

# QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

Dr. DANBACH, Kensington, was in the city yesterday.

Miss VERA LISA, Victoria, is visiting in Moncton, N. B.

Rev. Mr. SPENCER and Rev. Mr. GILLIS returned yesterday from Halifax.

ROBERT THOMPSON, Prince Edward Island, was in Moncton this week.

ANY good girl desiring to learn typesetting should apply at this office at once.

In future all classified and other advertising, verbal replies to which are to come to this office, will be charged at double rate.

The Minto arrived at Georgetown from Pictou yesterday at 9.45 a. m. bringing over ten cars of mixed freight and twenty-five passengers.

One of the greatest concerts of the season is to be given in the Opera House at an early date by the young men of Zion Church under the direction of Professor Watts.

EVERYTHING looks promising for big prices this season for cheese. The market is one cent higher now than same date last year with a brisk demand and prices advancing.

W. B. Young, Wood Islands, left by the express last night, en route to Boston. Mr. Young has been for some time past employed as a carpenter on the railway construction in this city.

ATTENTION is directed to the auction sale today at 12 o'clock noon of seven valuable building lots on Upper Hillsborough and O'Leary Streets. A rare opportunity is afforded to secure a choice building lot at a bargain. Sale on the premises.

An aged and respected citizen in the person of Alexander S. Bayer, aged 71 years, passed away at his home, 3 Waterloo street, Halifax April 20. The deceased is survived by a wife and three sons, Charles in Boston, James in Charlottetown, Prince Edward Island and John in Halifax.

COAL to arrive. The S. S. "Coban" is now on her way here with a cargo of coal. She sailed from Louisbourg C. B., at 10 o'clock yesterday morning with a choice cargo of 1200 tons reserve run mine coal for Peake Bros. Co. Parties requiring coal are requested to book their orders at once, and delivery will be made while steamer is discharging.

GEORGE A. ADAMS, Millview, P. E. I., has successfully passed the final examinations in the Business Department of the Union Commercial College, Charlottetown, winning an honor diploma. Mr. Adams secured high marks in all branches, and is especially commended for the excellent style of capital business penmanship acquired, a specimen of which may be seen at the College.

The Guardian regrets to say that a number of news items, among them two reports of weddings are held over because those sending the reports have neglected to enclose their names with their communications. It is absolutely necessary that news be accompanied by the name of the sender. These items are apparently all right but they simply cannot be published until the correspondents' names are forthcoming.

Under the heading in display type of "Charlottetown on verge of starvation," the Boston Scotsman publishes the following: "Owing to the series of ice lookades this winter, there is a heavy shortage in sugar, molasses, flour and kerosene in Charlottetown. For example, half of the grocers have not a barrel of sugar in stock. A car load that recently arrived for a wholesale house, was distributed in barrel lots. While there is no danger of a bread famine, the stock of staple brands of flour is getting very low," says the Patriot, and it is also stated that the coal supply falls short of the demand." This certainly beats out anything that has yet appeared in this line.

The Guardian's correspondent at Earncliffe writes: George Fraught has returned from visiting his brother in Sourl, who is very ill. A pilot steamer arrived here Monday to resume work for James H. Jirson—the well known lobster man.—Miss Eunice McIlvray left for Boston, Monday.—The annual meeting of the members of the English Church, Cherry Valley, was held on Monday afternoon in the church, Rev. Mr. Hogan presiding. The officers for the ensuing year are: Vestrymen—James H. Bourke, Peter Carrier, G. J. Irving, W. A. Beers, John Carrier; W. S. N. Case, George Beers and Seymour Young; Wardens—John Carrier and W. A. Beers; Synod Delegates—W. S. N. Crane and J. H. Bourke; Substitutes—G. J. Irving and John Carrier; D. C. S. Delegates—John Carrier and William Beers; Vestry Clerk and Secretary—Seymour Young.

The mail arrived in the city yesterday at 12.15 p. m.

F. Parker Carvell returned yesterday from Montreal.

Senator Ferguson arrived home yesterday from Ottawa.

J. A. S. BATES returned home from Halifax yesterday.

The Minto which arrived in Georgetown from Pictou at 10 a. m. yesterday morning met with a lot of ice but it was loose and not very difficult to get through. The Minto will try for this port tomorrow.

John McKay who has for over twenty years occupied the building on the corner of Water and Spring streets as a harness shop, has moved across the street to the building formerly occupied by Campbell & McKinnon, Summerside. The building he has vacated is to be removed shortly to give space to the new Bank of Commerce building.

Last night James Peters, son of Premier Peters, was a passenger by the express to Georgetown, on his way to St. Leonard's N. B., where he will enter the Grand Trunk Pacific service. Mr. Peters is very popular in Charlottetown, and has been closely identified with the athletic life of the community. Last winter he won prominence in the Abegweit Club, figuring well among the clever hockey players of that winning association. For some time past he has been acquiring a practical knowledge of mechanics at Bruce Stewart & Co's establishment. He was attended at the railway station last night by quite a crowd of friends, and his departure was cheered by their farewells, vociferously expressed in song. He will be followed by the good wishes of all who are acquainted with him.

There are many friends in Charlottetown and throughout the county of C. O. McNeill, formerly of the Customs Department in this city, who will regret to learn of the death of his son Vernon D. which occurred recently at Ottawa. The Ottawa Journal of April 24th referring to the event, says: "The remains of the late Vernon D. McNeill, who died at the home of his parents, Mr. and Mrs. C. C. McNeill, 71 Park avenue, on Sunday, the 21st inst., were laid to rest today in Beechwood cemetery. He was born in Prince Edward Island, but came to Ottawa with his parents; seven years ago, and for some time was employed in the car service office of the Canada Atlantic Railroad. His health breaking down his doctor advised him to try the dry air of sunny Alberta, and four years ago he went to the Bad Willow district on the Battle river, and for a time was greatly improved, but during the winter of 1906 he caught cold and that dread disease, consumption, owing to his lungs being weak, attacked him, and from it he never recovered. Besides his sorrowing parents, he leaves to mourn his demise, one brother, in the employ of the "New York American," New York, and one sister at home.

A recent copy of the Dawson City Daily News contains a glowing account of the tens of thousands of buckets of pay dirt on the dumps at Granville. In the course of an extended review of the work done in the best group of the Granville claims, reference is made to the fact that Currie, Edwards and Logan, on 200 benches, have taken out 1,000 buckets of two wheelbarrows each and have opened 300 feet of tunnel for summer work. The boys are well satisfied with the prospect. "Another claim which received mention is Larkins and Currie's on the Larkins bench, who are reported to have taken out 4,000 buckets of pay dirt. It will be of interest to many readers of The Guardian to know that the Currie who is manager of 50 benches, is George B. Currie, son of A. Currie, Dundas. The Currie of Larkins, son of A. Currie, is D. A. Currie another son of A. Currie. Mr. Larkins is a Prince Edward Islander also and belongs near Summerside. Other Islanders who are doing well in the Yukon are Archibald Matheson, and John Matheson, sons of Malcolm Matheson, Dundas. There are two other sons of Mr. Matheson also in the Yukon in other mining centres, W. K. Currie another brother of the Curries mentioned, is located on Quartz Creek. This is without doubt one of the best seasons in the history of Granville and the millions of that section expect that millions of dollars worth of gold will be washed out. It is particularly gratifying to know that this Province is so well represented there, and everyone will wish success to the Island contingent.
