A Heavy Coat

TO CHANGE OFF WITH YOUR TOP COAT

Winter doesn't come all at once—there's a period of vacillating weather for a month or two.

Even if you won't need a big overcoat all the time now days will come when you will.

And it's pleasanter to make a selection while stocks are new, and be among the first out.

You won't want to "get by" with a last year's either. The difference in the style is too noticeable.

Happy Mother Tells How Children Were Restored

The value of Tanlac's family medicine is again very forcibly demonstrated in the home of Mrs. Josephine Deckret, 1912 Bank St., Baltimore. After putting this splendid tonic to the test with herself and three children, Mrs. Deckret says: "Tanlac has been such a great blessing to myself and three children that it has won my lifelong praise. My health had been so wretched for two or three months that I was just dragging around. I could neither eat nor sleep to do much good and had a world of trouble with indigestion. I have just finished my third bottle of Tanlac and am almost a well woman already." "John Frank, aged six, and Carolina, who is four, both complained of headaches, pains in the stomach and were very restless at night. They had no appetites, were thin and pale, and took no interest in play or anything else. "And Joseph Paul, two years old, was in just about the same fix. I could not get him to eat, he was fretful day and night, and was very thin and pale. They have taken two bottles of Tanlac each, now, and are healthier, happier children could not be found. John Frank has gained six pounds, Carolina eight and little Joseph is as fat as a butterball and playful as a kitten. I certainly have good reasons for praising Tanlac." The experience of the Deckret family is only typical of thousands

of others whose statements are on file in the Tanlac offices. Hardly a day passes that does not bring scores of such messages of praise from every part of the United States and Canada, from families where mother, father, son and daughter have all found health, contentment and the joys of living through simply taking a course of Tanlac. Tanlac is sold by all good drug gists.

STEALING GEESE.—The goose yard in the eastern end of Summerside where geese that have been bought by American buyers prior to shipment has been a favorite haunt for many of those who are fond of delicious meat and who object to paying for it. As a result the buyers claim they have been losing many geese nightly since the shipping season opened and a short time ago a watchman was employed. Some time Saturday night the watchman discovered three young men about and he was successful in capturing one and took him to the police station but while arrangements were being made to lay a charge the prisoner escaped and has not yet been located.

PAINFUL ACCIDENT.—The young son of Mr. Edgar Arsenault carpenter of Cedar St., was severely scalded while playing about the house on Monday morning. A washing machine containing boiling water attracted the child's attention and during his mother's absence from the room for a few moments he succeeded in pulling out the drain plug with the result that the water poured over one side of his face and body with very serious and painful results. Medical aid was at once called in and the child while badly suffering is considered out of danger.

POPULAR PLAYERS.—The ever popular Mae Edwards and her associate players opened a full weeks engagement at Happyland Theatre, Summerside on Monday night when the "Moth" a mystery comedy delighted a full house. Miss Edwards starting in the role as Jane Morrison very ably assisted by Jack Werner Gorban and all star cast. The vaudeville turns between the acts are of a clean and interesting character and in themselves are well worth the money. Summerside theatre goers are in for a rare treat at Happyland every night this week.
