The Temperance Alliance

The Tight Little Island

Meets on March 11th to discuss the havoc wrought by "fire-water". There is no need for discussion re the havoc wrought by fire and water, and it is incumbent on everyone to have his property protected by a policy in a good, reliable, fire insurance company such as The Imperial Underwriters Corporation.

Write, call or phone the agent.

G. J. McCORMAC,

Revere Hotel Block, Charlottetown Phone 351 P. O. Box 74 8930-3-9M31

WHO WOULD NOT BECOME A MAGNATE?

CHARLESTON, W. Va., March 3.—Capt. C. C. Lewis, a local millionaire, today paid \$10 for the Charleston franchise in the Ohio State League. Capt. Lewis will operate the Charleston team this season and it will continue in the league.

The selling company was in a bad way and not in position to maintain a club. The Ohio State League had a disastrous season last year and probably will be re-organized at a meeting to be held tomorrow.

Minard's Liniment Co., Limited.

Gentlemen.—Last Winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of LaGrippe, and I have frequently proved it to be very effective in cases of inflammation.

Yours, W. A. HUTCHINSON.

The Difference

"In India a lac of rupees is a fortune." And in America a lack of dollars is a misfortune.

Lady Not Thrown In

Customer (looking at auto)—What! the lamps not included in the advertised price of the machine. But the lamps are shown in the illustration.

Salesman—My dear sir, so is a very beautiful woman, but we're not giving a lady with each car.

Courteous Service

Customers of this bank appreciate the constant courtesy they meet in our office. There is no need for the inexperienced to fear "red tape," and women clients may feel assured of our willing attention to their banking requirements.

Opening a Savings Account is a simple matter. All you have to do is bring your money; we are glad to do the rest, whether your deposit be large or small.

PERSONALS

Mr. David Schurman returned from Bedouque last evening.

Mr. John Jardine of Brooklyn paid a short visit to Murray Harbor, Saturday, returning home Monday.

Mrs. Gordon McKay of Bradabane is visiting the city the guest of Mr. and Mrs. N. Campbell, Water St.

Hon. Charles Dalton, Tignish, came to Charlottetown last evening and registered at the Victoria.

Miss Carrie Jardine of Brooklyn, is visiting friends in Murray Harbor, the guest of Mr. and Mrs. Livingsstone.

Miss Myra Livingstone, who has been visiting friends in Brooklyn for the past two weeks, the guest of Mrs. Jardine, returned home Saturday.

Mr. C. J. Gallagher, manager of the Prince Edward Theatre, received a wire yesterday from Ottawa stating that his wife was ill in the hospital. Mrs. Gallagher went to Ottawa to visit her sister, who has since passed away.

Mr and Mrs J. H. McQuaid leave to-night for Sydney, C. B., where Mr McQuaid will become manager of the Canadian Bank of Commerce. Mr McQuaid has disposed of his beautiful residence, which he erected on Villa Avenue last summer, to Mr Wm. Prowse, of Messrs Prowse Bros., Ltd.

Charlottetown People Praise Simple Mixture

Many in Charlottetown praise the simple mixture of buckthorn bark, glycerine, etc., known as Alder-ka. This remedy is the most THOROUGH bowel cleanser ever sold being pleasant and successful in affording the ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Alder-ka cannot gripe and the INSTANT action is surprising. E. A. FOSTER, Druggist.

CHATTING WITH THE CANADIANS AT SHORNCLIFFE

LONDON, March 4.—Up the broad drive to the main door of the great white country mansion at Shorncliffe, which almost overlooks the Straits of Dover, and which now bears the name of the Queen's Canadian Military Hospital, there came this afternoon a couple of ambulances. Out of these hobbled seven of the Canadian contingent, fresh from the blood-drenched fields of Northern France.

Soon after their arrival they were greeted by others of the Canadian army, who had made the journey back to England between Saturday and Sunday. All of these are being tended by Dr. Stewart, Russell and Wallis, with a staff of about a dozen nurses, also from the Dominion. Truly a striking colony of distress and sorrow established by Canada in one of the fairest corners in England.

Eighteen of Canada's soldiers have been brought from the front to this hospital during the week end and it may be stated at once that all the above mentioned patients, without exception, are going on well, thanks to the good nursing and the tranquil surroundings, and will in every case probably recover their full measured strength before the daisies appear on the big lawn before the hospital.

Your correspondent had the pleasure of chatting with several of these patients. One, comfortable in a room tenanted by two other soldiers, Canadian soldiers, was forced to shake hands with his left. His right hand had received a dose of German ammunition.

"I went out with a party on the eighteenth, composed of Canadians and men from two British regiments," he said. "A thick fog was on and we intended cutting away a lot of German entanglements. We cut them all right and came back a little later. We went out a second time. We were working in the fog when suddenly I was suddenly lifted and immediately a party of German snipers came out. My little party was made up of a corporal and a sergeant and some other men. I was lying down when a sniper caught me in the shoulder. I crawled to some bushes but the corporal and sergeant were both killed. I was lying behind that bush with an English captain and a lieutenant from eleven in the morning till dusk."

He went on to say his regiment went into the trenches first on the sixteenth. "Snipers were in the front and we were delighted to be there. It was a lot better than in the billets which were all shot away."

Other men in the same room agreed that trench life was far better than lying about in billets at the rear.

The next patient visited was ill with gastric trouble, and admits now he ought to have gone sick earlier. His regiment went up on the seventeenth and remained in the trenches for six days, he said. "On the seventeenth we had half a regiment in the front, most trenches for over twenty-four hours. Our fellows got used to the work from the start. They could not have behaved better; but, of course, they had a big stiffening amongst them of English troops."

"There were no casualties amongst our men in our neighborhood, but I won't speak of the whole of the regiment, as one only knows what is going on in the immediate vicinity." He was removed to his present pleasant quarters on Thursday.

Two men of the Princess Pats shared another room. Both were wounded by the same shell on the fifteenth. The Pats said they were out on that occasion for seventy-two hours instead of the customary forty-eight. "A regiment had received a violent attack from the enemy and had been forced to relinquish the trench. The Pats came in at night and held on until relief came. If we had been relieved at the expected time neither of us would have been wounded."

NEW LONDON RACES

On New London ice, March 5th, 1915, a new star shot into the firmament of horsemanship, when the New London Ice Racing Association called out the local free for all class seven responded, but the first heat showed the prize would be capped by Queen Catherine or Keltie.

The Queen won in straight heats, but in the third it was a race from start to finish "her highness" winning by a length in the fast time of 1.09. Harry Mac was third the first heat but owing to an injured knee was drawn. Harry P. got third money and Yankee Boy fourth and both these horses and Nettie went a creditable race in hot company.

Queen Catherine has shown speed in her past races but was not dependable until her owner realized she wanted to be modifiedly arched and decked her out in a "hobble." She now looks like a mighty useful racing tool for next summer, and the X. L. I. R. A. can be proud of having brought out two like her and Keltie, as both showed ability to step the course in 1.10, in the baby class only 2 year olds came out Hasty Lad, owned by John Wigmore, and Ruthier from Robert Anderson's stable. Hasty Lad won in straight heats stepping the second in 1.33, very creditable for so little training. Ruthier is a rapid gaited pacer but a bit nervous.

Judges—J. L. Lockhard, Ed. Urch, Wm. Toombs, Time—S. Bernard, Starting Judge—Robert McLeod.

SUMMARY.

FREE FOR ALL (Local)

Queen Catherine, owned by G. R. Harding, driven by Harding 1 1 1 Keltie, owned by J. McPhee, driven by Fournier 2 2 2 Harry P., owned by E. Howatt, driven by Pickering 4 3 4 Yankee Boy, owned by E. Stewart, driven by Stewart 6 4 3 Nettie, owned by J. A. Marks, driven by Marks 5 6 5 Pathfinder, owned by J. J. McArthur, driven by McArthur 7 5 6 Harry Mac, owned by I. Bernard, driven by Bernard 3 Dr Best time 1.09.

Free for all, March 10. Purse \$25. Entries close with Secretary W. S. Fould, March 9.

MT. STEWART ICE RACES

The second ice-meeting of the Mt. Stewart Drivers' Association was held on the East River, Mt. Stewart, on Saturday, March 6th, at 4 o'clock. There was a large crowd in attendance and the ice was in good condition but owing to the high wind from the north, the competing horses were at a disadvantage. The officials were as follows: Starters, C. M. McDonald and Alfred Affleck. Judges, A. Coffin and P. Coffin.

There were two events—the 2.50 class: "George Cresscus" owned and driven by Arthur Jay, and "Ringwood" owned and driven by Stewart McEachern. The 3-minute class with 3 entries, namely "Billy McGee," "Birdie" and "Old Jerry" driven by G. McKenzie, John Pigott, and Lloyd Jay, respectively. The horses won in both classes in the order as above named.

The match race between George Cresscus and Ringwood, was the attraction of the day, and many wagers were made as to the outcome, but little George settled the doubts for the time being at least, for he won the three straight heats with a good lead each time. The old sire also a worthy posterity is a master of "action" but the weight of years may be lessening his speed somewhat. The race, however, was close enough to be quite interesting to the spectators. It was invariably in the last quarter that George gave a good account of himself. He never thinks of breaking. Time: 1.17, 1.18, 1.15.

The second race was a hotly contested one of five heats of which the following is the summary by heats:

Billy McGee 1 2 1 2 2 Birdie 3 3 2 1 1 Old Harry 2 1 3 3 3

Of the five heats the most exciting was the 3rd, in which Birdie took the lead, holding her own to the middle of the last quarter, though lagged pressed by Billy only one half length behind. Then at the critical moment the gray mare made bad break and Billy won. The 4th heat was a good one though rather disappointing for Harry broke before passing the winning post and thus lost 2nd position.

All were pleased with the way the races were conducted and the fairness of the officials. It is hoped weatherman may favor with favorable conditions for another meet before the month is past.—L.

HORSE RACES AT MONTAGUE

The third series of horse races held on the Montague River were very successful. The races were advertised for Saturday, Feb. 27, but owing to the mild weather and the soft condition of the

ice it was postponed until Tuesday. The ice was perfect, and a very creditable attendance considering the short notice given.

The classes called were: Free-For-All, and Three Minute Class. The first named had five starters, Prince Cresscus, by Cresscus 3.02 1/2, owned and driven by James Riley, Gaspercross, Directum Patch (brother to Dan Patch, 1.55) owned by John McPhee, Bellevue, and driven by owner and the veteran George McIntyre. Ferndale owned by Mrs. Ivves, and driven and driven by Geo. Martin, White Sox owned by Mrs. I. Ivves, and driven by T. G. Ivves, Score Card, owned and driven by Harry McGregor, Montague.

The horses got away after considerable scoring Ferndale in the lead, with White Sox some lengths behind, Ferndale held this lead until within a very short distance of the wire, when she came with a terrific drive and nosed out Ferndale, White Sox, winning the heat, only by inches. Ferndale second, Directum Patch, third, Prince Cresscus, fourth, Score Card, fifth.

Second heat the horses went away with lightning speed, Ferndale went to the front, leading back to rear, but catching again, and finished second to White Sox who only had to jog in this time, with Directum Patch third, Score Card, fourth, Prince Cresscus, fifth.

Third heat was a repetition of the second, White Sox, first, Ferndale second, Directum Patch, third place and money, Prince Cresscus fourth place and money, Score Card, fifth.

The three-minute class had four starters: Bitter Hilderburg, John McPhee, Bellevue; Mazie, Edward Bros., Greenfield; John McPhee, McPheeson, Montague; and the Comet, Preston Campbell, Montague.

The horses in the first heat got away well bunched together, and Mazie held the lead to the wire, with Bitter Hilderburg second, Britzilian third and the Comet and McPhee seemed to get some of the Bitter driven out of Hilderburg, and she made Mazie tramp all the way right to the wire, where she made a break, but the judges placed her first, in spite of the persistent claims of Mazie's driver, who claimed the heat, and when the over, Mazie refused to start, and the third heat was trotted without her, Bitter Hilderburg winning first place and money, Britzilian second, the Comet third.

The officials for the day were: Starter, J. H. McGregor; Judges, John Stewart, Alex. Campbell and J. R. Brehaut, whose capable and efficient manner was pleasing to all.

If the ice keeps good it is hoped to see another race, as there is yet some speedy ones who have not turned to the toll of the starter's bell, but boast of their tireless speed.—B.

CHESS TOURNAMENT

The eleventh round of the Chess Tournament was run off last night without any disturbance or wounded feelings. In fact Love remained throughout the entire proceedings. In the first contingent, "Tantorian" rode all over Dr. Landie, who made for home, after his defeat. Much was too much for President Worthy and General Ross had to retreat under cover from Louison's attack, shortly after eleven o'clock. In the second contingent, Love won his first game from Gardner in good style and in the second attack Gardner won from Love. The twelfth session will begin Wednesday night at 7.30. The finish of the Tournament will be profoundly interesting and any of the players may spring a surprise.

HOCKEY

An interesting game of hockey took place at the Arena rink last night between the "Neverslips" and "High-go-muck-a-marines." The score at half time was 4 to 3 for the "Mucks" and at the end of the game the score was 11 to 7 in favour of the "Mucks." Neverslips: McDonald, Stewart, Diamond, D. Crosby, McMillan, Carver, Ryan, Lawler, Vessey, Power, Welsh, E. Crosby, Power, Stars-Vessey, Ryan, E. Crosby. Mucks: Worth, Lawler and Crosby.

Avoid Harsh Pills Doctors Condemn Them

Most pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more satisfactory as a family pill than the old reliable pills of Dr. Hamilton's which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by the aged, by children, and indeed, by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective so mild, so certain to quickly cure as a 25c. box of Dr. Hamilton's Pills.

THE POOR MOTHER.

Two nursemaids were wheeling their infant charges in the park when one asked the other: "Are you going to the dance tomorrow afternoon?" "I am afraid not." "What!" exclaimed the other. "And you so fond of dancing!" "I'd love to go," explained the conscientious maid, "but to tell you the truth, I am afraid to leave the baby with its mother."—Harper's.

EXCELLENT BILL AT PRINCE EDWARD WHEN COOKING MEAT Fresh meat should usually be put on the fire in boiling-water; salt meat in cold water. When beef is tough, as sometimes happens in buying the less expensive cuts, it can be made more palatable by a brushing with two spoonfuls of olive oil blended with one of vinegar, followed by a wait of 30 minutes before cooking. Do not wash meats, especially game or fowls, more than is absolutely necessary, as the water takes away from the natural flavor. CONCEALED EVIDENCE TO PREVENT INQUIRY NAPANEE, Ont., March 3. The feature of today's trial of Dr. C. K. Robinson, charged with causing the death of Blanche Yorke, was the appearance in the witness box of the prisoner, who made a statement of his connection, with the girl's death. He claimed that the girl called on him in a serious condition, and that the steps which he took to alleviate the trouble were unavailing, his patient finally succumbing. He claimed that after the girl's death he lost control of himself and decided to conceal all evidences of death, in order to prevent an enquiry which would mean to him a loss of reputation and practice. It was not till the following morning that he recognized the folly of which he had been guilty, but having gone so far he could not turn back. After that his whole life was a lie. Harmony's Glycerine Soaps in rose and violet odors are as nice and dainty as even the most particular people could possibly desire. Price 2 cakes for 25c. The MacKinnon Drug Co., Corner Great George and Kent Streets.—M.E.F.
