PREMIER HAZEN AND PROHIBITION

Will The Government of New Brunswick Take a Plebescite on The Question? The Query Is Subject of Speculation.

ST. JOHN, May 17—(Special)—Will Premier Hazen at the next session of the Legislature ask for a plebescite on the question of prohibition in N. B. At the Every Day Club last night, Rev. J. W. Kierstead said he had heard a whisper to that effect, and he hoped it was true. The Government should know who its friends were, and many of them it was believed were old Liberals who were strong temperance men. The last Government had made a mistake in not putting a prohibition plank in its platform, but if the new

IRELAND GOOD ENOUGH FOR THE IRISH NOW

The Country Plodding Slowly Toward Prosperity—Expected That Congestion Commission's Report Will Result In Great Things For The Peasants.

LONDON, May 16—This year's emigration from Ireland will touch the reports do not confirm the report that the number of officials express the hope that the matter still alive and are investigating the matter. Several causes contribute to this result. In the first place, Ireland, though torn politically, is plodding slowly but surely on the way to better prosperity. Native industries are springing up in villages, and employment for skilled and un-

WIFE CHEATED BY BOOK AGENT

The Signed Notes For \$30,000 Thinking They Were Orders For Books.

CHICAGO, May 16—The Tribune says residents of Evanston started today when it became known that Mrs. James A. Patten, a leader in club and society life in the suburb, had been swindled out of \$30,000 by a book canvasser who is alleged, got her signature on notes to that amount when she thought she was signing orders for books. The notes were distributed by the agent and are now being presented for payment. Some of the notes, it is said, were taken by Mrs. Patten before her husband started an investigation, which revealed that she has been swindled.

EMPERORS GIFT NOT GOOD ENOUGH

VIENNA, May 16—When Emperor William came here a few days ago to pay his respects to Emperor Francis Joseph on the occasion of his jubilee, he distributed decorations and orders on every hand. Among those thus honored was Dr. Wieskirscher, President of the Lower House of the Reichstath, who received the order of the third class of the Prussian Crown. Contending that the bestowal of this order was not a personal favor but in reality a tribute to one of the country's institutions, Dr. Wieskirscher has returned the order through the foreign office to the German Embassy, protesting that it ought to have been of a higher rank and not a grade commonly accorded to persons of the rank of police commissioner.

AIRSHIP SHOWS WONDERFUL POWER

The Wright Bros. Of Dayton, Ohio, Have Been Very Successful.

MANITOBA, N. C., May 16—The aeroplane invented by the Wright brothers, the Dayton, Ohio, aeronauts, today made two flights with apparently the most successful results. It worked perfectly and sailed gracefully into the air executing various manoeuvres at the will of the inventors and then dropped back to earth without a hitch. The first flight made was in a straightaway course along the route mapped for it for three quarters of a mile. Then followed an effort of more serious pretensions, the aeroplane this time making a complete circle and covering a distance of approximately three miles. Both times the machine was apparently under the most perfect control and in every move appeared to respond to the guiding efforts of the two aeronauts.

FALLING OFF IN FOREIGN BUYING

But Revival of Trade Promises That Imports Will Soon Pick Up

OTTAWA, May 16—Canadian trade figures for April show a continued large falling off in imports, consequent upon the restriction of orders during the early months of the year by wholesalers for imported goods for the summer trade. It is expected, however, that with the present bright outlook for the revival of trade next autumn, the imports will again pick up in the course of a month or so, and that the figures for the last half of the year will show a very considerable improvement over those of the first half. The imports for last month were \$20,201,409 a decrease of 98,133,878, as compared with April of last year. Exports of domestic products, on the other hand, show a slight increase. For the month, the domestic exports totalled \$19,294,828, as compared with \$9,751,849. The grand total of Canadian trade for the month was \$39,976,237, as compared with \$40,725,969 for April, 1907.

LATE PREMIER AND HOME RULE

A Pathetic Story Of Sir Campbell-Bannerman Which Has Just Come to Light—His Deep Interest.

LONDON, May 17—(Special)—In a touching story of the late Campbell-Bannerman's determination on behalf of Home Rule for Ireland. The last time he visited the House of Commons Sir Henry told Mr. Redmond that it was his intention himself to wind up the approaching Home Rule debate. The next day the premier was stricken with the illness that eventually proved fatal. The debate was fixed for Feb. 17, and as Birrell, Chief Secretary for Ireland, also was indisposed, Redmond asked Asquith as acting leader in the House to postpone the debate. Asquith declined, but Sir Henry, hearing of this sent word that unless the debate was postponed he had made up his mind at whatever cost to leave his bed and go to the House of Commons and participate in the discussion. Thereupon Mr. Asquith yielded, and postponed the debate to March 30

ST JOHN N B IS HOUSE CLEANING

ST. JOHN, May 17—(Special)—A man, whose name is withheld by the police was relieved of his valuables Monday night in a house of ill-fame kept by Amelia Francis, Sheffield St. His loss was reported to the police with the result that the house was raided on Saturday night and three women and one man arrested.

CRICKET AT VICTORIA PARK

The cricket season of 1908 was happily opened at Victoria Park on Saturday afternoon by two enthusiastic elevens of the Phoenix C. C. The play revealed some valuable acquisitions to the Phoenix ranks notably Messrs Harnett and Matthews—both evidently old cricketers—who may be relied on for future effective work. The veteran president of the Club, Dr. Jenkins, now in his eightieth year—batted in good form, putting up an admirable defence against the bowling of Mr. McQuillan and Stewart, and bore his repeated smashes with Spartan-like indifference. The only injury to the spectators was caused by a sharp drive to square leg which mercifully struck the heel of a child lying on the grass. Had its head been encountered a fatality per force must have ensued. The spectators are enjoined to keep altogether off the grounds, avoiding at once the danger of accident and the setting of a bad example to the very young and thoughtless, and also the hampering of the players in the field—a very serious drawback to the game. The scores will be published tomorrow.

ANOTHER SAD CANAL ACCIDENT

Man And Little Boy Drowned At Ottawa In Sad Circumstances.

OTTAWA, May 17—(Special)—Chester P. Gamble aged 18, reporter on the Ottawa Citizen and Aubrey Monk aged 11 of Ottawa East, were drowned in Black Rapids on the Rideau River, about ten miles from Ottawa, this morning. Along with Geo. Monk aged 17 they were returning to the City in their canoe, from a short fishing trip up the river. At the locks at Black Rapids their canoe was caught in the bywash and whirled over the 13 feet swim ashore but his little brother falls. George Monk managed to and Chester Gamble was drowned. A strange incident in connection with the tragedy is that Addis Lewis a boy of 14 years, who started out with the other boys on Saturday, had a presentment that danger was ahead and this so worked on his nerves that he got out of the canoe and walked back reaching home safely on Saturday night. The bodies were recovered shortly after the fatality and brought to Ottawa.

MAN SEEMINGLY DIED TWO TIMES

MONTREAL, May 17—(Special)—To die twice in five years was the fate of an unknown Frenchman. He was found in the canal unconscious and apparently drowned and taken to the hospital for dead. There the doctors tried artificial respiration and brought him back to life. He seemed to be all right, and was able to talk but could not give his name. This morning he died a second time—this time for good.

LEAPED FROM BURNING BUILDING

Occupants of a Toronto House Had a Narrow Escape From Death

TORONTO, May 16—Fire broke out in the home of T. H. Bishop, Ontario Street, this morning and eight inmates escaped from the flames by climbing down the balcony and jumping into a blanket. Miss Julia Rumsey, a boarder, leaped from the rear of the burning house from the second story and after striking the blanket went through it. As a result she strained her back and limbs so severely as to necessitate medical attention. A three months old baby was thrown down from the second story window by its mother into a blanket and the woman followed it, both being safe.

WINSTON WINS LADY HE LOVED

The Successful Politician Also Successful In Love—The Lady Evidently Did Not Ring The Bell This Time.

NEW YORK, May 16—A cable despatch to The American from London says:—Following hard on the heels of Winston Churchill's political victory at Dundee comes the report that he has been victorious in love, and that the announcement may soon be expected that the young Cabinet Minister and Lady Dorothy H. ward, daughter of the Earl of Carlisle, are engaged to be married. Now that this news has slipped out it is revealed that wherever Mr. Churchill has been lately Lady Dorothy has not been far away. At the Peckham bye-election, when Mr. Churchill spoke on behalf of the defeated Radical candidate, she was at his side. At Manchester, where Mr. Churchill was defeated, she again was always in his train, and at Dundee she was his fair supporter. Lady Dorothy is the keenest politician in a very enthusiastic political family. She is a handsome girl and a very plucky one, and at Peckham she spoke very well at street corner meetings on behalf of the Liberal licensing bill. Her father, the Earl, is a Unionist, her mother a Radical and a great temperance reformer, and of her brothers, one, Viscount Morpeth, is a Radical and the other is a Unionist.
