

Climbing

First, Ziegfeld picked her for his "Follies." Next, she was chosen for "Rio Rita" and now Warner Brothers will present her in the movies. Dainty Agnes Franev is climbing, helped by clever dancing and seldom equalled beauty.

Miss Franev says: "I don't believe in overlooking anything which helps add to your attractiveness. I am most particular about my hair and so many friends compliment me on its softness and lustre that I am sure my method of caring for it is right. Nearly all the girls I know here in New York are using it, now. It is so easy. All we do is put a little Dandrine on our brushes each time we dress our hair. It makes my hair easy to dress and holds it in place wonderfully. It has gotten rid of my dandruff. It keeps my hair and scalp so comfortable, that I don't shampoo half as often as I did before. And best of all, it gives my hair a softer, more silky and lustrous appearance than anything I've ever found."

Dandrine quickly removes that oily film from your hair; brings out its natural color, makes it fairly sparkle! Dandruff usually disappears when you use Dandrine. Waves, "set" with it, stay in longer. It's delicately fragranced; isn't oily; doesn't show. It's economical. The 35c bottles will last several weeks. All drug stores recommend and guarantee it.

Southern Notes

Who would be without an axe-handle when you can buy one for the price of 2 1-2 bus. of potatoes, viz. 5c? This works at more than 50c per sq. foot, or \$50.00 per 100 ft. or \$500.00 per 1000. The very best hard wood flooring can be bought at one-fifth of this price.

Some of our progressive wood-workers might seriously consider this. Why not make these simple implements at home? There ought to be a profit in axe handles at 15 cents a piece.

There are many articles of this kind that need not be imported and can be made right here, and of better quality for the money.

Mr. James Dixon, of Little Sand, arrived from New York City

Tuesday night. He has resided in New York several years, though but quite a young man. While he remains on the Island he will make his home with his parents, Mr. and Mrs. Milburn Dixon, the former of whom has been undergoing treatment in the P. E. Island Hospital for almost a month. His mother is also at present in the city.

We regret to learn that Miss Myrtle MacCannell, of Dover, has been obliged to undergo an operation for appendicitis.

At Upper Belle Creek there passed away recently Mr. John Beaton and on the next day his wife died and they were both buried on the same day. Both were well advanced in years. The sympathy of the com-

munity is extended to the various members of the family on account of this double bereavement.

After a short illness Mr. David Bell of Iris, died quite lately. His death came as a great shock to his countrywide where he has done business in a fair, honorable, and upright manner for more than twenty years as a merchant. He was a man esteemed and respected by all who knew him.

Mr. Gus Keenan, of Murray River, has been confined to his home through illness for about a week.

The flu, although somewhat prevalent, does not appear to be a serious menace.

Mr. Edwin MacKenzie, of Little Sands, has been visiting friends in Port Wood for a few days.

Our chief winter sport, up to the present time, in this neck of the woods, is getting out enough fuel for the kitchen stove.

Many of our young men are keenly grieved that on account of pressing work they have no opportunity for cutting ice-dads and didos on skates to the admiring glances of the coy young maidens.

Mrs. John Gillis, of Little Sands, has remodelled and greatly improved the appearance of his barn and other buildings during the present summer.

Mr. Rod. MacBeth of Iris is erect-

ing a fine new barn, and now has a complete set of new buildings. All his buildings were constructed by his own hands and he hauled out from his own woods to the mill all the lumber so the total is all his own work, but the sawing of the logs and perhaps a few doors and windows.

With the revival of lace for dresses throughout the world, many lace workers in England are returning to work.

According to the Governor General's last report tourist traffic is characterized as "Hawaii's fastest growing and most interesting means of livelihood."

There are only 500 grammes of radium in the world, according to a late report.

NEW CAFE IN SUMMERSIDE

For quick service and excellent cooking the Royal Cafe has ever been held as an example, but recently, under the direction of the proprietor, Charlie Hum, the restaurant is making a special effort for business men's dinners and lunches and securing an excellent patronage. A strong effort is being made to rid the restaurant of the loiter nuisance and Proprietor Hum has gone on record as determined to prosecute any non-paying visitor who may be loitering under the delusion that the Royal Cafe is a public lounging room. In his efforts, no doubt, he will be supported by the public generally.
