WASHINGTON, January 22.—According to statements made recently, letters have been received from Colonel Roosevelt in which he discusses the political situation in the United States.
The ex-President, it is said, gives hearty endorsement to President Taft's action with regard to the tariff, and the sentiment uttered by him on his western trip. He discourages the efforts of some of his friends to find fault with President Taft.

in two cycle, three port design

These Motors are better designed, built and equipped than any other two cycle Motor offered for sale in Canada.

Fishermen and pleasure boat owners, are requested to send for Catalogue and full particulars before placing orders elsewhere. All we ask is a fair comparison with other Motors, and we are satisfied we can make good our statements.

We are always ready and willing to assist and give information in regard to the running of the Motors. And then again, the advantage there is in being able to secure any parts that may be required from time to time, right at home, instead of having to send abroad for them—which you would have to do, if you purchase a foreign make.
