AWAKENING OF SCIENCE

TO THE VALUE OF FRUIT What is "FRUIT-A-TIVES"?

Medical men are just beginning to realize the possibilities of fruit in curing disease. Its action on the liver, kidneys and skin is wonderful. Yet fruit in its raw state is impracticable in treating disease because of the minute quantities of the active or curative principle contained in fruit juice.

A physician in Ottawa, after years of patient work, discovered a process, whereby the medicinal or bitter principle of fruit juice is increased in quantity and thus a more active and more valuable substance is obtained.

"Fruit-a-tives" is the only medicine in the world made of fruit. Hundreds of prominent people in every section of the Dominion owe their good health to "Fruit-a-tives." Hundreds more are becoming stronger and better by using them. "Fruit-a-tives" is daily proving its inestimable value as a natural cure in all cases of Constipation, Biliousness, Torpid Liver, Backache and Headache, Neuralgia, Rheumatism, Kidney and Skin Troubles.

Price, a box, 6 for \$2.50, or trial box, 25c. Sold by all dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

Santo Ferranto seized a macaroni fork and plunged it to the hilt in the back of Mersiglio Vallendino. Ferranto fled, but was captured and confessed to the police. Vallendino is at the hospital in a critical condition.

Minard's Liniment Co., Limited. GENTLEMEN.—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days, and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

KIETH AND PROCTOR'S FIFTH AVENUE THEATRE, NEW YORK. WEEK OF AUGUST 15, 1910.

For the week of August 15th at the Fifth Avenue Theatre, the management has selected a "New Blood" bill. Faces new to vaudeville, acts new to Broadway, artists new to the stage will hold forth. As a rule, perhaps one act of quality rendered by strangers is as far as the average vaudeville manager will experiment within a given week. One can realize how daring a step the Fifth Avenue is taking when it is seen that seven of the nine turns booked have never appeared on the stage of the Keith and Proctor parlor home of vaudeville. It is positively the most daring innovation of the decade in vaudeville.

At the head of the program is O'Diva, the sensational plunging Sam o'nanymph whose feats of graceful, courageous diving are the reigning topic of conversation. The little woman is a veritable marvel and her performance will long stand alone as an exhibition of skill and aquatic prowess. There is nothing for her to fear under water; she has captivated old Father Neptune himself by her contempt of danger. Second in importance will be the New York vaudeville debut of the quietly untentious comedian, Frank Lalor, erst while star of "Coming Thro the Rye" and "The Candy Shop". Assisted by a coterie of clever cohorts, Mr. Lalor will offer the laughing skit, "Back to Earth" and display some of the fun-creating talents which make him a most sought after comedian by all the big producing managers. Third will come Joyous Edna Aug, the celebrated character comedienne in her triumphant return to vaudeville. Miss Aug promises the best act she has yet offered in the matter of songs, talk and costumes.

The latter it is claimed will wherever magnificent is required while for her new character efforts, Miss Aug's dress will be thoroughly in accord with type portrayed. Direct from "The Arcadians" will come Alfred Keppler and Audrey Maple, presenting a superb picture act. "In a Grecian Garden" said to be a daintily and original attempt of an artistic nature. Both London and New York have loudly applauded this duo of smart entertainers and vaudeville stands ready to confirm the impression. After a long absence, the quaint comedienne, Patrice, returns in Her-

bert Hall Winslow's satire on national politics, "The Lobbyist". Patrice will introduce some comedy moments of cyclonic vehemence and will show politicians of both parties some new stunts in how to secure desired legislation. Four more big new acts will be Patsy Doyle, the monologist, a genuine Hobo with a great line of talk and a song or two; Lilly Dean Hart and Wilfred Berrick in another Herbert Hall Winslow sketch, "A Thunder Storm," a great big laughing surprise in which many extricate mechanical effects are employed; Brown and Ayer, original pianologists introducing their own song successes, and Harry Hirsch, rapid fire caricaturist, the fellow who talks much while he works speedily. An entirely new idea in motion picture film making will be exhibited during the week of August 15th.

Advertising is the Key note of Success

Many a huge business structure has toppled down for the want of judicious advertising. It just reaches out and gives the public that hearty hand-shake that begets warm hearted confidence. But if you are not an adept at advertising you are using the very means to break down your business that should build it.

Good advertising is not expensive. The publicity that will build a business brick by brick, is profitable advertising.

Proper publicity is a study of human nature, an analysis of your business methods and presenting the strong points of your business attractively and forcibly.

Advertising is the concentration of forces that unite and compel attention.

Let us talk advertising. Phone 123 or call in more convenient.
