They showed by their composure and prompt replies that they had been carefully instructed during the past year. Their lesson in Nature Study, and their collection of Weed Seeds, which were exhibited, deserves special mention. After the pupils had been examined in their different subjects the compositions, writing, and drawing for the half year were passed around, then an entertaining programme was rendered by the pupils consisting of songs and recitations, and was much appreciated by the visitors present. The prizes for the year were awarded to Kathleen McMinion, Herbert McInnis, Angus Rice, and R. J. McPhee. After the distribution of prizes, confectiionery was passed to the pupils. Absolute Safety of Principal

The man who has accumulated a few hundred dollars by hard work must of necessity be most careful as to any investment into which he puts his capital.

Municipal Debentures are most desirable for this purpose. They are a charge upon the entire assets of a municipality, and therefore furnish excellent security to the investor. Then, too, the investor is assured of regular interest payments at given dates.

Taking into consideration the security offered, the rates are most favorable. We can offer Municipals to net from 4 1/2 to 6 per cent, Full particulars on request.
