SUM'SIDE AND WEST

The Latest News From Prince County.

Mr. Charles Jarvis, who has been visiting in Summerside, his old home, for a short time, left yesterday on return to Port Arthur.

FAULTLESS in fit, in fashion and in finish. The skill of the best tailors applied to fabrics of your choice at Clark & Steeves the tailors.

NOTICE.—Our customers are kindly requested to use as few lights as they can conveniently get along with during Wednesday, Thursday and Friday evenings of this week. This is necessary owing to changes being made in the steam plant. Otherwise the service is liable to interruption during above days, Summerside Electric Light, Ltd. 4 31

As the result of two fatal accidents happening at Railway wharf within two months besides several narrow escapes from death all because of defects in connection with this piece of Government property the citizens of Summerside are loud in their condemnation of the present system of providing for public traffic. There was a time perhaps when this pier and the Railway yard were other than "mantraps" but as they are now with such an increase in traffic the same is quite applicable. The system—if it can be termed such—is entirely wrong and until many improvements are made the wharf will continue to be dreaded by the travelling public. There must be a decided change made and that immediately or the lives of every one who has occasion to pass thereby will be in great danger. It is a regrettable thing to have such conditions existing and too strong a claim can not be presented to the Government for a better state of affairs. "Who'll be next?" Many ask and pause and shudder, to think of what might be before us. Little do we know whose brother, sister, father or mother might by some oversight perhaps on his or her part step in cautiously into one of the dangers which lie on every hand. The conditions should be such that no one could, unless intentionally injure his or her person; and these conditions can be brought about if demands are made in the proper way to the powers that be. There has as yet, been no special blame attached to the railway for either of the fatalities before mentioned but the cause for complaint lies in the fact that there is at present no way of guarding against similar accidents. The traffic is pouring this way and something must be done to alleviate the difficulties in connection with bettering the accommodation and who would dare raise his voice against or in any manner stand in the way of having the great danger removed. It is not only Summerside which is interested in this manner but the whole province as well as many other parts of the Dominion, for this is the chief centre of connection between the Island and the outside world and foreigners are probably in more danger than those who know the wharf. Both a foreigner and Summersider have lost their lives and in neither case was it suicide. Then can they themselves be blamed? There is surely something radically wrong. It is hoped that the Boards of Trade of this Province will work together in this common cause and let us have a landing place which will not endanger lives or drive from our shores, those who would spend the summers in the Garden of the Gulf. Much has been said on the question for many years and little done in the way of improvements. But as the circumstances are getting worse let us move for our rights in this respect.

Itching, Burning Skin, Cracked Hands, Sore Ear.

Two Illustrations of How Dr. Chase's Ointment Cures Itching Skin Diseases and Eruptions.

Mr. James McIsaacs, 25 Elgin St., Ottawa, Ont., writes:—"I suffered with salt rheum for upwards of ten years, the skin on my hands cracking and breaking so as to make them useless. After trying all sorts of remedies in vain, I became discouraged and thought my sufferings would never end. Last spring I used Dr. Chase's Ointment and in a short time was perfectly cured."

Mr. B. Nicholson, Manor House, Winnipeg, Man., states:—"For several months I had been troubled with eczema on my ears, and for weeks I doctored with a prominent Winnipeg physician, but to no avail. I was induced by a fellow sufferer to try Dr. Chase's Ointment, and am happy to say that the first application gave instant relief. I am completely cured, and have had no return of this troublesome disease."

There is no limit to the healing qualities of Dr. Chase's Ointment. It is remarkably quick to relieve and positively cures each and every form of itching skin disease. 60 cts a box, all dealers or Edmansons Bates & Co., Toronto.

Teeth extracted or filled without pain by our modern methods. If you require artificial teeth, you can call in the morning and go home same day with your new teeth. Perfect fit and satisfaction guaranteed. We are the only dentists in P. E. I. who make artificial teeth by the celebrated Wells System. Teeth made by this system are perfect in every way and the price is same as the ordinary plate. If a set of teeth we make is not distinctly what we claim for it—don't pay a cent.

TEETH EXTRACTED FREE and without pain when new teeth are ordered. If you live out of town it is to your advantage to have work done by us as you don't have to lose time. We make artificial teeth, and Crown, or Bridge work same day you come. We treat and fill aching teeth in one sitting, and guarantee no more toothache.

If you have some old roots, or badly decayed teeth don't have them extracted, but let us restore them to their natural usefulness with our painless Crown and Bridge system, which is undetectable and everlasting. The cost is small while the results are great.
