**"Dollar Shares" in the Lowest Capitalized Company, with a Guaranteed Cash Dividend of 20 p. c. Selling for a Short Time at**

**95** c each

We made the SECURITY COMPANY as attractive as a good proposition could possibly be made. It is a "Ground Floor" offering of the most distinctive kind.

Never were you offered an investment proposition of this kind at such low capitalization—and this offering is open for only a few short days. ACT.

A business man who subscribed for stock yesterday said: "The Directors are very foolish making the capitalization so low besides offering so many attractions. The stock would sell just as readily at a higher capitalization."

That is not the point. The Directors originally organized the SECURITY COMPANY with the idea of retaining all the stock for themselves and a few of their friends, but after the arrangements were completed it was realized that by adding a few foxes to the Company it would make it a better investment for all concerned.

This is really a "Pet Proposition" that is offered for a few days at the present price per share. It is confidently anticipated that in a short time these shares will sell at \$1.50 and upwards.

Your chance---your only chance to secure some of this stock is by acting quickly---immediately. The amount for public subscription is so small, and the proposition is so exceptionally attractive in all its details that it is only a matter of days before it will be off the market entirely.

Write at once for Prospectus and information---and if you wish to make doubly sure send your order for the number of shares that you want at 95c each.

**Subscribe at Once for Any Amount from \$9.50 Upwards---Every Share in The Security Company Carries A Cash Dividend Guarantee of 20 per cent**

This is not "perhaps"---it is POSITIVE. We don't say that we hope to pay 20 p. c. cash dividend, or that if everything should turn out satisfactorily we expect to pay it---but we say that WE WILL PAY 20 p. c. CASH DIVIDEND without doubt, and we back up our guarantee by depositing \$10,000.00 in the bank to pay the dividend. There are no "ifs" nor "buts", no excuses, no perhaps, no suppositions. It is all in clear, cold, convincing facts.

**The Lowest Capitalized Stock Ever Offered For Sale in These Columns**

The Security Silver Black Foxes Ltd., was organized to pay dividends on a pelt basis and promises excellent returns even with "war time" prices for pelts. When conditions are again normal and all the fur markets competing the average reader will readily realize that the prices should be considerably higher for pelts, and when stock is sold for breeding purposes, the earnings of the Company should be doubled and trebled.

**Don't Hesitate One Fill in and Mail this Minute---Mind and ACT Form for Prospectus**

Now that you are convinced that the Security Company with its guaranteed cash dividend and other popular features is the most attractive yet placed on the market, do not hesitate; send immediately for prospectus; or if you wish to make doubly sure, make prompt application for shares at 95c each.

I am interested in Security Silver Black Foxes Ltd., and would like to receive prospectus and full information.
