MALTEX BREAD MALTEX FLOUR

Maltex Flour, which is produced by the scientific treatment of the choicest wheat flour with the finest barley malt distaste makes a bread of very fine delicate texture, brown in color, and although containing no sugar, has a slightly sweet, nutty flavor, that is extremely delicious. MALTEX BREAD is proving a happy revelation as far as digestibility is concerned. It is one of the most appetizing and nutritious breads made.

Families who value pure and unadulterated foods should give this Bread a trial.

THE sudden death took place in the city at the residence of Mrs. George Haszard, Brighton, yesterday of Mrs. Haszard, aged 81, widow of the late John Haszard formerly of St. Eleanor. Mrs. Haszard complained recently of a slight attack of bronchitis, but otherwise was in good health. Yesterday morning she rose as usual and called to her maid to bring up buttered toast to her room. She then called her back and told her to bring dry toast instead. When the girl went to her room she found Mrs. Haszard lying in her bed, dead. The deceased was a daughter of the late Simon Davies, and a sister of Hon. Benjamin Davies, Hon. Daniel Davies, Mrs. George Davies and the late Mrs. (Rev.) F. W. Moore, mother of Councillor S. C. Moore, of this city.

Rev. Geo. M. Young of Charlottetown, preached in the afternoon, and Rev. Daniel McLean of Mount Herbert, in the evening. Both sermons were eloquent and convincing expositions of christian doctrine and were listened to with rapt attention. At the afternoon service, in the absence of the pastor, Rev. W. B. Thomas conducted the exercises and at the close of the sermon gave a very pleasant fraternal address. The collections for the building fund at the opening services, altogether amount to \$100.00. This is entirely exclusive of subscriptions.

ISLAND MAN IN THE FAR WEST

MAGNESS McInnis, San Diego, Calif. who has been spending the summer with friends and relatives at Ebenezar returns about Nov. 1st, and it is said he will not return alone. This is Mr. McInnis' first visit home for 13 years and he speaks in high terms of the province and is so well pleased with his old home that he intends to return to live permanently next summer. He is enthusiastic in his praise of the country districts in which he notices great improvements since he last was home. The city however he thinks has not progressed so fast. Mr. McInnis says he has not in all his travels seen more prosperous farms as in the State of Nebraska.

Mr. McInnis has been employed as Assistant Superintendent in the City Waterworks of San Diego for the past six years.

Among other prominent Islanders who are located in the far western city are the following: Stephen Brown, Kingston; Stephen M. Brown, Charlottetown; Walter Moore, brother of J. A. Moore, Cashier of the Bank of N. S. in this city, all of whom are in the contracting business; W. P. Goff brother of R. C. Goff of this city who has a large lemon plantation and is in the oil business; Daniel McRae, Wheatley River who is Deputy Sheriff; Roderick McInnis, brother of Magness McInnis who is Mechanical Engineer in the

waterworks Department; George Willis Kingstor; Heber Balderston, North Wiltshire who are conducting large iron working and blacksmith shops; J. A. Brown who is book-keeper in the San Diego Union newspaper, besides others that could not be recalled.

HIS SIGNATURE FORGED.

DEAR SIR,—I find my name on a petition for the commutation of the death sentence of Joseph Carver. I have not signed such petition. While I am in favor of mercy, when there is the least doubt of the justice of the verdict, I regard mercy in such a case of deliberate murder, as that of Carver, to be a license to murderers.

Yours &c.,

IN THE GOOD OLD SUMMER TIME.

Conductor Cox, Souris, was in town yesterday.

The G. R. C. Matches commenced yesterday notwithstanding the inclemency of the weather.

There was quite a fall of snow early yesterday morning and several minor showers during the day.

The Newton smoking establishment made a large shipment of bloters yesterday to New York City.

The Guardian is informed that Captain John Dicks has disposed of his schooner, the A. H. Hardy to Captain Tuck of St. John's Newfoundland.

The merchants of this town suffer considerable and unnecessary inconvenience, occasioned by tardiness of those who control the shipments to certain Montreal steamers. This ought not so to be.

SCRAWNY PEOPLE.

People grow thin, scrawny, pale and weak when the blood is thin and watery. What is needed to round off the angles and fill out the form, is not fat, but healthy muscular tissue. By enriching the blood and increasing its nourishing qualities Dr. Chase's Nerve Food adds new flesh, and tissue to the body as well as new vigor and energy. You can prove this by noting your increase in weight while using this great food cure.
