ATTENDING CONFERENCE

Mrs. Ernest Philpott and Mrs. A. R. Reynolds, of Port Hawkesbury, are making a brief visit in Truro, guests at the home of Mrs. McMullen, Park Street. These ladies are office holders in their district Women's Missionary Society of the United Church and are on their way to Summerside, P. E. I., to attend the Maritime Convention. —Truro News.

W. M. S. SOCIAL

A very successful social was held at the Belfast Church Hall on Wednesday evening, under the auspices of the Eldon Branch of the Women's Missionary Society. At the request of the president, Miss Katie McEachern, the pastor, Rev. D. L. Griffiths acted as chairman for this special occasion, and after an address suitable for the event, called upon volunteers to present a short program which was responded to with a spontaneity that was refreshing as it was edifying. The president, Miss K. McEachern delivered a worthy speech on the question of Missions, especially Home Missions. Mrs. Mabel McEachern entertained the audience most heartily with verses she had composed for the occasion. Mrs. Eva Murcheson sang "God will take care of you." and Mrs. Bertha West rendered "One Sweetly Solemn Thought." Mrs. R. West made a short address and also sponsored a game of questionnaire on Bible Knowledge, which proved very interesting. Mrs. Millie McDonald carried out the duties of accompanist. The meeting had been opened with a hymn and prayer by Rev. Griffiths. A very dainty repast had been prepared by the ladies of the Society which was as sincerely enjoyed by the large company, as was the splendid impromptu program, and much credit is due to this faithful band of ladies for their good work.

A TRIBUTE TO MRS. JOHN A. ROSE

On April twenty-first two years and three days after her husband died the tender, sweet spirit of Mrs. John A. Rose, of Albion went to join him. Since death must come, if there is a fitting reward for the immeasurable unselfishness exemplified by her life it was bestowed on her in permitting her to meet death swiftly and almost painlessly, with a devoted son and daughter at her side to receive her earthly farewells.

She lived seventy-five years. To her they were short years. Each one of them added to her long list of loyal friends. Her gentle modest personality and the strong character underneath it never failed to awaken and hold the love and admiration of all who met her.

She was a kind generous friend, but transcending that she was a loving mother and homemaker. In the many hardships of what might be called a pioneer community she raised a large family. To their welfare, physical and spiritual, she dedicated the service of a lifetime. She rendered it with a loving faithfulness, a steadfast devotion capable only to a soul in whom no thought of self ever found place.

Only two of her six living children were with her when she died. But to be absent from her was not to be deprived of the spirit of the home she made. Distance could not destroy nor time lessen the poignant appeal of her tender devotion, the far-reaching influence of her goodness. Only to think of her was, in a sense to experience that blessed feeling of peace and security associated with the name of home.

And now altho' she is gone in that sense she is still here. To those she left, even in death she continues to give added purpose to life and inspiration to try to be worthy of her memory.

HAS LOST FAT FOR THREE YEARS

68 lbs. Gone Altogether

A woman writes:—"For nearly three years I have been taking Kruschen Salts every morning in hot water, and have lost 68 lbs. of fat. My weight before taking them was 196 lbs., and it is now 128 lbs. Compare the difference — it is marvellous. My mother and sister are also taking Kruschen and lots of our friends, and think they are wonderful. As regards diet, it is not necessary to do one little bit of dieting; in my case I have never denied myself anything since I started taking Kruschen Salts. I walk every day, and do not eat many potatoes or much sugar. I don't think I shall ever be grateful enough to Kruschen Salts for the great help they have been to me, and shall never stop taking them, or recommending them to people I think need them." —(Miss) K. T.

"Taken every morning, Kruschen effects a perfectly natural clearance of undigested food substances and all excessive watery waste matter. Unless this wastage is regularly expelled, Nature will eventually store it up out of the way in the form of ugly fat."

Father Presents Son With Service Medal

(Special to The Guardian)

QUEBEC, Que., May 9—An event unique in the railway history of Canada took place tonight at a banquet given by the veterans of the Levis division of the Canadian National Railways when eighteen employees, recently retired on pension, were presented with Imperial Service medals. The feature of the presentation came when Fred Haince, formerly general foreman of the erection shop, River Du Loup, Que., had the honor of personally decorating his son Joseph Z. Haince, engine man at Joffre, Que., with a similar Imperial Service medal which he himself had received some years ago. Together father and son served the Canadian Government and Canadian National Railways about three quarters of a century.

In commenting upon this unusual event W. A. Kingsland, General Manager Central Region, who had come from Toronto to be present at the conferring of the long service decorations, congratulated Mr. Haince upon the double distinction which had so worthily been conferred upon himself and his son and spoke of the magnificent records of service which characterized the veterans of the Canadian National Railways and of the great value their services had been to the country at large.

The presentation ceremonies were attended by a number of officials of the central region.

Pimples On Face A Dreadful Sight

Miss C. H. Langenhahn, Vermillion, Sask., writes:—"My face was covered with pimples, and I hated to be seen by anyone, as I was a dreadful sight."

I got no relief until a friend, who had had the same trouble, told me to use Burdock Blood Bitters, and after I had taken two bottles I am happy to say my face is all cleared of the pimples."

MR. ANGUS MARTIN

There passed away at his home in Dundee, Lot 50, on March 2, 1933, the late Angus Martin, in the 81st year of his age.

He was the son of the late John and Mary Kettle Martin. It was Mary Kettle who named the district Dundee, after her birth-place in Scotland.

The late Mr. Martin was one of a family of ten, all of whom are dead except Maria, who lives at the old home. She is 87 years of age. Mr. Martin was a highly respected neighbor, honest and upright in character.

During the last year he had not been feeling well, but continued to work on the farm. He received much assistance from kind neighbors, especially from Mr. and Mrs. Murdoch McPherson and family.

Despite the bad roads and inclemency of the weather, the funeral service at the home was largely attended. Rev. D. M. Sinclair spoke briefly from Ecclesiastes 12. Mr. Martin was laid to rest in the family plot at Orwell Head. The pall bearers were: F. J. Matheson, J. A. McDonald, Samuel Martin, Murdoch McPherson, Stanley McLeod and Daniel M. McDonald.

Await Pension Committee's Report

OTTAWA, May 9—(C.P.)—Hopes that the House of Commons Committee which is examining the legislation amending the Pension Act would conclude its work tonight were expressed this afternoon by the Chairman, Colonel James Arthurs (Cons., Parry Sound). It was particularly desired that the committee expedite its work, said Colonel Arthurs, in view of the possibility that Parliament may prorogue "sooner than we think."

Considerable progress was made by the committee at the two sessions today, with many minor amendments inserted into the Bill to meet the objections of the veterans.

A feature of the sittings was the reading into the record of a letter addressed to R. K. Smith, (Cons., Cumberland), a member of the committee, from Premier Gordon L. Harrington, of Nova Scotia. In that communication the Nova Scotian Premier expressed his opinion that abolition of the present Pension Tribunal "is liable to lead to injustices that would offset its financial saving."
