

Makes remarkable recovery from bad sprain

WORKS LIKE WONDER TO RELIEVE PAIN

Shoulder sprained, returns to work next day

A remarkable case of quick relief from pain and a phenomenally rapid recovery from a bad sprain is told by a stockyard worker in Davenport, Iowa.

"I was loading a quarter of beef, and coming out of the cooler I slipped and sprained my shoulder. I used Sloan's Liniment and the next day I was able to go back to work. It does work like wonder to relieve pain."

This is one letter—typical of thousands received by the makers of Sloan's, that tell how sprains, bruises, lame muscles, have been helped by this wonderful liniment.

What is the secret of its marvelous effectiveness? It is the healing tide of fresh, new blood that Sloan's sends right to the place that hurts.

No need to rub. The medicine itself does the work. Quickly and surely it takes down the swelling and inflammation—drives out the pain. Get a bottle today. All druggists—35 cents.

SAYS WORKERS HAVE NOW BETTER TIME

LONDON, Nov. 4.—"I am 68 to-day, but I feel just about 20," said Mr. Will Thorne, M. P., for Plais-ton, when congratulated on his birthday.

"What is your philosophy of life, viewing it from the standpoint of sixty-eight years?" Mr. Thorne was asked.

"It is that the world is better and brighter than it was when I was a boy, in spite of all the things the pessimists say," he replied. "The working people, in whom, of course I am particularly interested, have a much better time. I began to work when I was seven in a rope-spinning works at half a crown a week, and at night sewed hooks and eyes on cords for 1 1/2d. a gross.

Boy Is Killed By Wagon At Hubbard's

HUBBARD'S, November, 4.—The George McLean age five and a half years, son of Harry McLean of this place in attempting to jump on a wagon loaded with gravel today, and driven by Neil Dauphinee, fell under one of the hind wheels and was killed almost instantly.

A lot of youngsters, as is their habit, were on the team, when this little fellow who was playing on the side of the road with another boy, ran to the wagon and tried to get his feet over the slowly moving wheel, unknown to the driver and to whom no blame is attached, with the above awful result. Much sympathy is expressed by citizens of the community for the bereaved family.

FAREWELL GATHERING.

A very pleasant evening was spent at the home of Mrs. Christie MacLennan Hartsville on the evening of September 25th when the friends and neighbors met to bid farewell to her daughter Clara who was leaving for Boston Mass the following morning.

The evening was spent very pleasantly games being indulged in by all. The gathering was then called to order and Mr. Everett McLeod was appointed chairman after a few remarks of regret. He called upon Miss Florence Jewell who read an address and Miss Janet Nicholson on behalf of those assembled presented Miss MacLennan with a well filled purse. To which Miss MacLennan made a very suitable reply and thanked all for their kind thoughts and remembrance after which all joined in singing, for she is a jolly good fellow. The chairman then called on John D. McDonald and John A. MacLennan and Mrs. Allan Cummings and Miss Florence Jewell who all responded with regret at her departure from the community and that her absence would not be for long, and she would still retain in their hearts the memory of her presence in Hartsville. The ladies served a very delectable lunch.

The following is the address Miss Clara MacLennan Hartsville Dear Clara:—

Now that it is nearing the day of your departure, we feel it our duty as your nearest friends and neighbors, to say a few words in regard to your future welfare; we realize we are losing one of our communities best young girls, but are comforted by the thought of the old phrase that what is our loss is another's gain, and that your sunny disposition will endear you to strangers as it has to us. But trust that among your new friends you will still retain a warm feeling for the old friends, you shall be greatly missed in the work of the church especially the choir where you took an active part also in the Sabbath school where you were one of our most valued teachers, we shall miss you in our social gathering and especially in your home, where we all spent so many happy evenings and hope that your absence from here will not be for long. Please accept this small gift not for its value but as a token of esteem in which you are held by your many friends.

We all join in wishing you health and happiness. Signed in behalf of your many friends.

LETTER OF SYMPATHY.

Dear Mrs. Rodgers.—On behalf of the W. M. S. of the Presbyterian Church, we wish to extend to you and family our sincerest sympathy in this your hour of bereavement.

We shall all miss the warm sympathy and loving kindness of the Doctor, in our hours of sickness and trial, but we realize that in the home the loving husband and father will be most missed even in moments when he was weary and ill, scarcely able to bear his own burden of illness, he administered in his own gentle and capable way to those in sickness. In community life, in church life, we shall all miss him, but once again we remember his irreparable loss in the home. We commend you, dear Mrs. Rodgers, to the care of the Great Physician who is ever ready

to bind up the broken hearts of His children. Signed in love and sympathy, Mrs. Frank Bagnall, Mrs. Allan Cummings. Hunter River, Nov. 2, 1925.

Potato Shortage In U. S. Boosts Cost

CHICAGO, Nov. 4.—An unusual shortage of potatoes throughout the country has resulted in extraordinarily high Chicago prices for the product in the opinion of local commission men. They predict the price will go even higher. Wisconsin potatoes were quoted at market prices, wholesale, today, from \$4.25 to \$4.50 a hundred pounds while Idaho russet, "spuds" were one dollar higher, from \$5.25 to \$5.50. This means a wholesale price of about 60 cents a peck and a retail price of \$1 to \$1.10 a peck.

Airman Plans Hike On Wooden "Pegs"

VANCOUVER, Nov. 4.—With both legs amputated below the knees, Jules Pernot, French war-time aviator, making a walking tour of the world on his wooden "pegs" with the aid of a cane, arrived here Monday evening from Yokohama on the liner Empress of Asia.

From Vancouver, Pernot plans to walk across Canada to Montreal and thence to New York, where he will embark for France. It took him 20 months to walk across Europe to Asia. The former ace, who is making his tour to win a wager, is allowed 20 years for the hike, which he expects to make in three years.

INSIDIOUS EYE STRAIN

We use this adjective advisedly. Sufferers from Eye-strain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eye-strain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.
