### REFUSE TO RETURN CARLOAD OF WHISKEY

NOTH SYDNEY, May 5.—Request came from the National Breweries, Montreal, for the return of a car of beer and loquor seized here. The C. N. R. agent declines to place the car for Inspector Lamond, who made the seizure, pending instructions. A wire came from General C. N. R. Freight Agent Tompkins to the agent here instructing him to place the car, as the government railway did not admit the validity of the seizure.

Proceedings are understood to have been taken under the Doherty Act. Trucks are being secured to move the wet goods.

### QUEBEC SO "DRY" PATIENTS SUFFER

QUEBEC, May 5.—So strict has been the enforcement of the law provincial liquor law and so keen have the officials been to guard against any possible leaks in this city while the old Scott Act is being replaced by the Taschereau law, that today hospitals and doctors formally protested that unless they could be supplied with alcohol for medicinal purposes their patients' lives might be endangered. Supplementing this joint protest came a complaint from the religious institutions that their wine used for sacramental purposes, is running out. It is understood that the Lieutenant Governor will immediately sign an order-in-council to permit the opening of an emergency store, under government control, either tomorrow or Sunday.

—FAVOR FIVE O'CLOCK CLOSING.—The daylight saving idea got another boost at the Board of Trade meeting last Thursday, a resolution being adopted allowing the matter to rest for a few days. It seems that not many are in favor of changing the clock in Summerside. Many seem to be in line for the five o'clock closing of the stores and a committee is now canvassing the town.

## Use "Tiz" For Sore, Tired, Aching Feet

No more puffed-up burning, sweaty, calloused feet or corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz" It's grand—it's glorious. Your feet will dance with joy; also you will find all pains gone from corns, callouses and bunions

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug store or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

—FUNERAL HELD.—The funeral of the late Lawrence Gallant took place Saturday morning and was largely attended.

—PROBABLY REDUCED PRICE —It is understood that at least some of the Summerside milk venders intend reducing the price of milk on June 1st. Many citizens are asking if the bread will be a cut a little.

—ADMINISTER COMMUNION. First Communion was on Thursday last administered to classes of 19 girls and 20 boys in St. Paul's Church, Summerside. There was a large attendance of parents and friends of the little ones. Rev. J. J. McDonald, briefly addressed the children.

—THE 4—ACT COMEDY DRAma "Home Ties" will be presented by the Wide Awakes of the Bedeque Young Peoples Society in the Central Bedeque Hall on Tuesday, May 10, 1921 at 8 o'clock. Admission; Adults 35c, Children 20c. If the weather proves unfavorable, play will be held on Wednesday, May 11th.

—VERY CREDITABLE.—Nice, homelike surroundings, bright clean cheerful rooms and a lawn and pathway that would do credit to many ancestral estates are some of the new attributes of the Prince County jail at Summerside. Louis Blacquere the jail-keeper, has been busy for the last few weeks thoroughly overhauling all the law offices, court rooms, corridors and cells and the condition of the building now is a credit to his handiwork. The lawn also has been shaved and a new gravel walk laid. Altogether the building offers a very cosy home for the few law breakers who are now non-paying guests of the institution.

—CAUSED SOME DAMAGE.—Probably inspired by the clatter and rush of the house-cleaning activities at home, three youngsters wandered into the Sunday School room of the Summerside Methodist Church the other day and after investigating the lower floor, gradually worked their way to a balcony where an overflow class has its Sunday sessions. Here they imitated the folks at home by pushing and pulling the chairs about until one conceived the Larry Semon idea, of pushing them over the railing and listened with glee to the crash of the pieces on the floor below. When the noise of breaking chairs attracted a passer-by, some fifteen chairs had been broken and the three tiny invaders were advancing upon a valuable clock.

## WESTERN PERSONALS

—Mr. Frank Tuplin arrived from abroad Friday evening.

—Mr. Ephruim Philips, Tyne Valley, motored to Summerside, Saturday.

## Race Driver Who Is A Model Man

By T. E. "Pop" Myers

INDIANAPOLIS, May 6.—One can hardly imagine a race driver being very religious, yet you have to look back no farther than Ralph Mulford to get an example.

Mulford, who is entered in the 500-mile dash for glory and gold at the Indianapolis Motor Speedway on Monday, May 3th, does not smoke, chew, or drink. He says "I'll smoke in the hereafter" but if one is to judge from the clean wholesome life that Ralph leads, it would suggest by comparison that a number of people we know will not only smoke, but burn, in the hereafter. Ralph does not swear either, not even the tiniest swear word ever passes his lips.

He would not think of working on his car on Sunday, not even if it were possible to complete the job for a race the following day.

His wife always attends the race meets in which he competes and whenever it is possible Ralph, Jr., aged 7 1-2 is in the stands to give his dad all the encouragement he can and to hear him yell one would be lead to believe that his daddy hears him every time he comes down the straightaway.

Ralph was asked if he was interested in music, and this was his reply: "Music, should say so, but the most wonderful music in the world is the sustained exhaust of a motor hitting perfectly on all cylinders."

Mulford entered the racing game in 1904 in short races on Hillside Avenue, in Los Angeles. Ralph amuses himself as a stock trader and salesman. He is interested in a number of businesses and during the world war he was chief inspector for the Wright Motor Company.

He says his ambitions when he was a boy were to fly through the air and be a smart man. He says "I have accomplished flying through the air, but as to being a smart man—let's talk about the coming 500-mile race."

CHATHAM, May 5.—Thieves on Friday night last paid a visit to the County Home and stole about $100 worth of provisions, clothing, etc. They took all the clothes off the clothesline, which included eight suits of underwear and a number of pairs of socks. The storeroom was broken into and a half barrel of pork, some molasses, beans and seed the keeper had for planting, were taken. A horse and wagon must have been brought along to carry the plunder away. No clue has as yet, been found to the perpetrators.

PLENTY OF COAL IN NOVA SCOTIA—Donald McLennan, of the Nova Scotia Coal Company, was called by the Fuel Committee of the House of Commons. He stated the amount of coal available at 242,000,000 tons, but the development of this field had not yet begun. Lack of transportation had held up development. He stated that there were many seams of coal in the Nova Scotia and Cape Breton fields, which had not yet been developed. An old estimate had held up development.

"YES—we gladly lend money on well kept property"

Investigation Has Proved:

1 That many bankers, especially those in farming districts, will lend money only on property where houses and buildings are kept in good condition

2 That the loan and sale value of property is increased from 20% to 50% if buildings are well kept and well painted

BOTH city and country bankers know that well kept property indicates thrift, progressiveness and longer life. Surface protection through paint and varnish prevents deterioration from weather and wear; it preserves wood, metal and other materials against decay and corrosion. Save the surface and you save all. It pays.

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:

"The realization of the above objects will lead to employment during the Reconstruction Period, and bears our entire approval.
