NEW YORK, Oct. 7.—The body of Margaret McDonald Townsend, 23 years old, of Chambridge, Mass., found brutally murdered in a furnished room on West Twenty-second Street last week, will be shipped tomorrow to Lunenburg, N. S., for burial. The young woman was a native of that place.

DOMINION WOOL MARKET REPORT

For Week Ended October 6th, 1921

Sales of graded wools during the month of September exceeded any previous month of the year. The bulk of the trading was done in Western wools, as there is very little to offer in the Eastern grades. The market for pulled wools continues dull with little movement of accumulating stocks from this year's pelts. The cost of pulling and extremely good values in fleece wools have made it difficult for the pullers to operate. Quotations on pulled wools run from 17c to 50c per pound, depending on length and quality.

Appetite Good, Gained 20 lbs. Could Not Feel Better

From a nervous wreck this man was restored to health, strength and happiness.

He tells his own story in this letter.

Mr. Ralph A. Roberts, Loverna, Sask., writes:

"In 1917 I had lost all appetite, failed 25 pounds in weight, became very nervous and shaky and in fact given up all hope of recovery. For some time I had suffered from constipation, which kept getting worse, until I was fast becoming a total wreck. Doctors and their drugs were sending me to my grave at the age of 39.

"Then I read about people being restored by Dr. Chase's Medicines and after three months' use of Dr. Chase's Nerve Food and Kidney-Liver Pills I found that my bowels were restored to normal movement each day and the constipation was no more. I had a good appetite, had gained 20 pounds and could not feel better. I shall always be grateful for these benefits."

Dr. Chase's Nerve Food, 50c a box; Dr. Chase's Kidney-Liver Pills, 25c a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto.

SCHOOL SPORTS.—In the report of the school sports of Friday last the name of the pupil winning third place in the 50 yards dash under 8 years should have read, P. Sheifoon, who is the son of Mr. Jos. Sheifoon, city.

ATHLETIC MEDALS.—At the recent inter-scholastic sports the Patriot newspaper presented a gold medal for the best all round athlete. This was won by Lorne Wedlock and Vernon Currie, each of whom scored the same number of points. At a meeting of the Abegweit directors held on Saturday a similar medal was voted so that each of the boys above named will be awarded a medal. This is the proper way in which to encourage the junior athletes.

PRESENTATION TO MR. DIER.—On Saturday afternoon Mr. J. R. Dier, manager of the Union Bank, this city, and treasurer of the Abegweit A. A., who has been transferred to Owen Sound, was waited upon by the directors of the Abegweits and presented with an address and a silver cigarette case as a token of the esteem in which he is held by his fellow directors. Mr. Dier made an appropriate reply. He leaves this morning for his new charge.

HARVEST THANKSGIVING.—There was a large attendance at the special Harvest Thanksgiving services held yesterday in St. Paul's Church, the Church being fittingly decorated for the occasion with a splendid offering of fruit, vegetables, grain, etc., which will be donated today to the P.E.I. Hospital. Rev. Mr. Raymond at the morning service preached from Psalm 65-11: "Thou Crownest the year with Thy Goodness," and in the evening from the opening passage of the Lord's Prayer, "Our Father which art in Heaven." Mr. T. G. Wilson of Cleveland, Ohio, rendered a fine solo in the morning. In the evening the choir sang the anthem: "I Will Magnify Thee, O God, My King."

ARRANMORE IN PORT.—The C. S. Arranmore arrived in this port Friday afternoon from Quebec and began unloading her bulkers Saturday. Today she will begin taking on cargo and will be ready to sail by the end of the week. The Arranmore has been detailed by the Dominion government for light house supply duties at Belle Isle, Straits, Newfoundland, east and North Shore. She is a large powerful steamer of 550 gross tons with a maximum speed of 12 knots. Since last winter, when she underwent thorough overhauling at Quebec, she was taken up by the Clark Company for the North Shore Line, in which service she remained until detailed for her present duties. The crew of the Arranmore comprise forty-six men. Some of these, including Captain John Hearn, who brought her here are returning to Quebec in a few days. Capt. Rhude of Halifax, formerly Chief Officer on the C.G.S. Stanley, will take the position of Chief Officer on the Arranmore.

WEDDING BELLS.—A very pretty wedding was solemnized at an early hour Sat. morning in St. Peter's Cathedral, when Rev. H. C. Light, B. D., officiated in charge. The bride, Miss Helen Matrimon, daughter of Mr. and Mrs. R. T. Morris, of Toronto, and Ruth Louise, daughter of Mr. and Mrs. Lawrence W. Watson of this city. The church was prettily decorated with autumn leaves and flowers for the happy occasion by friends of the contracting parties. The guests who were confined to the very immediate relatives of the bride and groom, included the parents of the latter. Professor H. A. Tanton played the joyful wedding chorus from Lohengrin as the pretty bride, accompanied by her father, and daintily attired in a becoming travelling suit of navy blue tulle with grey squirrel trimming and a hat of blue tulle with silver grey cocktail plumes, and carrying a shower bouquet of Ophelia and sunburst roses, entered the church. At the organ pealed forth the gorgeous wedding march from Mendelssohn's Midsummer Night Dream. The happy couple, showered by confetti, carried with them the good wishes of a large gathering of friends and well-wishers. The bride, who is one of the most popular of the social circles of Charlottetown, was the recipient of a wealth of beautiful presents, including several substantial cheques from friends at home and abroad. The groom, accompanied with a number of silver by the members of the staff of the Superintendent's department of the Canadian Bank of Commerce at Halifax.

NEWFOUNDLAND Swept By Great Gale

ST. JOHN'S Nfld., Oct. 7.—A wind storm blowing at the rate of about eighty miles per hour swept this coast this morning, and was indirectly responsible for the death of one school child, and serious injury to two men in the suburbs of the city. The fatality occurred when Margaret Skinner, aged twelve, caught hold of a wire fence across which a live electric wire had been blown by the storm. She was instantly electrocuted. The school met with injury in the same way, and though both are badly burned their recovery appears certain. The storm also caused havoc with the shipping in harbor, many craft going adrift and getting badly tangled up. Two men of Dog Cove who were caught on the water in a small boat are feared blown to sea and lost, according to a message received here by the Assistant Collector of Customs. The missing men are John Bagg and William Warren, and belonged to the southwest coast. The schooner Effie M. Prior is reported ashore and a total loss at Savage Cove, Straits of Belle Isle. She had on board a cargo of over a thousand quintals of green fish.

Sir Robert Borden to Washington Conference

LONDON, Oct. 7.—With the virtual selection of five of Great Britain's six delegates for the Washington conference on limitation of armaments the Government has reached final state in preparations for the trip to America. The five men now most likely to be included in the commission are Arthur Balfour, Lord Lee, Sir Robert Borden, of Canada, a representative of India-Chosen more for sentimental than for other reasons—and George Foster Pearce, of Australia who will take the place of former Premier Hughes. The sixth member of the delegation probably will represent the Home Government but no decision has yet been made regarding which one of the Cabinet members will be the choice—it seems to revolve around Winston Churchill, Worthington Evans and Gordon Hewart. It is difficult because domestic affairs necessitate the presence of nearly all the officials in England. Mr. Balfour's appointment has not yet been officially announced, but it is considered certain he will accept the Premier's invitation to head the delegation. Balfour murmured at the outset because of his extended absence at Geneva where he played a prominent part in the League of Nations assembly meeting. It is believed equally certain that Borden, of Canada, will accept the invitation and that some arrangement will be made whereby Pearce will voice the views of both of Australia and New Zealand. Lloyd George, probably, will not be present at the opening of the conference, but the United News is reliably informed that he intends to leave England the latter part of November, if possible and to remain in Washington four weeks.

Montreal Has A Haunted House

(Special to The Guardian) MONTREAL, Oct. 8.—Montreal has a haunted house. The residence of Madame Deschenes at 77 Gazelais St. St. Henri has recently been the scene of extraordinary events. Pictures fall from the walls, tables are overturned and beds are unmade and the sheets and blankets thrown around the room without any human intervention. It is claimed the parish priest, Father Desnoyer confirms all the above phenomena and a reporter of the Montreal La Presse who went to the house states they made up a bed in one of the rooms went out a few moments and when he returned to the room he found all the clothes scattered about. Both the police and the Parish Priest have made a minute examination of the house without finding any trace of a practical joker.

Japan May Accept Conference Agenda

(Special to The Guardian) TOKIO, Oct. 8.—Japan probably will accept United States agenda for the Washington Conference on the limitation of armaments and Far Eastern questions but may suggest additions; according to information from responsible circles here. These additions would avoid concrete questions but would include general principles such as equals opportunity throughout the entire Pacific. The agenda was discussed by the Cabinet today and will be submitted to the advisory council on Monday.

New Glasgow Team Expected Next Week

The New Glasgow Athletic Club were in long distance communication with Secretary J. A. McMillan of the Abegweits on Saturday with reference to arranging for the New Glasgow football team to appear here next week. In all likelihood two games will be played by the Scots—one with the Abbies and the other with the St. Dunstons. This would be a great year for the Abegweits. They have already played here and New Glasgow will appear here next week. In addition there is a probability that Moncton and the Caledonians will also engage the local teams. Along with the local league games the fans have a real football treat in store. The Abegweits have many aspirants for the team and every man must be in attendance at each practice. Tonight at 7 o'clock all players are requested to meet at Victoria Park.

No Settlement Yet Of Railway Wage Cut

(Special to The Guardian) MONTREAL, Que., Oct. 8.—After round table conferences the Canadian railways and the five railway brotherhoods involved in the dispute over the 12 per cent wage cut have failed to find a basis of agreement. All attempt at settlement by conference between parties was finally abandoned at a late hour yesterday afternoon and the conciliation board comprised of Mr. Justice McLennan, chairman Isaac Pitblado, K. C., Winnipeg for the company and David Campbell, barrister, Winnipeg for the men will accordingly make its own recommendations which will be forwarded to Ottawa in due course of the Railway Conciliation Board which began its sittings on Sept. 28th was established in connection with the wage reduction announced by the four Canadian railways, the Canadian Pacific, the Grand Trunk the Canadian National and the Toronto Hamilton and Buffalo which together amounting to 12 per cent, were identical with those announced by the United States Railway Board.

DETROIT MAN MET TERRIBLE DEATH

DETROIT, Mich., Oct. 7.—Death in one of its most terrible forms came to Frank Helleck, 43 years old, today. When working in an alley in the rear of his home he was sucked down and slowly smothered by quicksand. His hands, protruding above his involuntary grave, furnished the first clue to the horrible fate which had befallen him. W. T. Sellers, a neighbor, discovered the body when he went out to summon Helleck to support at his wife's request. Helleck, who was a Ford employed, after returning from work in the afternoon, told his wife he was going to do some excavating in the alley to connect his house sewer with a main that is being constructed in the neighborhood. This was the last time he was seen alive. The spot in which he was working is principally sand, and Helleck apparently slid in a hole a little more than six feet deep when as struck the quicksand, in to which he sank. The appearance of the body indicated that the doer man made a terrific fight for his life against impossible odds. The upper part of his clothing was torn almost to shreds, and upon his hands were deep lacerations, indicating that he had scraped them against the walls of the excavation in a last effort to secure a hold of some kind that would stay his body from being sucked further into the sand. It is believed the man had been buried at least half an hour before his body was found.

Banking System For Tax Payers

(Special to The Guardian) LONDON, Oct. 7.—The Birmingham Overseas have arranged through the Municipal Bank to enable ratepayers to place in a deposit account weekly or at other intervals, sums towards their taxes. When payment becomes due the bank will pay the rate on instruction from the ratepayer. The object is to ease matters for small ratepayers who find the half yearly system difficult.

Embargo On Cattle Still Unsettled

(Special to The Guardian) LONDON, Oct. 7.—Sir Arthur Griffith Boscawen of the Ministry of Agriculture announces that he has not arrived at a decision regarding what action to take on the report of the Royal Commission on the importation of store cattle made public on September 17th. A new and difficult situation has arisen in consequence of the Commissioner's report. The report of the Commission expressed the view that the admission of Canadian cattle was advisable.

President Carvell May Resign

(Special to The Guardian) OTTAWA, ONT., Oct. 7.—It is rumored here that unless Chairman Carvell succeeds in securing a majority of the Commissioners behind him on the Bell Telephone issue he will tender his resignation from the Board.

Mayor Church To Contest Election

(Special to The Guardian) TORONTO, ONT., Oct. 7.—It is now definitely settled that Mayor Church will go to the Conservative convention in North Toronto. "I am in the hands of my friends and will run anywhere the party wants me to run," said the Mayor to the Star, when asked if his decision had at last been reached.

Canned Goods Prices Have Been Reduced

(Special to The Guardian) MONTREAL, Oct. 8.—Retail grocers are now lowering the price of their canned goods. In some cases as much as five cents a tin. Tomatoes, peas and Lombard plums are now quoted at five cents less a tin and canned strawberries which were formerly sixty cents are now fifty or eleven cases of two dozen containers, canned peaches which formerly sold at thirty-nine cents single size have been reduced to thirty cents. Although tomatoes were more plentiful this summer they are only being reduced five cents.

British Dominions To Be Represented

(Special to The Guardian) WASHINGTON, Oct. 7.—The United States Government is gratified that the British Dominions are according to Premier Hughes of Australia to be represented in the Department. "His government has tried all throughout the negotiations to arrange for the conference to make possible for the British Dominions to be represented in the conference. The United States could not directly suggest to the British government that the British Dominions be represented and never has done so because that question officially is of no concern to this country. The American government however did suggest to Great Britain that the size of the delegations to the conference be placed at five, six or seven with the idea of giving Great Britain enough room in her delegation to have Dominion representatives.

THE ONLY ALTERNATIVE

A well known Scotch "meensie" took up golf and despite great practice, could not succeed in passing the tyro stage. His simple exclamations of "Tut, tut, 'Oh, dear, now.' 'Well, well' and the like were plain evidence of a perturbed spirit. One day when the perspiration flowed freely from his lofty brow and his honest countenance shone with lustre and radiance which, alas! was not due to calmness of soul but rather the heat of the sun and his laborious efforts to move the obstinate gutta percha from his station on the tee, he was tempted to indulge in strong language. "Dear, dear, but I'll have to gie it up. I'll have to gie it up!" he said at last, with a despairing look at the ball. "Give up the game, Mr. D—!" exclaimed his friend who had been a witness to his attempts. "Na, na, the meensiey answer the other with a sigh,
