Northam Races Very Successful

About Seven Thousand In Attendance Yesterday At Big Race Meet. Marjorie M. Frank, J. Ortolan, Golden And High Toby Were The Winners.

Our estimate is that about 7,000 people were on the Milligan and Morrison grounds at Northam yesterday afternoon to witness the annual horse races. Cars were there from far away Maine, New Brunswick, Nova Scotia and from one end of Prince Edward Island to the other.

Edgar Milligan has certainly put Northam on the map and everyone spoke highly of the splendid track and buildings, which would do credit to a large city.

The racing card was a long one, the horses being called at two o'clock and the four classes were not completed until about seven o'clock.

The Read scoring system was tried out for the first time, but the horses could not get accustomed to it so after several scores it was discontinued.

The announcements were broadcasted by Holman's Ltd. sound system, operated by the radio department of that firm.

The grounds presented a picture with the cars parked on the southern exterior of the track and east side, and the thousands of people occupying the grandstand, enclosures and centre field.

It is difficult in a short space to describe the races, so we will be brief. 2:14 Pace. A great deal of rivalry existed between the partisans of Billy Cope who had two traps dangling to his belt as a starter for the season and Lucky Lindy his half brother and old rival.

A new factor was injected into the situation by the appearance of Marjorie M. from Sydney, who had beaten Cope and Lindy and had in return been beaten by them last year.

2:22 Trot and Pace. Golden, 2:12 (MacKinnon) 1 1 1 King Spruce, 2:11 (Jardine) 3 2 2 Mac Volo (O'Brien) 2 3 6 May Cromwell, 2:17 (George) 4 4 3 York, 2:17 (Delaney) 5 5 4 Edith Aubrey, 2:15 (Steele) 6 6 5 Bingara Todd also started. Time—2:16; 2:15; 2:14.

SHOOTING AT BISLEY

(Canadian Press Cable) BISLEY CAMP, England, July 13.—With aggregates of 103 out of a possible 105 a Scotsman and an Englishman led the thousand expert military shots in the opening stage of the King's Prize today, and will shoot off for the National Rifle Association's bronze medal.

They are R. W. Gleadow, formerly of Glenalmond College, and Corporal Sankey of the Ordnance Corps.

Lieut. Desmond Burke, of Ottawa, King's Prize winner of 1924 was only one point behind the highest score as he led the Canadian Bisley team into the opening round of the classic of Empire rifle shooting.

Today's first stage reduced the field to 300 competitors for Friday's second stage, when the entrants will again be cut down to 100 for the final stage of the big shoot on Saturday.

Lieut. Desmond Burke's score of 102 was equalled by only three other competitors. Eight were on the 101 rung. On the 100 score mark came two more Canadians, Captain J. M. Houlden, of Sherbrooke, Que., and Lieut. G. E. Matchett, of Hamilton.

Second Section Opens Tonight

The second section of the City League opens tonight with the All Stars plying the Rovers. The brand of ball being played deserves a larger attendance than the boys have been receiving so far.

The Rovers having won the first section, will have to step to keep the All Stars or Falcons from taking the second one. The battles for tonight's game will be, for the Rovers: Connors and Francis and for the All Stars, Ayers and MacDonald.

Russia Sows Less Wheat

MOSCOW, U. S. S. R., July 13.—(A.P.)—Soviet Russia has wound up the spring sowing campaign with nearly 1,000,000 acres less than last year under cultivation. The total is nearly 15,000,000 acres below the programme.

Official figures place the total area sown on July 1st at 241,890,500 acres as compared with 242,880,500 last year and 255,875,000 planned. Failure to come up to expectations was attributed largely to the poor showing of the Ukraine where a bad drought last year caused great loss of crops and seed.

BAD FIRE

(Continued from Page 1) treated for minor burns and smoke inhalation at an emergency hospital and 160 civilians were taken care of at two other stations. None of the injuries were expected to result in fatalities.

The damage to bath houses, apartment buildings, small concessions and dwellings was estimated by William C. Meinch, chairman of the Coney Island Chamber of Commerce, at \$2,500,000, of which about \$1,500,000 was covered by insurance.

A four block square area, bounded by the ocean front and Surf Avenue was a blackened mass of wreckage and that section of the promenade was in ashes. Scattered buildings outside the main local had been burned also and hundreds were homeless.

At least five large bath houses, all of them expensively equipped—a six-story apartment house, five three-story apartment houses, and dozens of cheaply-built stands were caught in the fire's stride. They burned rapidly and showered sparks over all the resort.

NEW YORK, July 13.—Upwards of five thousand bathers, their clothing and money burned, were left stranded on the beach by the fire at Coney Island today.

When the flames first began to crackle, a few of the fleetest managed to enter the bathhouses and salvage their belongings in a race against time. The great majority were unable to break through and wandered about for hours in their bathing suits.

CENTRAL GUARDIAN

CHOIR PICNIC—The members of the Zion Church Choir and their friends held a most enjoyable picnic at Stanhope Beach yesterday afternoon. A programme of games and sports was carried out, and full advantage was taken of bathing facilities. Luncheon was served at the summer residence of Mr. A. Mutch. About 75 in all enjoyed the outing.

SUCCESSFUL PUPILS—The following pupils of South Milton School have received Public School Certificates: Hilda Coles, Jennie White, and Vera MacNeill. This school has also been successful in winning the Strathcona Trust Shield which is symbolic of their having obtained first place in the Physical Drill Classes of the province. Much credit is due both the pupils and their teacher, Mr. Allison MacKinnon in gaining this distinction.

B. I. S. DANCE—A large number of people enjoyed Tuesday evening at the B. I. S. dance hall, where music lovers were handed out the best of old time firs, and modern selections by the society's own orchestra, consisting of Elliot, McKearney, Trainor and Nelson, the latter whose services have been secured for the balance of the season being one of the best trap players in the Maritimes; this orchestra can be heard each evening rehearsing between six and seven. A slight change was made in the lighting system, which shows up the large and commodious hall to better advantage, and also making it easier to enter the exits. A notable feature of the evening was a step dance by Bro. Vernon MacDonald. It has been some time since this gentleman has been seen performing on the floor, and has lost none of his usual feat activities. The Benevolent Irish Society social evening committee are to be highly commended for introducing this wonderful pastime.

NEW YORK, July 13.—The Sun said today it learned that Able Wagner, supposed to have been sought in the Lindbergh kidnapping investigation, was slain two months ago, his body encased in a barrel of cement and finally sunk in the East River. He was murdered, the paper said, as the result of a gangland "doublecross."

CANADA

Excavation of reefs and points in the Thousand Islands section of the St. Lawrence River from Lake Ontario to Chimney Point. 4. Two developments on the international rapids section, two canals and a total of three locks. Two power houses with an aggregate installed capacity of 2,200,000 horse power.

5. Dredging of shoals in Lake St. Francis. 6. Construction of locks at the lower end of the Beauharnois Power canal. 7. Control dams, and a canal with three locks from the foot of Lake St. Louis to Montreal Harbor with a power house at the foot of the Lachine Rapids with a final installed capacity of 923,000 horse power.
