A correspondent informs the GUARDIAN that Mrs. Andrew Thompson of Tryon, who is over 80 years of age and was for several years totally blind, has recently recovered her sight so as to be able to see almost as well as ever. Besides this she has cut a new tooth within the past four weeks. Needless to say her health is good.

Past, present and future were somewhat ludicrously blended in connection with mail matters Friday and Saturday. The Capes courier brought provincial papers of Feb. 24, 25, March 1st and 2nd, and a smart little local newsy brought the Pioneer of the 6th, prematurely thrown on the world on the 4th. A Dickieson separator could be advantageously used at Cape Tormentine.

The Christian Endeavor Society will give an entertainment in the Presbyterian S. School room tomorrow evening. A literary and musical programme has been arranged and is in hands that will make it a success. Among the principal features are a drama—of a very interesting character, and a dialogue—which cannot fail to amuse. This entertainment should not be missed. Admission 10 cts.

ATTENTION is directed to the Mechanic's Mfg. Co's new ad. which appears in this issue. The stock of lumber carried by this firm, and their facilities for manufacturing it are not excelled by another firm in the Province. Their new departure—undertaking and undertakers' supplies—has grown into a very important feature of their business, and compares very favorably with the best undertaking establishments on the island. The secret of their success in all lines is the fact that their work is honest and their prices always right.

A LOCAL barber informs the GUARDIAN that he has just completed an invention which he purposes putting on the market when the necessary preliminaries in connection with the patent can be arranged. The invention is a simple device by which a customer is pinioned in the chair while a placard bearing the significant legend, "see me now" is dangled before his eyes. On payment of the required fee, the placard disappears and the customer is relieved. It is intended only for those who pay the barber with a "see you again."

JOAQUIN MILLER.

[Continued from the first page.]

Everywhere the coon song rageth, whether sung by May Irwin at the select Bijou or by a broken-down star in the Tenderloin. The very latest colored melody is entitled "He Aint No 'lation o' Mine" sung by Belle Davis in "Brown's In Town."

Here is a verse:—

"He aint no 'lation o' mine He's just as waam as he can be In the summer time he's too waam for me! He aint no 'lation o' mine! He aint no 'lation o' mine! Fum this day foath I'm not his wife! Please, Mr. Judge, send him up for life! I can't stand his abuse— If ever he gits loose I'll let him be, he is nothin' to me— He aint no 'lation o' mine!"

Other of the newest coon songs are "I Guess I'll Have to Telegraph My Baby" and "Darktown is Out Tonight." But there is another new song—the prettiest that ever happened—not a coon song, with which the theatres are ringing at present, called "Just one girl." "Mid the fields of old Virginia," a kind of sequel I suppose to "Old Kentucky" is another of the latest things. By the way "Old Kentucky" is now rendered, "She sold bread in old Kentucky" There is a favorite coon song that Anna Heid popularized with her perfect witchery entitled "He certinly was good to me" and it's very "catchy and very new. "At a Georgia camp meeting" wears the best of any of the out-of-date songs, and is really good, done in rag-time.

But there are songs which it is perilous work to sing here just now. When "Darling Sue" or "She was bred in old Kentucky" or "If you aint got no money" is sprung the audience always moves unanimously in one of two directions. One is out; the other is towards the stage. Otherwise a vast variety of goods are abruptly thrown at the vocalist. Six months in Harlem is the minimum penalty for "Take back your gold" while for "There'll be a hot time" the shortest sentence is four weeks in Brooklyn.

KIDNEY-SICK PEOPLE!

By far the largest army of sufferers in the world are the kidney-sick people—but by far the largest army of the cured ones attribute their release from disease to the great South American Kidney Cure—Cures Bright's disease. Cures diabetes. Cures all bladder ailments.

Kidney diseases are the most insidious of all diseases common to humanity, within the past few years medical science has made wonderful strides in coping with its ravages. South American Kidney Cure has proved rich in healing power, and every day testimony is piled up for its great curative qualities. Where kidney disease exists it is generally indicated by certain changes in the urine, such as mucus, sediment, albumen, brick dust, acid and blood—pain is not necessarily an accompaniment, which only aggravates the insidious nature of it. Testing and experimenting has disclosed the fact that the passing through these organs of the solid particles in the ordinary course of circulation do in a remarkably short while clog up, grind out and impair them so that the functions of these organs are not performed and disease lays hold on the patient with a ruthless hand. Kidney diseases require a solvent—South American Kidney Cure is a solvent—it is a kidney specific—claims to be no more—it has been tested by eminent medical authorities on kidney diseases, and proved and testified to by them as the surest and safest cure for all diseases of the kidneys and bladder. It's a purifier—a healer—a health builder—efficacious alike to man or woman.

Good News from the North Country—A young machinist in a large manufacturing concern in Northern Ontario, fell a victim to the dropsical form of kidney disease through atmospheric changes in following his daily labors—he continued his work until almost commanded to quit by the physician from whom he had been receiving treatment. He visited Toronto and consulted an eminent authority on kidney diseases. The doctor sent him home with as hopeful a story of himself as he could give, but wrote privately to the young man's physician that it was only a matter of time with him until death would claim another kidney victim. When he began to realize for himself that his case was hopeless he took his case in his own hands, determined to fight for his life. He experimented with many so-called cures without relief. South American Kidney Cure was brought to his notice, and like everything else, he tried it—under his astonishment he began to feel better under its use. He continued to gain strength—he took six bottles—and to-day that same young man can be found at that same lathe, working for that same concern, hale and hearty as the first day he went there. He gives all the credit to South American Kidney Cure.

SOUTH AMERICAN NERVEINE—Is a nerve healer. Cures indigestion and all stomach troubles which are forerunners of nervous collapses. SOUTH AMERICAN RHEUMATIC CURE—Has lifted men out of a bed of pain after a few days' use, who have not been free from suffering for years. DR. AGNEW'S OINTMENT cures blind, bleeding, itching or ulcerating piles in from three to five nights. 35 cts.
