The ever popular Price Webber Co. on their annual tour of the Island played in Market Hall Saturday night to a crowded house. It was an unfavorable night for getting a large attendance but Price Webber can always draw people no matter what are the odds. The play was the Queen Walt, which is meeting with success everywhere that it is put on. It is one of Mrs. Webber's own writing and reflects much credit for her skill as a dramatist.

CURED HIS DIABETES.

That's What Dodd's Kidney Pills did for Thos Harrison, of St. Mary's Ferry, N.B.

ST. MARY'S FERRY, York Co., N. B., Nov. 14.—(Special.) That Dodd's Kidney Pills will cure Diabetes has been proved by Mr Thos. Harrison, of this place. Mr. Harrison speaks of his cure as follows:

"I suffered with severe pains above the region of the kidneys. When I lay down it was torture to get up again. I grew weak and my appetite failed. I doctored with several physicians, but it was no use. I grew worse all the time, till I began to despair of my life. Shortly after this I began to urinate blood, and I knew I was in the grip of that terrible disease, Diabetes.

"At this time a friend persuaded me to try Dodd's Kidney Pills. After the use of one box I was much better. Three boxes cured me completely."

AN ENGLISH AUTHOR WROTE:

"No shade, no shine, no fruit, no flowers, no leaves,—November!" Many Americans would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, being one of the wasting diseases. Hood's Sarsaparilla has shown that what is capable of eradicating scrofula, completely cures catarrh, and taken in time prevents consumption. We cannot see how any sufferer can put off taking this medicine, in view of the widely published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh.

Saved His Money.

Lord Chief Justice Knyton was conspicuous for economy in every article of his dress. Once, in the case of an action brought for the non-fulfilment of a contract, on a large scale, for shoes, the question was, whether or not they were well and soundly made, and with the best materials.

A number of witnesses were called, one of whom, being closely questioned, returned contradictory answers. Thereupon His Lordship, pointing to his own shoes, said: "Were the shoes anything like these?" "No, My Lord," replied the witness; "they were a great deal better, and more genteel." The court was convulsed with laughter, in which the Chief Justice heartily joined.
