HERE FROM BRITISH GUIANA

Mr. and Mrs. W. T. Sadler, of Georgetown, British Guiana, are at present spending a vacation with their son Mr. Louis Sadler, and Mrs. Sadler, Brighton. This is their first visit to this Province, and they are enjoying the fine weather experienced so far. Mr. and Mrs. Sadler intend remaining till the Fall.

Watch This If You Live Alone

Women, more than men it seems are inclined to eat irregularly. When they live alone this tendency is further exaggerated, with resultant detriment of health, with resultant, then, is to see that you have regular meals. Simply prepared home cooked meals are much better than the habit of eating out of paper bags and delicatessens, a tendency into

which the person who lives alone is very likely to fall.

Dr. Hazel K. Stiebeling, food economist, emphasizes that if a woman eats alone she must also exercise greater care and thought in meal-planning. Because of the expense and difficulty encountered when buying in small quantities, meals tend to become monotonous and food is likely to be wasted. The best way to avoid this, she suggests, is to plan the entire week's menu before going out to shop.

IN MEMORIAM

DUNCAN A. STEWART

ANTIGONISH, May 20.—Duncan A. Stewart, well-known and highly esteemed citizen of North Lochaber passed away at his home this afternoon following a paralytic stroke last Saturday, at the age of 84 years. Mr. Stewart was a fine type of citizen and for many years was an elder of Chalmers Presbyterian Church. He was the son of the late Mr. and Mrs. Alexander Stewart of North Lochaber, and married Clementina, daughter of the late Mr. and Mrs. Alex. Hubert of the same place. Besides his widow he is survived by five daughters, Miss Clara Stewart, R. N., of Boston, Mrs. Ralph Trueworthy, of Norris, Montserrat; Miss Mary at home; Mrs. Ross Macintosh Stellarton; and Miss Sadie D. R. N., of Boston. One son, Mr. Fred McKeoughan, of P. E. I., and Mrs. J. Inglis of North Lochaber. Mr. Stewart spent his long and useful life in his native county. The funeral will be held Saturday at 2 p. m.

WATERVALE WOMEN'S INSTITUTE

The May meeting of the Watervale Women's Institute was held at the home of Mrs. Charles Quinn with nine members and four visitors present. The meeting was opened by singing the "Institute Ode" after which roll call was answered by each member paying five cents. Minutes of previous meeting were read and adopted. The different committees reported and the following new ones were appointed: School, Mrs. Edward Boylan, Mrs. Margaret Hayes; Correspondence, Miss Helen O'Donnell; Programme, Miss Annie Byrne and Miss Helen O'Donnell; Sick, Mrs. John T. Grimes, Mrs. Margaret Hayes. Correspondence from the Red Cross Society was read and a committee was appointed to collect for the same. Questionnaires were distributed to the different members to be filled out. It was decided to buy new screens for the school windows. Mrs. Charles Quinn and Mrs. Augustus Wisner were appointed as delegates to attend the convention. One very interesting feature of the evening was a "Grab Box" which realized a neat sum. The members of this Institute regret to learn of the departure of one of its members, Miss Patricia Wisner to Calgary. Mrs. Edward Boylan invited the members to her home for the next meeting. Roll call to be answered by recipes. Meeting was then brought to a close by singing the "National Anthem." The hostess then served a dainty lunch after which a very social hour was spent.

Miss Edna Jenkins, Mt. Albion and Miss Hannah Carver, Charlottetown, left Tuesday morning for Wolfville to attend the graduation of Mr. Harold Lawton who is studying Medicine at the University.

A Scotsman and an Englishman were arguing about their respective countries.

"Well, after all," said the Englishman, "there is very little difference between an Englishman and a Scotsman."

"Perhaps you are right, but thank God for the difference," replied the Scotsman.

FACTORY MIXED FERTILIZERS

Experience has shown that larger and more uniform yields can be produced by using Factory Mixed Fertilizers, which increased yields pay many times over for the additional cost of the Mixed Fertilizers are compared with the cost of straight Chemicals which are mixed at home.

The percentage of farmers who have gone back to mixing their own Chemicals after having used Mixed Fertilizers is practically negligible, which is surely sufficient proof that there must be something to the argument that Factory Mixed Fertilizers are BETTER and worth the additional cost.

When we advocate the use of Mixed Fertilizers we feel we are working in the interests of the farmers, otherwise we could not recommend them, as the success of the farmers on Prince Edward Island means our success.

After making allowance for plant overhead, interest on our investment, and additional labor involved, our net profit on Mixed Fertilizers is practically the same as our net profit on straight Chemicals. You will see, therefore, that it is not with the idea of material gain that we strongly recommend every farmer on Prince Edward Island who is not already using Mixed Fertilizers to try them out this year.

Boy Scouts Movement

Few movements have retained vitality under all sorts of conditions in the same degree as that of the Canadian Boy Scout's Association. In all leading centres energetic and representative men are almost invariably found to assume executive positions in connection with it. The present Governor General Lord Bessborough, is understood to be especially interested in its work and evidence of the permanence of General Baden-Powell's great idea is to be found in the willingness of Mr. E. W. Beatty, President of the C. P. R., to accept the Presidency of the Canadian Association. Mr. Beatty's advent to that office is significant inasmuch as it is a recognition by a most eminent and able Canadian of the importance of this national movement. In times like these when humanity is unsettled by the pressure of unusual economic conditions an organization whose primal aim is to give sound directions to boys at the most impressionable period of their lives, is of profound importance. Those familiar with the unique career of Mr. Beatty as boy and man are well aware that the Boy Scout movement is one that makes an especial appeal to his temperament. No association could have a better ideal than the sound development of character in those who will direct Canada's affairs in the next generation.
