This column is reserved for news of local interest but advertising of a purely nature may be inserted at a special word strictly payable in advance.

**ISLAND LADY DEAD**—Mr. A. A. Hennessey yesterday received a telegram from Miss Catherine Campbell, Roxbury, Mass., stating that her mother, Mrs. Jesse Campbell, widow of the late John J. Campbell of Cardigan, had passed away. The remains will arrive here Saturday evening and will be taken to A. A. Hennessey's Undertaking Parlors where they will remain until Monday afternoon when they will be forwarded to Cardigan. The funeral will be held on Tuesday morning.

**YOUNG LIBERALS MEET**—Dr. Ira J. Yeo was elected president of the Young Men's Liberal Association of Charlottetown and Royalton at its annual meeting held last night. Mr. W. M. Lea, Opposition leader, Messrs. Peter Sinclair and J. J. Larabee, Liberal Federal candidates for Queens County, Mr. W. H. Dennis, M.L.A., Mr. E. T. Higgs addressed the meeting. Officers elected were: Honorary President, Mr. Nelson Rattenbury; Vice President, Mr. Simon Paoli; Secretary, Mr. D. Edgar Shaw, K. C.

**FUNERAL SERVICE**—It was with great regret that the friends in Charlottetown heard of the passing of Mrs. Alvin F. Webster, at Dartmouth, N. S. Mrs. Webster lived most of her life in Charlottetown and with her husband took an active interest in the work of the Charlottetown Baptist Church. She has been living in Halifax for the past fifteen years. Her husband predeceased her ten years ago. She leaves to mourn her immediate family two sisters, Mrs. E. D. Sterns of this city and Miss Margaret Currie of Dartmouth. Also one brother Mr. Norman Currie of Halifax. Today at two o'clock the funeral service will be held in the Charlottetown Baptist Church.

**ATTENDED FUNERAL**—Mr. L. R. Allen, M. P., returned Tuesday night from Cape Tormentine where he attended the funeral of his cousin, Mr. Walter D. Allen, farmer and fox rancher, who died Saturday morning in the Amherst Hospital from appendicitis. He was 62 years of age and was well known in Prince Edward Island, having been captain of one of the small ice boats which made the crossing of the Strait before the days of the car ferry. He leaves a widow and two brothers in Cape Tormentine, Tidnish, Nova Scotia and Amherst.

**PRESIDENCY OF THE POTATO GROWERS**—At a meeting of the Directors of the P. E. I. Potato Growers' Association held Tuesday afternoon, the President, Mr. J. J. Trainor, explained to the Directors, that because of his position as Agent of the Eastern Canada Potato Marketing Board, he felt it would be unwise for him to retain the position of President, that the holding of the office might be a source of criticism against both the Association and himself; and while his feelings were as strongly in favour of co-operative marketing, and his interest in the association as great as heretofore, he was unwilling to be in the position of President. The Directors recognized that for the past number of years, and particularly the last year, Mr. Trainor had been a tower of strength to the organization, and gave himself unspareingly in every way to further its interest, and to make arrangements that would permit it to carry on its work. The unanimous choice of the Directors to fill this vacancy, fell on Mr. E. B. MacLaren, of Georgetown, who held the position of Vice-President of the Association, and who has been a Director since the organization was formed. It was with difficulty the Directors were able to persuade Mr. MacLaren to accept the position. Mr. MacLaren has, like Mr. Trainor, given his very best to the support of the Association.

**PERSONALS**  
Mr. Harry Hill, steward on the C. G. S. Arammore, has arrived from Halifax to spend a few holidays at his home in this city.

**Sore Back Caused Sleepless Nights**  
New Brunswick Man Found Relief in Dodd's Kidney Pills

Mr. F. Bouchard was Bothered With Kidneys For Five Years  
Lagaciville, N. B., March 21.—(Special)—"For five years I suffered terribly with my kidneys," writes Mr. Frank Bouchard, a well-known resident of this place. "In the mornings I could hardly get out of bed as my back was so sore, and I was unable to get proper rest at nights. I tried a good lot of different medicines, but they didn't do me any good. One day I was reading the testimonials in Dodd's Almanac and decided to try your Dodd's Kidney Pills. After I had taken the first half box I began feeling better. I have now taken five boxes and can get a good night's rest and my appetite is good. I am forty-five years old, but feel ten years younger now. I would advise any person that is troubled with their kidneys to try Dodd's Kidney Pills, and I am sure they will say that they are a most wonderful medicine and worth their weight in gold."

**No Further Decline On Fur Market**  
Anning and Cobb started their sale this morning of 14,000 silver fox skins, and continued during the day. There was no further decline in price that is to say the five per cent registered on Monday and Tuesday was not exceeded. On the contrary there appeared to be a slightly better feeling and large quantities of furs were being purchased.

Colonel Uric Dawson whose firm the Charlottetown Fur Sales Company had a considerable consignment on the above auction, sold a large percentage of them. He was well satisfied considering the conditions. The Colonel further states that other information has reached him to the effect that the May silver fox sale at London will likely bring better prices providing no disturbing international frictions occur, because he says, "the demand

**LEGISLATURE IN COMMITTEE YESTERDAY**

Provincial Legislature, March 20. The House met at 3:40 p.m. Mr. Speaker reported receipt of communication from the secretary of the Lieutenant Governor, notifying that at 4 o'clock His Honour would be graciously pleased to receive the address in reply to the Speech from the Throne. On motion of Hon. Mr. Arsenault the House went into committee with Mr. Stewart in the chair on an Act to amend an Act to incorporate the town of Borden. The promoter explained that the original incorporation was in 1919. Borden has a population of about 700 people. It has no debenture debt. Last year they constructed a town hall to meet the cost of which they desire authority to issue bonds. They also desire to have the act amended in order to hold the municipal election every second year instead of every year.

Mr. Speaker Strong pointed out that in addition to building a town hall the proposed debenture issue was to provide for adequate fire protection. The source of revenue of the town is quite stable as the inhabitants are practically all government employees, he explained. The bill was agreed to without amendment.

**Highway Traffic Act**  
On motion of Hon. Mr. MacPhee the House went into committee with Mr. Wigmore in the chair on second reading of an Act to amend the Highways Traffic Act.

The purpose of the first amending clause, Mr. MacPhee explained, has to do with the control of drivers until they become licensed operators. At present no person but a licensed operator is permitted to operate a car. Provision is now being made for the legal operation by a person who is learning to drive. The duties of examiner under the amendment would be performed, as in the past, by the R.C.M.P. without additional expense.

The bill provides that the Department upon receiving from any person over the age of sixteen years, who has not previously been issued with an operator's license, an application for such a license may in its discretion issue a beginner's license pending the applicant, while having such license in his immediate possession, to drive a motor vehicle upon the public highways, for a period of thirty days when accompanied by a licensed operator or licensed chauffeur who is actually occupying a seat beside the driver and there is no other person in the vehicle. If the examiner is not satisfied that the licensed beginner is entitled to an operator's license he may extend the beginner's license for a further period of thirty days by endorsement thereon and shall notify the Department of such extension. Progress was reported.

**GOVERNOR RECEIVES ADDRESS**  
At 4 p.m., in the Council Chamber, His Honour the Lieutenant Governor received the address of the House in reply to the Speech from the Throne.

On motion of Mr. Stewart the House went into committee with Mr. Leslie Hunter in the chair on an Act respecting the Maritime Trust Company.

The promoter explained that the company was incorporated in New Brunswick and was seeking recognition as a corporation in this Province. Messrs. Dennis and Allen asked for further information. Mr. LePage said the bill was giving all kinds of authority and it was not known whether the company had a dollar of capital stock. He thought the bill should be held over until the information was forthcoming.

**Summerside Incorporation Act.**  
On motion of Mr. Allen the House went into committee, with Mr. LePage in the chair, on an Act to amend the Summerside Incorporation Act, 1933.

The bill authorizes the town authorities to borrow and expend for the purpose of paying back overdrafts contracted in respect to permanent work in connection with unemployment relief and for the completion of certain projects already commenced a sum not exceeding \$30,000 in addition to any amount heretofore authorized. Sec. 5 of the bill provides: "In all cases of prosecution for an offence against any bye-law or bye-laws heretofore or hereafter passed in pursuance of the powers contained in 'The Summerside Incorporation Act, 1933,' or any amendments thereto, or otherwise in force in the said Town of Summerside for which any penalty or punishment is prescribed, the conviction of the order of the Supendary Magistrate of the said Town shall be final and conclusive and against such conviction or order there shall be no appeal."

Mr. Dennis asked if this was a general provision or was it a special provision that the town of Summerside was asking. Mr. Allen said there were two sides to the question raised. He had received a document with 119 signatures opposing the clause. Mr. J. A. MacDonald: "What is your opinion?" Mr. Allen: "Since you ask the for furs is taking up 70 percent of the offerings and that will not leave a very big offering for the May sale."

**Kentville High Waives Claim For Ice Title**  
(C. P. By Guardian's Special Wire) AMHERST, N. S., March 20.—Kentville High School has waived its claim to contest the Maritime Intercollegiate hockey championship against Campbellton, and Amherst High, runner-up to Kentville in Nova Scotia, started negotiations today to take up the Nova Scotia challenge. Campbellton won the New Brunswick title.

**HE FELT MISERABLE AFTER MEALS**

Acute Indigestion Relieved by Kruschen

The treatment which put this man right must surely be worth trying in every case of indigestion. Read what he says:—

"Two years ago I suffered very much from indigestion, loss of appetite, and a most severe pain in my back. Food soured in my stomach. I felt most miserable after meals, and had no desire or appetite for them. A friend advised me to try Kruschen Salts. I did so, and I am most happy to testify that after a short time I felt the greatest relief. I continued taking Kruschen until I felt myself quite better and a new man. I feel as light-hearted as I did twenty years ago."—W. B.

What Kruschen did for him it will do for everybody else who suffers from indigestion as he did. The act is that "the little daily dose" of Kruschen first stimulates the flow of gastric juices to aid digestion, and then ensures a complete, regular and unflinching elimination of all waste matter every day.

question I will answer it. I believe that every person should have the right of appeal."

Mr. Dennis moved then in consequence of the promoter's statement clause 5 be deleted. Mr. Allen suggested that it stand over. Mr. Dennis amended his motion accordingly, which was passed. Progress on the bill was reported.

**Public School Act**  
On motion of Premier MacMillan the House went into committee with Mr. Wigmore in the chair on an Act to amend the Public School Act, 1920.

Clause 1 of the amendment refers to the annual school meetings, and proposes to change the date of meetings from the third to the fourth Tuesday in June of each year. The promoter explained that after the academic course at Prince of Wales College is held the students are given an intensive course in teacher training. If the school meeting is postponed another week to the fourth Tuesday in June it will be an advantage to them. The clause carried.

The bill raises the discount from 2 1/2 to 5 per cent on taxes paid before Dec. 1 of the current school year, as an inducement to people to pay their school taxes promptly.

Mr. LePage asked if there was not in the act anything to compel the secretary to indicate the tax assessment on the bills sent out. The Premier said he would take this matter up with the Superintendent of Education.

Mr. McIntyre said he did not think any farmer paid taxes on the real value of his property but he knew of many cases where the value of schools was placed much higher than the purchase price. The bill, after some further discussion, was agreed to with minor amendment.

On motion of Hon. Mr. MacPhee the House went into committee with Mr. Stewart in the chair on second reading of an Act to amend the Trustee Act, 1910. The purpose, the promoter explained, to enlarge the group of investments in which trustees may invest trust funds. The bill was reported agreed to.

**FALCONWOOD INSPECTION**  
The Premier extended an invitation to all the members to visit the Falconwood institution Thursday morning. Teams would be provided at 10 o'clock from the Provincial Building. He asked that as many members as possible would avail themselves of the opportunity of inspecting the institution, and of seeing for themselves the seriousness of the situation. "You will overdrafts contracted in respect to permanent work in connection with unemployment relief and for the completion of certain projects already commenced a sum not exceeding \$30,000 in addition to any amount heretofore authorized."

Mr. LePage said the bill was giving all kinds of authority and it was not known whether the company had a dollar of capital stock. He thought the bill should be held over until the information was forthcoming.

On motion of Mr. J. A. MacDonald, progress was reported and leave asked to sit again.

On motion of Mr. Stewart the House went into committee with Mr. Leslie Hunter in the chair on an Act respecting the Maritime Trust Company.

The promoter explained that the company was incorporated in New Brunswick and was seeking recognition as a corporation in this Province. Messrs. Dennis and Allen asked for further information. Mr. LePage said the bill was giving all kinds of authority and it was not known whether the company had a dollar of capital stock. He thought the bill should be held over until the information was forthcoming.

Mr. LePage said the bill was giving all kinds of authority and it was not known whether the company had a dollar of capital stock. He thought the bill should be held over until the information was forthcoming.

**To the People of Prince Edward Island:**

I desire very heartily to commend the message of His Honour the Lieutenant Governor in reference to the King George V. Silver Jubilee Cancer Fund, now being raised in this Dominion as an expression of thanksgiving to Almighty God for the long reign and devoted service of His Most Gracious Majesty the King.

The scourge of cancer is steadily gaining ground and it is of far reaching importance that the work of scientific research shall continue. The provision of a fund which will not only assist the laboratory workers but will provide radium and other forms of treatment in communities where it is now lacking, is most necessary.

No donation of money is too small. Every man, woman and child is interested. The medical profession eagerly awaits the ultimate victory.

May the King George V. Cancer Fund be the means of achieving the great purpose for which it is intended.

Yours faithfully,  
**W. J. P. MacMILLAN,**  
Premier and Minister of Public Health

V. 5509-3-21-23-26

**FERTILIZERS**

With the existing bad market for potatoes we know the demand for fertilizers will be reduced. It however should be gratifying to know that your requirements can be obtained at lower prices, on the average, than at any former time. We offer:

Nitrate of Soda .....	\$42.00	2-10-4 .....	\$18.40
Sulphate of Ammonia ..	33.00	2-12-6 .....	21.20
Superphosphate, 16% ..	16.50	4-8-7 .....	21.40
Superphosphate 20% ..	19.50	4-8-10 .....	23.20
Muriate of Potash .....	34.00	4-8-13 .....	25.20
		5-9-8 .....	24.40

per ton delivered any Railway Station on Prince Edward Island in carload lots of 20 tons or more.  
For deliveries to trucks or teams at our Plant an allowance of 50c per ton will be made.  
A price on a special mixture for pasture and one for turnips will be announced later.

Our fertilizers are now in stock ready to deliver. Deliveries are made in bags containing 100 lbs. each. The quality and the mechanical condition is the best. We grind, screen and pack our fertilizers just prior to shipment.

We offer ground limestone in bags at \$5.40 per ton ex our Plant. It may be advisable that you get your fertilizer requirements before the roads break up for sleighs.

Give us a call or see one of our selling Agents. Should we not have an Agent in your Section get in touch with us direct.  
**THE ISLAND FERTILIZER CO., LTD.**  
Charlottetown, Prince Edward Island  
"Island Goods for Island Growers"

L-5450-3-19-61.

**C.N.R. NOTES**

Howard Waite, a returned soldier who has been a section man on the C. N. R. for the past 15 years, has been appointed a flagman at the east crossing of the C.N.R. at Summerside and commenced his duties on the 19th instant. Mr. Waite is very courteous and obliging and his appointment should prove popular to the travelling public.

The 15-year-old son of John Wallace, section foreman at Alberton, recently was taken from a broken arm. This lad has been unusually unfortunate, as this is the fourth week his right arm has sustained.

Bernie McInnis, C. N. Express employee at Alberton, has been transferred in the same capacity to Summerside. During his stay in Alberton, Mr. McInnis made a great many friends and his departure will be greatly regretted.

Miss Eileen Foster of the C. N. Telegraphs staff left yesterday morning for Halifax where she will take passage by the S. S. Lady Rodney for Bermuda. Miss Foster will be absent for about a month.

Miss Margaret Collins, daughter of John A. Collins, machinist of the C. N. R. roundhouse, was a week-end visitor to Summerside, the guest of Miss Helen Peters.

We regret to learn of the continued illness of Miss Katherine Deegan of the division engineering staff. Her place is being temporarily filled by Mrs. Porter, see Miss Helen Ross, who ten years ago was a stenographer in the C. N. R. stores department, Charlottetown.

Friends in Charlottetown regret to learn of the death at Freeland, Lot 11, of Margaret Esther, beloved wife of Archibald McKay, retired C. N. R. storeman, after an illness of several months. Mrs. McKay was well known here, where the family resided for over thirty years. After Mr. McKay's retirement they moved to Freeland. One of her daughters is Mrs. Foster, wife of Elmer Foster, C. N. R. arnan, to whom sympathy is extended. The funeral took place last Friday.

John Cameron, C. N. R. foreman boilermaker, has completed an inspection tour of boilers on the Island division. At Borden and Tormentine he made an inspection of the transfer boilers, and at Emerald and Alberton of water service boilers.

Miss Eileen Redmond, daughter of Henry Redmond, of the C. N. R. blacksmith shop, was a passenger Saturday on 39 train for Summerside, where she will spend a holiday visiting friends.

W. H. Snook, C.N.R. locomotive engineer, Truro, Harding S. Carter and Amedee LeBlanc, locomotive firemen, Moncton, have been transferred temporarily to the Island division to take care of spare work.

Harry W. Hyde, C.N.R. charge-hand, and Ben Simpson, locomotive

**DIOCESAN CH. SOCIETY MEETING**

Annual Meeting  
Diocesan Board  
Women's Auxiliary

The 38th annual meeting of the Prince Edward Island Diocesan Board of the Women's Auxiliary opened with divine service in St. Peter's Cathedral Wednesday, Mar. 20th at 10.15 a. m. The Rev. Canon Malone conducted the service. Other clergy present were Ven. Bridge-deacon White, Rev. E. R. Phillips, Rev. E. O. Lancaster, Rev. B. Fream, Rev. J. T. Payne, Rev. Harde Davis.

The special speaker for the service was His Grace the Archbishop of Fredericton. He said tomorrow morning will be held the Women's Auxiliary Corporate Communion Service and he would speak of the meaning of the Blessed Sacrament, taking texts from St. Paul's Epistle to the Corinthians. Christ revealed to St. Paul the purpose and power of this Sacrament. St. Paul states it is to be a solemn commemoration. The Archbishop said it should be the central service of Christian life. It is the old service and it was our Lord's intention that it should be used frequently. Prayer Book teaching also makes it plain that the Holy Communion should be the central service. But we are neglecting our way of living. We must keep a commemorative service. It is a sacrifice, not a repetition of that sacrifice. We are holding before the world the merits of that sacrifice. It is our duty to be missionaries, to bear witness by our words and by our way of living. It is more than a commemorative service. It is a sharing and participating. Holy Communion comes to us in the forms of Bread and Wine. We cannot feed a dead soul, therefore we must be spiritually healthy. The converted life, trusting and loving our Lord are marks of the spiritual health of our souls. We must keep the windows of our souls open. Holy strengths gradually. We must not expect a miracle when we participate in the Holy Communion. This service is also a feast of human fellowship. How grieved our Lord must be as He looks down on His people and sees how they neglect the Eucharistic Feast.

The service closed with the singing of the beautiful hymn "The Love of Christ constraineth." Benediction was pronounced by His Grace the Archbishop.

The afternoon session held in St. Peter's Schoolroom opened with a hymn and prayers by the President, Mrs. H. D. Raymond.

The roll call showed a good attendance from most parishes. Mrs. H. Pickard, of St. Peter's W. A. extended a hearty welcome to all present and said it was a privilege and pleasure to welcome especially Dr. Travis of Honan, the Archbishop of Fredericton, and the clergy from the various parishes. She hoped the meetings would be profitable to all and that members will go back to their branches filled with courage and determination to make this a real jubilee year, to put our W. A. on a stronger basis and to increase its membership.

Mrs. E. Newcombe, of Port Hill, replied to the welcome in a few well-chosen words.

In the absence of Mrs. Pierce, the Recording Secretary, the minutes were read by Mrs. Maude Haslam, Miss Cotton read letters of greeting from Miss Slater, Dom. Cor. Secretary, Miss Pierce, and Mrs. H. R. Coleman.

The President, in opening her address, extended a welcome to all and spoke of our honoured guests, the Archbishop of Fredericton, and Dr. Catherine Travis, of Honan, China. Mrs. Raymond said, as we look back on the past year, we are filled with thankfulness for the privilege of service that has been ours. During the year the Church at large has suffered in the passing to higher service of Archbishop Worrell and Archbishop Strong, true servants of our Master. Here at our home base we have been called upon to lose some of our members. As a mark of respect, Mrs. Raymond asked all to stand for a few moments. The President spoke of the development of the W. A. since its organization 50 years ago. It now has a membership of over 80,000 and one of our great responsibilities and a glorious task is the work among women and children in the missionary districts. What of the future? In Prince Edward Island the Junior and Girls' work seems to have been neglected. We must have the younger ones interested, that they may be able to fill the vacancies in the senior ranks in later years. May the slogan for 1935 be "A Girl's Branch in every Parish." Every member should subscribe to and read The Living Message.

In closing, Mrs. Raymond expressed regret at the resignation of Mrs. E. V. Bell and Mrs. Geo. Richards from the Diocesan Board. In speaking of her own resignation, Mrs. Raymond thanked all who had shared with her in the Master's

work during the past 15 years. At this point, Mrs. Simpson, Honorary President, read an appropriate address and presented Mrs. Raymond as a mark of appreciation from the various parishes. Mrs. Raymond feelingly expressed her thanks and said she too had a pleasant duty to perform, presenting a Diocesan Life Membership to Mrs. W. S. Batt from fellow workers in St. Peter's Branch.

Encouraging reports of work were given by several of the officers. Mrs. Raymond then called on Dr. Catherine Travis, who gave a most interesting talk. Dr. Travis said she was happy to tell of conditions and work among the Chinese of Honan. She took us on an imaginary trip from Shanghai to Kweichow and told of experiences in her own life when travelling. The people around Kweichow are mostly poor, but they are very industrious. They grow all their own cotton and the women do make clothes, even shoes, for the whole family. Early in June they harvest the wheat crop. All the family helps, and the work is done by hand. Miss Travis said it is like a picture from the Bible. Speaking of All Saints Hospital at Kweichow, she said it was a splendid staff of workers and the equipment is good. She said a step forward has been taken by putting young Christian Chinese girls into the hospital to train as nurses. There is an outpatient department and people come here for treatment. Chinese evangelists go among these people telling them the Gospel story. But better work is accomplished among those in the hospital. The missionaries have to go very cautiously. The Chinese believe in a god and have idols and pictures in their homes. It is a wonderful work to turn them from the fear and superstition of years to a love and trust in the True God.

Mrs. Raymond thanked Dr. Travis for her splendid talk and said we get a clearer idea of the many difficulties of the missionaries when we listen to their own experiences.

The meeting adjourned to meet Thursday morning at 10.15 in St. Peter's Schoolroom.

Afternoon tea was served by the ladies of St. Peter's W. A.

**Sore Back Caused Sleepless Nights**  
New Brunswick Man Found Relief in Dodd's Kidney Pills

Mr. F. Bouchard was Bothered With Kidneys For Five Years  
Lagaciville, N. B., March 21.—(Special)—"For five years I suffered terribly with my kidneys," writes Mr. Frank Bouchard, a well-known resident of this place. "In the mornings I could hardly get out of bed as my back was so sore, and I was unable to get proper rest at nights. I tried a good lot of different medicines, but they didn't do me any good. One day I was reading the testimonials in Dodd's Almanac and decided to try your Dodd's Kidney Pills. After I had taken the first half box I began feeling better. I have now taken five boxes and can get a good night's rest and my appetite is good. I am forty-five years old, but feel ten years younger now. I would advise any person that is troubled with their kidneys to try Dodd's Kidney Pills, and I am sure they will say that they are a most wonderful medicine and worth their weight in gold."

Dodd's Kidney Pills are no cure-all, but purely and simply a kidney remedy. They put the kidneys in shape to strain all the impurities out of the blood.

**In The Social Swim**  
Lady: "Oh, you've been in touch with Royalty, have you?"  
Tramp: "Yes, lady, I was once stung by a queen bee!"
