

THEIR DOUBLE PORTION

A grown person needs only enough food to repair waste. A child must not only be provided for in the same way, but must in addition be furnished with material upon which to grow. Nature thus imposes a double task.

A weak child has therefore a poor chance in life unless at the very outset its nourishment is given special and constant attention. Wasting conditions follow a lack of proper nourishment. And with the wasting comes what? Improper growth surely. A child needs something more than food—more than good food; it needs the full value of that food. Because of this great need Scott's Emulsion is of special value to growing children. It reinforces a child's ordinary food; it furnishes the true elements of nourishment that the everyday food either lacks altogether or fails to properly supply.

Children like Scott's Emulsion; they take it readily. The change for the better begins almost at once; it takes a child in long strides in the direction of easy, healthy, natural growth. Scott's Emulsion lightens a child's burden when growing.

A FATAL SHOOTING ACCIDENT

A Fourteen-Year-Old Lad at Duvar Road Falls.

AND HIS GUN DISCHARGES

While Crossing the Rail Road—The Charge Entered His Throat and he Died in Half An Hour.

A sad shooting accident occurred at Duvar Road on Saturday in which a lad, fourteen years of age, son of Moses Brown lost his life. The boy was on his way partridge shooting with a full cocked muzzle-loading gun and while crossing the railroad quite near his home he slipped, the gun discharged penetrating him at the throat. The unfortunate young fellow died in half an hour.

THE death took place at Traveller's Rest on Friday of Mrs. McNeill, widow of the late Malcolm McNeill, after an illness of about two months. Last fall Mrs. McNeill was seized with a stroke of apoplexy, later she was stricken with pneumonia and ten days before her death with another attack of apoplexy. Deceased was an estimable lady and leaves six sons and one daughter to mourn, viz.: Hugh J. Brandon, Man.; Jas. A., Mayor of Summerside; Ronald and Simon, Asper, Colo.; Hubert, at home; John, Randolph, Man.; Mrs. John Goodwin, Wellington. Two brothers, Angus McDonald, Bedeque, and Daniel McDonald, St. John, N. B.; also survive her. The funeral took place on Sunday at 2 p.m. and was very largely attended. Rev. J. C. McLean conducted the services.

The Stanley is still drifting in the vicinity of Hampton. Yesterday fourteen of the steamer's men came ashore, landing at Cance Cove with an iceboat, twelve going to Charlottetown and the others to Cape Traverse. The engineer, in a letter to Mr. Lord, reports the ship has 100 tons coal and provisions short. The steamer is in the same pan of ice as which held her off Sea Cow Head. The field is about two miles by one. Capt. Brown writes Mr. Lord as follows:—

“We are in a bad pack of ice and have no chance of getting out. The propeller is jammed with rafted ice below. I see no chance of getting the ship out of this packed ice just now. We are reducing the crew, as we haven't provisions enough on board to keep all hands all winter. If the Minto comes across us we will put up a flag, so that she can break in towards us.” Mr. Lord was telegraphed to the Department, asking for the Minto to come to the Stanley's assistance.

THE DRUGGISTS ARE AGREED

That the surest and only Painless Corn and Wart Cure is “Putnam's”. It was the first corn cure on the market, and still leads all competitors. Always refuse a substitute.

The new market house to be erected next summer will, no doubt, be modern and up-to-date and it is to be hoped that the City will consider the requirements of those who will occupy it. We think that stall-holders should be consulted regarding how it is to be laid off and sufficient space given them to meet their individual requirements and if they are willing to pay for it, why not give it to them? We are now established in the new market shack, east end, next to Saunders & Newsom's meat market. Farmers and others when in town should call and take advantage of our cut on onions, 10 lbs for 25c and by the barrel low. The Americans have thousands of acres of glass devoted to the culture of lettuce. We are the only firm on the Island that have lettuce in the market at present, but our sale is so limited here that we are compelled to ship it to other towns, such as Sydney, when this place should consume all we raise. For winter vegetables we have parsnips, carrots, beets, turnips, cabbage, potatoes, onions, etc. In canned goods tomatoes, peas, corn, (sundries) beans, peas for soup, herbs, savory, sage. Cash paid for fresh killed rabbits.—J. J. Gay & Son. 23 Fri and Tues and w 2 wks

TOO GREAT EXPENSE.

Not the Reason.

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation?

This is rightfully viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact that the cause is not removed.

The proprietors of the Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published testimonial to be not genuine and unscrupulous; this latter feature is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mr. Wm. Lichtenwalter, head of the largest printing house in Canton, Ohio, says:

“It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles, after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty cent boxes of Pyramid Pile Cure.”

“Advise every person suffering with this distressing and painful complaint to give this remedy a trial. I have every confidence in it.” Write the Pyramid Drug Co., Marshall, Mich., for their book on the causes and cure of piles.

A TRUE NERVE TONIC.

Will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can, however be restored and strengthened by assimilated food. The marvelous action of FERROZONE arises from its action over the digestive and assimilative processes. When you take FERROZONE the blood is purified, strengthened, and grows rich and red. Then you grow vigorous, healthy and beautiful, ready for work, because you have the strength to do it.
