

# Want to Feel Just Right?

## Take an NR Tonight

TRY IT AND SEE how much better you feel in the morning. That "loosey," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

**TROUBLE IS**, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

WEDDING BELLS—The residence of Mrs. Daniel Shaw, New Perth, was the scene of a pretty family wedding at noon on Wednesday, Sept. 28th, when her daughter, Mary, became the wife of Mr. Henry MacLean of Brudenell. The ceremony was performed by Rev. C. E. Armstrong of Montague in the presence of immediate relatives only. The house was beautifully decorated for the happy event. The drawing room with autumn leaves and ferns and the dining room with pink asters. The bride, who was unattended wore a navy blue tailored suit with hat to match and racoon furs. She carried a shower bouquet of white asters. There were numerous wedding presents, valuable remembrances in silver, cut glass, cheques, etc. After the wedding luncheon which followed the ceremony Mr. and Mrs. MacLean left by auto on a short honeymoon trip. They departed amid showers of confetti and congratulations. Previous to her marriage the bride was tendered a kitchen shower by the ladies of the New Perth Woman's Institute and a miscellaneous shower by her Sunday School classmates.

Death always brings sadness in the vicinity of its occurrence, but the sad fatality of Sunday, 2nd inst., when the two boys, Thomas A. Garland, youngest son of John T. Garland and Augustus Laverty, second youngest son of John Laverty, were drowned in the lake, a short distance from their homes, under tragically sad circumstances, the poor boys being only a few minutes from their homes, lured to the lake by an old death trap, a leaky pun taken there a short time previously, the sad event known to be on this lake, the accident that ever occurred on it, the result.

Thomas Garland, a very clever pupil, active and innocent, his readiness to obey and cheery smile made him the idol of his schoolmates, and all who knew him.

Augustus Laverty, a quiet, diligent, good boy like his chum in death, a general favorite.

The scene on the lake when the bodies were recovered and laid side by side in death was heart-rending, the grief of the stricken families being silenced only by the recital of the Resary for the dead, the large number who had now assembled kneeling on the lake shore that beautiful October evening was an impressive sight which will never be effaced from the memory of the writer. Many kind sympathizers called at the stricken homes, the intercourse between the homes formed another sad dramatic scene in the fateful tragedy. The general, under the direction of Undertaker A. A. Hennessy, were held jointly on Tuesday morning to St. Patrick's Church, Thomas Garland's pall bearers being his school mates viz: Joseph Currie, Joseph Powers, Cornelius Cummings, Aneas McDonald, Reggie Smith and Vincent Trainor. Augustus Laverty's pall bearers were Francis Keegan, James Sherry, Joseph McEachern, Willie Trainor, Fred Trainor and Walter Simpson. The cortege was perhaps the largest for years. High Mass was offered by the Pastor, Rev. A. J. McDonald at the conclusion of which the remains of the two young innocent boys was, amidst the tears and prayers of the large congregation, laid to rest in the adjoining cemetery. May their souls rest in peace.

WEDDING BELLS—A pretty wedding took place on Sept. 28th, when Miss Georgina Power of St. Charles was united in marriage to Mr. John Joseph Burke of Rollo Bay, the nuptial knot being tied by Rev. K. C. MacPherson. The bride, who was becomingly attired in a navy blue tailored suit with navy blue tulle hat, was attended by Miss Hannah Shea, of St. Charles, who also wore a navy blue tailored suit with hat to match while the groom was supported by Mr. Adolphus Burke of Rollo Bay. After the ceremony the wedding party drove to the home of the bride's father, where dinner was served to a large number of guests. The afternoon was spent very pleasantly in music and songs. About five o'clock, the happy couple drove down to their home in Rollo Bay where a large number of friends awaited them. The bride's dress for the evening was light blue messaline daintily trimmed with lace. The popularity of the young couple was testified by the large number of beautiful gifts received. A dainty supper was served after which dancing was indulged in until a late hour when the guests departed wishing Mr and Mrs. Burke many happy years of wedded life.

## Seeking The Secret Of Mellow Violins

NORWALK, O., Oct. 10.—Musicians for years have wondered why many old Italian violins, apparently made in a slipshod manner, should produce such clear sounds. N. C. Holcomb, musical instrument maker, believes he is making rapid advances in his efforts to discover the secret of the fine, mellow tones of the Cremona violins. Holcomb believes that the lost secret had to do mainly with the filler and varnish. He was informed that a careful chemical analysis had been made of some of the finish on a famous old violin owned in Battle Creek, Mich.

This examination disclosed the fact that before the varnish was applied, the wood was filled evidently with the yolk of an egg and beeswax. Profiting by this information, Holcomb rubbed these substances into the raw wood of a new violin before applying the varnish. The results achieved were surprising, the instrument producing a tone that is usually associated with age. Holcomb, by using the tops of old tables and other furniture, obtains maple wood 100 years or more old. Holcomb says that he has found out that if varnish is applied to a violin before the proper filler has been used, the varnish penetrates the cells of the wood and injures the tone.

## IN MEMORIAM

### ROLAND H. LEARD

Seldom is the path of the Grim Reaper strewn with more sorrow or more sympathy with the bereaved than in the lamented death of Mr. Rowland H. Leard who passed away at his home in Tryon on Tuesday 11th inst. In the prime and vigor of manhood with a bright and promising future, the respect and esteem of many who knew him, the love and the hope of his young wife, only four months married, he was stricken some three weeks ago with the malady to which he succumbed. On Sunday the 2nd inst. he was operated on for mastoid and for some days prospects for his recovery seemed bright but a turn for the worst came and despite all that the best medical skill and the loving care of wife, sister and nurses death ensued. He retained full consciousness till the last and only a few hours before the end came he conversed with his pastor, Rev. P. A. Fitzpatrick who was almost continuously with him during his illness.

The deceased was the youngest son of the late Mr. and Mrs. John N. Leard and had inherited the fine old homestead with its promise of prosperity and happiness. About four months ago he married Miss Emma Howard, daughter of Mr. and Mrs. Newton Howard, Tryon, and life and the future looked more than ordinarily promising. But "man proposes and God disposes," death came, but with it the hope still of reunion and immortality where partings shall be no more. The late Mr. Leard was 48 years of age and besides his young widow he is survived by one sister, Miss Lizzie and five brothers, namely: Elijah of Enfield, N. S.; William E. of Beattie Sask.; Dr. N. W. of Jamaica Plains, Mass., and Mrs. Newton Howard, Tryon, and to all of whom The Guardian tenders sincere sympathy.

The funeral which took place on Thursday 13th inst. was one of the largest the community had.

## Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any
