Mr. Hickey Inspector and Mr. Richards, Fieldman of Credit Unions assisted in the organization. Mr. Cameron Reid, of Murray Harbor North, was appointed Treasurer. Although the night was not very favourable for a large gathering, thirty members subscribed to thirty eight shares. Interest in the movement in this section of the Island seems very keen and excellent success is anticipated.

Mexico Sells Oil Output To U. S. Concern

MEXICO CITY, Nov. 27—(AP)—Usually reliable sources today reported that the Government-Controlled Oil Administration had contracted to sell Mexico's entire oil output to an independent American concern. These sources said the sale was made despite existing contracts with Italy, Germany and South American buyers because the war made it impossible to transport oil to those countries. Because of the immediate benefits of an agreement with a United States concern, Mexico was reported willing to risk the invalidating of previous contracts. The name of the United States company was not revealed. Oil concerned in the deal is produced from properties which Mexico expropriated from American, British and Netherlands oil companies.
