THE lecture in the Union church, Lot 31, on Thursday evening next promises to be a big success. The lecturer Rev. T. F. Fallerton will describe his experiences in South Africa which will be illustrated. Admission 10 and 15 cents.

REMARKABLE SUCCESS. Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh.

Formerly the name catarrh was applied almost exclusively to the common catarrh but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeling ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuar's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients, Blood root, Bismuth and similar catarrh specifics.

Dr. Alister in speaking of the new catarrh cure, says: "I have tried the new catarrh remedy, Stuar's Catarrh Tablets, upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat more effectually and astingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver, or bladder will find Stuar's Catarrh Tablets remarkably effective pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

MR. JAS. SOMERS VESSEY, the fourth son of Robert Vessey, Esq., is spending a few weeks vacation at the old home at Little York. Mr. Vessey has been absent 13 years and during that time has travelled over a large part of the U. S. Beginning at Boston he soon arrived at New York and secured a lucrative position with the New York Telephone Co. On April 4th Mr. Vessey took steamer from New York to Galveston, a distance of 2200 miles, thence to Colorado Springs which produce the most delightful soda water. Here he visited the Garden of the Gods and the Grand Cañon. Thence he proceeded to Salt Lake City a distance of 800 miles. In the Mormon Temple, which was 40 years in building, and from which all are excluded but the followers of Brigham Young, is the largest organ in the world. The water of Salt Lake contains 70% salt and thousands of tons of the purest salt are exported yearly. Near the lake is the largest dancing hall in the world. Mr. Vessey next visited Denver, the resort of consumptives from all parts of the world, Chicago a smoke begrimed city, hot springs in Arkansas, a noted gambling centre during the winter months. Those springs are strongly charged with magnesia, alum etc. St. Louis was next visited. Four of the main buildings for the exhibition of 1904 have already been constructed. From here Mr. Vessey went to the Niagara Falls, which is without doubt one of the finest sights in the world. Thence he proceeded to Newark, N. J. and worked some time for the Western Union Tel. Co., before he set out for his former home in P. E. I.

REMARKABLE SUCCESS. Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh.

Formerly the name catarrh was applied almost exclusively to the common catarrh but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeling ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh.
