## "I ADVISE EVERY SICK WOMAN

To Try Lydia E. Pinkham's Vegetable Compound."

"I advise every suffering woman to take Lydia E. Pinkham's Vegetable Compound for it has done me so much good. I had female weakness, inflammation, pains in my sides and painful periods. I suffered for six years and tried many remedies without benefit. The doctor said I must have an operation. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and since taking it I am cured and have a nice baby four months old. I feel like a new woman, and have recommended your medicine to my friends. I would be glad to have everybody know what your medicine did for me, and if any write to me I will answer all letters."

Mrs. MARY CALIGURE, 317 South Main St., Herkimer, N.Y.

Every woman at some period or other in her life may suffer from just such disturbances as Mrs. Caligure and if there is no interested friend to advise, let this be a reminder that this famous root and herb remedy has been overcoming these ailments of women for more than 40 years. If any complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years' experience is at your service.

## BEAUTIFUL EVENING GOWN

Nile green is the color of this elegant evening gown. The draped skirt is of chiffon velvet, while the basque-like waist is formed of broadened velvet of the same shade. Large squares of tulle make the sleeves, and there is a touch of silver net at the neck.

## LEATHER IN FAVOR

Soft Suede is Brought Out for Spring Jackets.

Pliable Material May Be Dyed in Seasonable Colors and Will Admit of Alluring Combinations.

The unheralded advent of leather coats in the autumn fashions gave the public a jolt and a surprise. It is whispered, writes a correspondent, that even the designers were not quite aware of the strength that the fashion would assume. Waistcoats of leather, jackets of leather and fur combined, were taken up by smart women in war work and remained as a street costume for peace activities.

The idea brought about a train of other ideas: Soft suede and pliable leather have been brought out for spring jackets. The suede is dyed in the spring colors, and one of new leaf-green which goes with a white crepe

Rainproof Suit of Black Leather. de chine skirt, is quite alluring. Such a combination is obviously intended for Southern usage, but the soft, black leather coats with bright linings are intended for the streets of big cities. They carry skirts of cheviot, serge and heavy silk jersey. The latter is again considered most desirable by well-dressed women.

## VOGUE FOR DECORATIVE WORK

Combination of Braid and Embroidery Where All-Braid Embellishment is Not Desirable.

When there is a considerable surface to be decorated, it is rather tedious and tiresome to embroider the whole thing. And so the vogue for combining both braid and embroidery is a fortunate one where the all-braid decoration is not desirable. The braid part of the combination usually confines itself to soutache, and the embroidery is interspersed in long-stitch dabs. According to this method, the braiding need not take the form of intricate scroll work. As a matter of fact, the work is very much more effective when the design is simple and bold, for the intervening embroidery can then be quite large and so much more effective.

Large spirals "spoked" with long, straight stitches in silk or wool make very fetching decoration with silk soutache of a contrasting color. Then the zigzag treatment of soutache may be given more decorative value by introducing large dots between the turns, worked solid.

It is almost as easy to pick the wrong woman for a wife as it is to pick the work horse in a race.

**FLOWER HOLDERS FOR TABLE**

Ivory-Colored Porcelain Makes Up Attractive Set for a Pleasing Centerpiece.

Several years ago, when sets of porcelain flower holders, which, linked together to form a great centerpiece, came in, they caused almost a dinner sensation. They seemed too much of a vogue to stay, but they are here still. One such set that recently attracted attention is made of ivory-colored porcelain. There are several narrow, troughlike flower holders, that, pushed together, form an irregular oblong in the center of the table. Small, short-stemmed flowers are arranged in anuses in these dishes. Then there are eight tall candlesticks to match, and they are grouped around the flower dishes. A mirror is nicely into the space defined by the flower dishes, and of course rests on the "covers" above and around it.

THE LAST RESOURCE.

A Scotch minister in need of funds recently conveyed his intentions to his congregation: "Well, friends the kirk is urgently in need of siller, and as we have failed to get money honestly we will have to see what a bazaar can do for us."

"How long should a man keep his arm around a girl, do you think?" asked the sweet young thing.

"Until he hears his wrist watch strike," replied the young man in kilt.

"Why, wrist watches don't strike do they?"

"Of course not."
