Hood's Pills**

Because purely vegetable—yet thorough, prompt, healthful, satisfactory—  
OAKLEY BARON.  
(4) 2.23.  
Everywhere the family founded by Baron Wilkes (218) is winning distinction, and so well recognized are the merits that no section is without its scion. It may be obscured for a season in the light of the meritorious performance of members of other families, but the next year something sensational is always sure to appear, as, for instance, when the performance of Native Bell (2) 2.074, by Moko, Son of Baron Wilkes, electrified the world and caused ambitious breeders to say they might as well sit down, as the greatest height had been achieved.

Oakley Baron is a son of Baron Oaks, brother of Oakland Baron (2.094), and is out of Katie Kinward by Kinward (2.25) and his second dam was Kate Stranger, by Stranger, a son of Gold Smith Maid (2.14). Baron Oaks died young, but he is a sire of high-class speed and his list is increasing with each year. Oakley Baron, four-year-old record 2.23 in a winning race, is a brown trotter 15.3 and nearly or quite 1,200 points.  
He is owned by W. S. McKie, of Charlottetown, P. E. Island, and is having a very desirable patronage. His colts are of much quality and are showing speed, and they won at the exhibitions in the three of his adopted country.  
In breeding, size, substance and some race-horse qualities, Oakley Baron is the peer of any stallion of his section.—American Horse Breeder, Oct. 14, 1909.

**MORE LIGHT NEEDED.**  
Sir,—I read with considerable interest and some amusement A. E. Morrison's letter hauling me over the coals. Just why he wrote is not apparent, and just what he wrote is not much better. A "black canopy" of "unclouded splendor" and absolute darkness notwithstanding the blaze of light which passes through it, would certainly require some dust as a background to be comprehended by the unscientific mind. In fact, the meaning like the light is somewhat obscure.  
I have never seen an electric beam and did not know that anyone else had but I fancy blowing a black hole through one with the breath would be an interesting experiment, if not dangerous. I like experimenting and will try his one as soon as I catch a beam. Could any one wonder that no exception was taken to his theories?  
Yours &c.  
W. P. DOULL.

**CARD**  
To the Electors of the City of Charlottetown:  
Ladies and Gentlemen:—Having been requested by a large number of influential citizens to offer again as a candidate for Commissioner of Sewers and Water Supply for the City of Charlottetown, I have consented to do so. For the past two years I have served as a member of this board. During that time I have devoted a considerable portion of my time to the duties devolving upon me as Commissioner. The report of the Board for the past year shows the largest income since the introduction of the system into Charlottetown. Citizens can also learn from this report how satisfactorily this branch of our civic activities has been conducted of late years.  
In soliciting a continuance of your confidence and support, I also wish to take advantage of this opportunity to heartily thank the electors of Charlottetown for the handsome vote recorded me when I was a candidate for this position in 1908. I am, ladies and gentlemen,  
Yours respectfully,  
DONALD NICHOLSON.

**What Makes Your Motor ?**  
Has it the IMPERIAL Stamp of Quality or is it merely a Motor ?  
We could build our motors cheaper, but, look—it's you who would run the risk. We could "skimp" on many points, but it's you who would suffer. Before we commenced building motors we studied every motor offered for sale here, particularly their weak points, and then built our motors to give you something clean outside of competition, with the best points of the best motors and the weak points excluded.  
Now, could you in the face of these cold facts buy any other than  
**The Celebrated "IMPERIAL" Motor**  
When you consider them built right in our little Province, by the best workmen that could be procured, and then, you know we are right on the spot to substantiate every statement and carry out our agreement to the last letter.  
Watch our advertisements, we want to familiarize every Provincialist with the excellence of our product, the "IMPERIAL" Motors.  
Can't we send you a catalogue—
