**MITCHELL'S BOOKSTORE**  
Queen Street, Opp. Prowse's.

**DR. TALMAGE RETURNS.**

NEW YORK, Oct. 25.—The ship Oceanic, fresh from the Liverpool dry-docks after her bump on the Irish coast, arrived yesterday. She had a rough trip and brought 1,418 passengers, nearly every one of whom had something interesting to say.

The Rev. DeWitt Talmage, with Mrs. Talmage and the Misses Maude D and Rebekah Talmage, were on board. The preacher said that he went over on business connected with the distribution of the Indian relief fund. The President of the United States is now prayed for in all services of the Church of England, his name being mentioned after Queen Victoria, he said.

Dr. Talmage thought that the Paris Exposition baffled description. "I had a talk with the Emperor of

**PRESERVE THE EGG**

By A. G. Gilbert Known in P. E. I., of the

**EXPERIMENTAL FARM.**

The Action of the Liquid Upon the Egg—Flavor Impaired.

A number of experiments were constituted and carried on by Prof. Shutt, Chemist to the Experimental Farms, with a view of finding out the simplest, cheapest and best egg preservative. The liquids used were:

1. A saturated solution of lime water.
2. A ten per cent. solution of water glass. (sodium silicate.)

The eggs were kept in the different solutions from October, 1898, to March 1899. In some cases eggs were kept in solution for 14 months in the liquids named. The result may be summed up in Mr. Shutt's own words when he says: "We found that the addition of a large quantity of salt to the lime acted injuriously as regards the quality or flavor of the egg. When we examined the whites of the eggs so preserved after a few months, we found they contained a large amount of showing there had been an absorption of salt from the preservative fluid by the egg. As regards the appearance of the eggs, those kept in the lime water are equally good, indeed I think better than those in the lime water to which salt had been added. The eggs were kept for fourteen months in this solution (lime water), and I think it would have been impossible for an expert to have distinguished them from newly-laid eggs. Also, when they were broken the appearance was excellent, that is to say that the yoke retained its roundness the difference was apparent when they were cooked. We poached them in order to test them—add in this way all these eggs were tested—in every case there was a slight flavor developed as compared with fresh eggs. So that though they might have an excellent appearance both inside and outside our experiment showed that we could not keep them without this slight and peculiar flavor developing. They could always be distinguished by the taste from newly-laid eggs."

**SAFF, SURE, AND PAINLESS.**

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

**WORK TO BE COMMENCED.**

YOKOHAMA, Oct. 25.—It is reported from Seoul that construction of the Seoul-Wijo railway is about to begin. French engineers have secured the contract.

Bentley's is not simply the best Liniment. But it is a GOOD DEAL BETTER than any other. It is a strong White Liniment that is powerful, penetrating, yet clean to use. The small bottles contain 2ozs. and sells for 10c. Money back if you do not like it.

**MAKES ENTERPRISE.**

"Mark Twain" has paid off \$200,000 debts in five years, besides putting by a "nest egg" that will give him an easy living for the rest of his life. He is now 64 years of age.

**LeLine's No-Quinine Tablets**  
The remedy that cures cold in one day.

**FOR THE CHILDREN.**

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well take Stuart's digestion and avoid trouble. But it is not generally known that the Tablets are just as good and wholesome for little folks as their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotley, 538 Washington St. Hoboken, New Jersey, writes: Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say "tablets" and she drops everything else and runs for them.

A Buffalo mother a short time ago who despaired of the life of her babe was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y. and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two month-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart's Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE.  
Subscribed and sworn to before me this 12th day of April, 1897.

HENRY KARL,  
Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in each box. Full sized boxes are sold by all druggists for fifty cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

Free samples of pasteurized milk delivered in the city to any address left at the Factory, Water St. Call, send or telephone.

Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops drooping in the throat, and permanently cures Catarrh and Hay Fever. Blowers free. All dealers, or Dr. A. W. Chase, Medicine Co., Toronto and Buffalo.

**MR. MITCHELL WANTS TO RETIRE.**

OTTAWA, Oct.—23—Mr. Robert Mitchell surgeon at Dorchester penitentiary has applied for liberty to retire from the service at the end of the present year. He has been in the service since 1860.

**COLDS THAT HANG ON**

Pneumonia is the result of neglected chest colds, colds that hang on and irritate the bronchial tubes and lungs. To promptly and thoroughly cure chest colds, tightness in the chest and all colds in the throat and bronchial tube: Dr. Chase's Syrup of Linseed and Turpentine has proved itself the most effectual remedy extant. Its sale is simply enormous. 25 cents a bottle. Family size cents 50.

**ROSEBERRY WILL NOT RETIRE.**

LONDON, Oct. 25—Lord Rosebery is not retiring from racing but he disposed of a portion of his stables at New Market this morning. Seventeen horses fetched 7,600 guineas. Mr. Richard Croker's representative bought Flambard for 945 guineas.

**CHRONIC INDIGESTION**

By far the most important part of digestion takes place in the intestines and it is folly to expect stomach medicines to cure a severe case of indigestion or dyspepsia. The kidneys, liver and bowels must first be made regular and active and the only remedy which acts directly on these organs is Dr. Chase's Kidney-Liver Pills. They are purely vegetable, act pleasantly and naturally and positively cure dyspepsia, biliousness and stomach troubles. One pill a dose—25 cents a box. take no substitute.
