice, "Fruit-a-tives" acts on the great blood purifying organs of the body—the liver, bowels, kidneys and skin—and stimulates all these parts to renewed activity. "Fruit-a-tives" is the most powerful liver stimulant in the world, and by it the kidneys and skin are stimulated to do more work. The splendid nerve tonics and antiseptics incorporated in "Fruit-a-tives" make this medicine the finest of nerve restorers, white germs in the stomach and bowels are destroyed.

"Fruit-a-tives" will cure Indigestion or Weak Digestion, Dyspepsia, Kidney Disease, Constipation, Biliousness and Liver Trouble, Backache, Rheumatism and Rheumatic Pains, Sciatica, Lumbago, Neuralgia, Headaches and all indications of Impure Blood.

Remember, that "Fruit-a-tives" is the only medicine in the world that is made of fruit. There is nothing else as good, because there is no other preparation anything like "Fruit-a-tives". If you cannot get "Fruit-a-tives" right in your neighborhood, we will send you a supply postpaid, on receipt of price—50c. a box, 6 for \$2.50, trial size, 25c. Fruit-a-tives Limited, Ottawa.

MONDAY.

Dr. Conroy has received a despatch from North Battleford announcing the death there on Saturday, August 8th of his sister, Miss Mary Conroy, aged 45 years. The death was due to typhoid fever which she contracted from a patient. She was a native of this province, being born at Tignish, but has resided in Boston for a number of years. She graduated in nursing at the Boothby Hospital, and after nursing in Boston for about 15 years left for North Battleford two years ago, accompanying her nephew, Mr. Fred Conroy. She was a most estimable woman and her death will be learned with deep regret by all who knew her. The funeral will take place in North Battleford.

NARROW ESCAPE.—What might have been a very serious accident happened at Rustico a few days ago, when Miss Julia Doucette, who was engaged in raking hay, noticing that some part of the rake was giving away, tried to get down to adjust it. The horse started off on a mad gallop before Miss Doucette had time even to dismount and she, in an attempt to save herself jumped from the rake. Unfortunately, however, her feet got tangled up with the reins with the result that she was dragged a considerable distance. As luck would have it she received only a comparatively slight injury to one of her feet, and a bad shaking up, but had not the horse been caught as he was heading for the barn the result would very probably have been quite different. Miss Doucette is doing as well as can be expected under the circumstances.—Z.

The community of Sea View and its surroundings were saddened when it became known that little Blanche Donald, daughter of Colin Donald, had appendicitis. And by the advice of three skillful physicians an operation was thought to be necessary. She seemed to rally after the operation, but the Heavenly Father thought best to take this bright jewel to the home beyond and two days after, in spite of all medical skill and loving ones could do, on Friday, July 24th, death claimed its victim at the early age of 8 years, and the little soul returned to God who gave it. She leaves to mourn a sorrowing father and mother, four brothers and two sisters, besides a wide circle of playmates and friends. She will be greatly missed not only by the vacant chair in the home but also in school and Sunday School where she was a faithful attendant. She was a general favorite with all; her bright face and sweet smile endeared her to all who knew her. This little life had blossomed 'on earth to bloom in Heaven. The funeral services were conducted by Rev. E. J. Rattee, speaking from Matt. 19-14, on the example of child life with its purity and innocence. Upwards of 100 carriages followed the remains to Malpeque Cemetery where all that was mortal of little Blanche was laid to rest.

YEARLY VISITORS.—Among the arrivals on the Island last week was Mr. W. H. Smith, of Boston, formerly of New Glasgow, P. E. I. Mr. Smith, who is a native of this Island, was born in New Glasgow, in 1840, and he is this year enjoying his Golden Wedding, of fifty years of married life. Mrs. Smith has been on the Island since June 6th, visiting her sister, Mrs. Isaac Toombs of North Rustico. Mrs. Smith has been to the Island every summer for the last twelve years with the exception of last year. Mr. and Mrs. Smith previous to going to Boston raised their family of fourteen children, eight boys, and six girls. Four boys and one girl are graduates of Prince of Wales College, and all have attained success in the business world. All the family are located in the United States with the exception of one son, who is a practicing physician in Vancouver, B. C., and who is a graduate of McGill University, Montreal. Both Mr. and Mrs. Smith are loyal to the land of their birth and enjoy a trip to renew old friendship. They have visited the house they were married in fifty years ago, which was the late Rev. Crawford's, of New Glasgow.

"BEAVER" FLOUR

Makes the True Home-Made Bread

Your Mother Used to Make

Canadian women are the most attractive in the world because they are the most womanly. They are home bodies. Their interests are centred in their homes. They are proud of their skill in bread-making. They know that with "Beaver" Flour, they can make bread that equals anything turned out by the most skillful chefs in the world.

One of the first things noticed by travellers in Canada is the fact that "all you women know how to make good bread."

If they knew all the facts, they would add "all your best bread makers use "BEAVER" FLOUR."

The reason is quite simple. "Beaver" Flour is a blended flour. It is really two flours in one. It contains the quality, nutriment and flavor of Ontario Fall wheat and the strength of Manitoba Spring wheat. "Beaver" Flour is a perfectly balanced flour. It makes baking easy because it is always the same in strength, quality and flavor. You can make more bread to the barrel than with any other flour—big, brown, nutty, delicious loaves that will delight both the eye and the palate. Perhaps you have never tried "Beaver" Flour. Your grocer has it. Try it. You can't make the best pastry without it.
