The Result of Weak Blood

TIRED BRAIN AND BODY AND LANGUID WORN OUT FEELINGS—CURE IN

Dr Chase's Nerve Food.

In the spring the blood is lacking in the red corpuscles, wherein is found the life-giving principles which put snap and energy into the system—making the body active and the mind alert.

For lack of red corpuscles in the blood, the lungs are weak, the action of the heart feeble, the stomach fails to properly digest the food, the liver, kidneys and bowels become sluggish and inactive.

Dr. Chase's Nerve Food overcomes these conditions because it contains the very elements of nature which go to increase the number of red corpuscles in the blood.

These ingredients are so combined in this great restorative as to act mildly and gently on the system instilling new vigor and vitality into the blood and nerves and through these mediums reaching with a beneficial influence every vital organ of the body.

Mr. Arthur Lafferty, Malpeque Road, Charlottetown, P. E. I., states:—"I was all run down in health and in fact I was so bad that the least excitement would make me start up nervously. My nerves were very unsteady and at times I had racking-sick headaches and spells of indigestion."

"Since I have been using Dr. Chase's Nerve Food these symptoms have entirely left me and today I feel like a different person. My whole nervous system has been regulated, my appetite is greatly improved, and I am enjoying real good health."

It is interesting to note your increase in weight from week to week while using Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.
