—SANDY AT SUMMERSIDE.—Sandy MacGregor, the noted Scottish entertainer, made a special trip to Summerside on Saturday night, returning to Charlottetown on Monday afternoon. On arrival Saturday night he went directly to the "Y" where he met over 50 boys on the gym floor. After a short talk, Sandy got the boys into a series of wheelbarrow races, the finals of which resulted as follows: 1st Robert Wood and Rendall Bowness, 2nd Chub and Ross Patterson Three legged races followed in which Wood and Bowness again came in as winners, with Johnston and Morrison second. Next came a tug-o'-war between two teams of the bigger fellows followed by a pie eating contest and a peanut race. Sandy with his usual generosity was determined that the boys should have of the best, and in order to make the evening a top notcher in their memories he brought his programme to a close by taking the whole party to Bunn's treating them to ice cream. During the treat a number of the old favorites were sung, then, after cheers and the singing of "For He's a Jolly Good Fellow" a very happy evening was brought to a close by the singing of the National Anthem. On Sunday Sandy sang in three of the churches and on Wednesday night of this week he is coming back to assist the Camp Fire Girls in putting on an entertainment, in aid of their room in the Prince County Hospital.

—COMING EVENT.—Summerside is to be favored with something very much out of the ordinary, on Friday night, June 17th when the pupils of Mrs. R. B. Few towns are as fortunate as Summerside in possessing such an efficient teacher, of the violin as Mrs. Richardson and there is no doubt that her pupils will render their selections from the Old Masters in a manner which will do credit to themselves and give much pleasure to those who attend. The entertainment is being given in aid of the Y. M. C. A. the proceeds being for the purchase of much needed equipment, for the carrying on of the activities among both the boys and girls, and the Summerside public will no doubt be doubly interested in such an exceptionally high class entertainment in the aid of such a worthy cause.

**ABLE TO DO HER WORK**

**After Long Suffering Mrs. Peasey Restored to Health by Lydia E. Pinkham's Vegetable Compound**

Toronto, Ont.—"I suffered with irregular menstruation, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman use them as you please."—Mrs. J. F. PEASEY, 887 King St., Toronto, Ontario.

If you are one of these women do not suffer for four or five years as Mrs. Peasey did, but profit by her experience and be restored to health.

**PAID FOR COAL WITH ICE.**—The shortage of coal has been so serious in Gull, Eng., during the strike of miners that the people were unable to obtain hot water. To meet this situation, the National Kitchen, which happened to have a supply of coal sold hot water to the working people at one cent a bucket. The shortage of coal also produced a shortage of ice as it handicapped the artificial ice plants. To obvate this, travellers were sent to Holland to bring coal which they exchanged here for ice.
