First Meeting Of Labor Cabinet

Ramsay MacDonald Introduces Colleagues While Posing For Talking Pictures.

(Special to the Guardian)
LONDON, June 10.—The first formal meeting of the new Labor cabinet was held today with all nineteen members present. It was preceded by a posing for a talking picture film, the Prime Minister, Ramsay MacDonald and his colleagues gathering in the garden behind No. 10 Downing Street.
Mr. MacDonald, speaking into the microphone, introduced his colleagues in the cabinet with the words "May I introduce to you the members of the cabinet who have been chosen for very hard work and because I believe the nation fully believes that they are competent to perform it."
The premier mentioned each member of the new cabinet, reaching Miss Margaret Bondfield, Minister of Labor last. But the most unique he said, is our friend, Margaret Bondfield. She is double first, the first woman to be admitted to the Privy Council, now the Right Hon. Margaret Bondfield. She is also the first woman in the cabinet, and I am sure Albert Alexander comes from the Board of Trade to the Admiralty. I am sure he will show his great capacity at the Admiralty as he did at the Board of Trade. William Adamson is a Scotsman. He is going to preside in the office he filled with

PARTY STANDING IN NEW PARLIAMENT

(Canadian Press)
LONDON, June 10.—(Canadian Press Cable)—Two Conservatives and one Liberal were elected for the Scottish combined universities in the general election of May 30. It was announced today. This leaves only one seat to be decided, that of Rugby, Warwick, where the election had to be postponed until June 13th, owing to the death of the Labor candidate.
The Scottish universities re-elected their representatives in the last House. John Buchan, Conservative, received 9,959 votes; Sir George Berry, Conservative, 9,262 and D. Mcowan, Liberal, 6,698. The one Labor candidate, Dr. J. Kerr, polled only 2,867 votes and was defeated. The standing of the parties in the new parliament is now: Labor 288; Conservatives 269; Liberals 59; Nationalists 3; Prohibitionists 1; Independents 3; in doubt 1.

LIBERALS LEAD BY ONE SEAT

(Canadian Press)
REGINA, Sask., June 10.—While Premier James G. Gardiner will await the official declaration of returning officers to be made on Thursday before he makes a pronouncement, opposition members-elect will meet in Regina early in the week to decide upon a course of action as a result of the complex situation prevailing today as the aftermath of Thursday's polling in the provincial election which threw the balance of power into the hands of the Independent and Progressive parties.
The strength of the Independents was added to during the week end when Dr. S. Q. Arthur, of Cannington riding announced that he was an Independent-Conservative though he had been considered throughout the campaign as a straight Conservative nominee.
This gives the Independents six members, and the Progressives 4, while the Liberals lead the Conservatives by one seat, the former having 26 and the latter 25.

KING TO TAKE SULPHUR BATHS

(Special to the Guardian)
PRAGUE, Czechoslovakia, June 10.—King George of Great Britain yesterday inquired through his physicians whether there would be accommodation for him at a well known hotel at Pstyan, near the Slovakian-Hungarian frontier to take the sulphur baths some time this summer. He was given an affirmative reply. The management of the hotel agreed to set apart an entire wing of the hotel for the king and his entourage. The Pstyan baths are among the most famous mud and sulphuric baths in Europe and annually attract thousands. Pstyan is located on the right bank of the River Vav and is partly on a small island. Overshadowed by the wooded slopes of the Neura Mountains it is generally regarded as an excellent place for rest, seclusion and recuperation.

Any one having furniture or large articles for the Hospital Aid Rummage Sale, in the Arena, on Friday, please call 876-L or 688—5408-6-11-21
New Glasgow players will present their play "Down East" in Long River Hall, Wednesday, June 12th. Graham's Road Orchestra will play between acts. 5328-6-11-21

Presented Trophy

Sir Thomas Lipton, famous Irish sportsman, has presented a cup, to be known as the "Lipton Trophy," for the sea flea races at the Canadian National Exhibition.

AMENDMENTS TO FISHERIES ACT DISCUSSED

Matters of Interest to the Atlantic Fishing Industry Debated in House of Commons.

(From our own Correspondent)
OTTAWA, Ont., June 10.—Practically all morning was taken up in the discussion of divorce bills, which has simply become a running fight on the part of J. S. Woodsworth and others to change the method of granting divorces, that is by the courts instead of by the Senate.
This afternoon the amendments to the Fisheries Act, the result of the report of the committee on Marine and Fisheries, held the floor and during the debate the arguments pro and con were presented in committee were presented. The discussion took a wide range and involved beam trawling, co-operative organization among the fishermen as advocated by the Royal Commission on Fisheries, the Canadian ownership and construction of beam trawlers and other matters of interest to the Atlantic fishing industry.
An amendment to the government measure was moved by C. H. Cahon, Conservative. St. Lawrence—St. George and was accepted by Hon. P. J. A. Carlin, Minister of Marine and Fisheries. It provided that the minister may cancel fishing licenses at his discretion only after it has been ascertained by the report of a commissioner, appointed under the provisions of the Enquiries Act, that the operations conducted under such a license are in conformity with the law.
Previously no provision was made for fishermen to give evidence on their own behalf for any violation of the statutes and the discretion lay entirely with the minister. Hon. J. E. Sinclair, Liberal, Queens, protested that this would result in the creation of intricate machinery and suggested that the matter might be met on the basis of sufficient evidence of violation being presented to the satisfaction of the department.

MEETING OF CITY COUNCIL

The regular monthly meeting of the City Council was held last evening with His Worship the Mayor presiding.
The minutes of the last regular and special meetings were read and adopted.
A delegation from the Fire Department composed of Messrs. Rattay, Connelly and Trainor made application to the Council for a grant of \$300.00 to help defray the expenses of the fireman and band during the tournament in Moncton next month. Councillor Prowse, Chairman of Finance, promised the delegation that the committee would deal favourably with the request.
A letter dated Ottawa was read from Mr. R. H. Jenkins, M.P., with regard to the filling in of the swamp in the eastern end of the city. He said that he would give the city's request re this matter his every support.
A petition was read signed by a number of citizens on King St. between Prince and Weymouth Streets, asking that the council hold no gra-

RAILWAY OFFICIALS ON VISIT HERE

Vice-President Hungerford Gives Assurance That Work Will Be Commenced On New Hotel.

Charlottetown was visited yesterday morning by Mr. S. J. Hungerford, of Montreal, vice president of the Canadian National Railways, who arrived in the city by special train, accompanied by Messrs R. W. Simpson, Assistant General Manager, A. F. Stewart, Chief Engineer, W. E. Barnes, General Superintendent of Motive Power, G. E. McCoy, General Superintendent of Car Equipment, all of Moncton. The tour which was chiefly for the purpose of inspecting the car ferry piers at Tormentine and Borden, was made the occasion of a visit to Charlottetown and an inspection of the available sites for the proposed new C. N. R. Hotel, the visitors being accompanied in their tour around the city by Superintendent T. B. Grady and by the Hotel Committee consisting of Messrs. Nelson Rattenbury, Justice A. E. Arsenault, S. A. MacLeod and S. A. MacDonald.
As Mr. Hungerford has to leave shortly for Western Canada, he found it impossible to come to Prince Edward Island with Sir Henry Thornton who, it is expected, will arrive here between the 15th and the end of this month to look into the situation with regard to the new hotel, including the matter of a site. The details gathered by Mr. Hungerford and party yesterday will be furnished to Sir Henry.
Six possible sites were viewed yesterday, including the grounds near Old Government House. Some of these were considered suitable, though of course no decision was arrived at. It is the intention, Mr. Hungerford stated, to proceed promptly with the work of construction when the site has been selected and secured. Asked if it was hoped to have the hotel ready for the next season, he replied in the affirmative.
The new hotel, Mr. Hungerford stated, will be open all the year around and will be designed to meet the requirements of tourist and commercial traffic, as well as the holding of conventions and carrying on of social activities. The present idea is to have a building containing between 75 and 100 bedrooms, with provision for adding to the accommodation if required.
Mr. Hungerford reported prospects good this year for the tourist trade. The party left at 2 p. m. yesterday in their special car on return to the mainland.

CREW SEIZE STEAMER 'ALMA' NOW IN PORT

Claim Made that Wages Have Not Been Paid By Government.

The steamship "Alma," formerly the "Brant," the property of International Fresh Fish Ltd., has been seized as a result of action taken by Captain Burke and members of the crew. The vessel for the past two months has been docked at Carragher's Wharf where she has been fitted up for fish-collecting on the north coast of the island. It is claimed by Captain Burke that O. W. Norden, who is president of International Fresh Fish Ltd., and who has been in the province for several months left Charlottetown by the afternoon train after being threatened by him with seizure of the vessel if wages were not paid to the crew, who have with-out remuneration been engaged in fitting the vessel for sea since April 23rd.
The case will come up before Judge Stewart at the session of the Exchequer Court on Saturday.
The International Fresh Fish Corporation has been subsidized by the government for the purpose of providing a fish-collecting service along the north shore of Prince Edward Island. The government is paying \$1800 per month to the Company for the operation of the boat.

WINNIPEG, Man., June 10.—Mrs. Ruth Jones and her 11 year old son were shot and killed to-

Recovering

H. R. H. Prince Henry, Duke of Gloucester, broke his collar bone in a fall during a polo game at Vancouver on June 4. Doctors state that the fracture will knit perfectly and that his royal highness is resting easily.

NEW CANAAN, Conn., June 10.—In accord with his wish, the body of Bliss Carman, poet and writer, who died Saturday, will be cremated following services in St. Mark's church here tomorrow morning. Rev. Charles Lawrence Adams, the rector, will officiate at the funeral service, and later the ashes of Mr. Carman will be buried in Lakeview Cemetery here. Many literary friends of the poet are expected to come tomorrow, and from among them will be taken the pallbearers.

Accident At Railway Wharf

Charles Moore In Critical Condition As Result Of Fall Between Steamer And Wharf Yesterday Afternoon.

Mr. Charles Moore, formerly of this city and now of Dunedin, West River, was severely injured and narrowly escaped drowning yesterday afternoon at the Railway Wharf when, in some unaccountable manner he toppled backward from the side of the steamer Hansi, and fell between the ship and wharf. Mr. Wallie McDonald, stevedore in charge of loading the steamer, saw the accident and immediately jumped to the lower stringer of the wharf and succeeded in holding the unfortunate man above water until a sling was lowered to raise him to the wharf. Dr. R. J. Ledwell was immediately summoned who gave first aid and then had Mr. Moore removed by ambulance to the Charlottetown Hospital, where at a late hour last night he was reported restless and still unconscious. He suffered severe injuries about the back of the head and face, presumably by coming in contact with the side of the ship.
It was not known last evening whether he was hurt internally or not.
Mr. Moore was in charge of a large boat plying between West River and Charlottetown. Yesterday he had just finished loading a cargo of potatoes on the Hansi when the regrettable accident occurred.

MEETING OF UNITED CHURCH FOX BREEDERS CONFERENCE

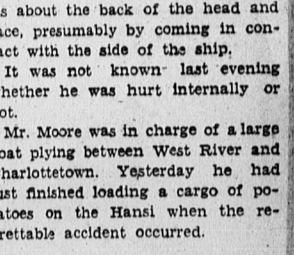

Protective Association Met Yesterday Afternoon—Third Successful Year of Organization.

(Canadian Press)
SACKVILLE, N. B., June 10.—The report of the committee on religious education with its various recommendations together with the report of the church publications occupied this morning's meeting of the United Church of Canada in session here. The report of the committee on religious education was presented by Rev. F. M. Milligan of Halifax and recommendations made include an aggressive campaign for the enrollment for those not now attending Sunday school, commendation of training camps, the adoption of a progressive campaign of education in temperance and definite programmes of evangelism. Among those taking part in the debate during the passing of the report was Rev. W. E. Allen, Cornwall, P. E. I.
A meeting of the members of the Charlottetown Fox Breeders' Protective Association was held in the office of W. K. Rogers yesterday afternoon.
The report of the Secretary-Treasurer, Major T. B. Rogers showing the number of foxes protected in 1929 and the expenditures was read and adopted.
This completes the third year that the organization has been in existence and during that time not a single untoward happening has occurred in any of the ranches under its aegis. It was a happy thought when the idea of a Protective Association was mooted and it did not take very long to complete its formation. True, many of the original members have dropped out considering that the financial outlay was too great. However, several of the large ranches like the McLure and MacKinnon Silver Fox Farms Limited, operating the Vimy and Union Vale ranches, the W. K. Rogers Dalton and Flood Ranches, The Charlottetown Silver Black Fox Company Limited, Rensh Mount Edward Road, the E. R. Brown Ranch near Charlottetown and the W. L. McEachern Ranch at Mermaid, have continued in membership.
Due to the fact that the services of the detectives have not been called upon the financial assets have been accumulating and the Association is now in a strong position should it be necessary to prosecute any parties for stealing or breaking into their ranches. The services of two legal firms have been retained as usual, also the Association's connection with the Detective Agency at Montreal, and the bloodhound "Gyp the Blood" is kept regularly in training by caretaker Tanton. Twice last summer parties questioned the acuteness of this animal's olfactory apparatus, but a demonstration with a bit of their clothing left behind convinced them that "Gyp" was the real goods when he tracked them for over two miles. "Gyp" came from the finest bloodhound kennel in America and made a reputation for himself in Kentucky previous to his arrival here.
As stated at the meeting yesterday the Association has the least desire possible to bring its machinery of justice into operation. All they ask is that the criminally inclined leave them alone.
The matter of former members using the old protective signs of the organization was discussed and it was decided to write them asking them to please return same at once. The present members feel that it is to say

SWEDISH PLANE LANDS SAFELY

(Canadian Press)
LONDON, June 10.—(A.P.)—An Exchange Telegraph dispatch from Copenhagen reported the Swedish aeroplane Sverige landed safely at Reykjavik, Iceland, at 8:45 p. m., G. M. T. (3:48 p. m. E. S. T.)
