

MANY CONSUMPTIVES HELPED.

State Hospital in Adirondacks Shows Encouraging Figures—105 Patients Discharged.

The trustees of the New York State Hospital for Incipient Pulmonary Tuberculosis in the Adirondacks have issued their completed statistics for the first year, which is as follows: There were admitted 207 patients, more than half of whom were incipients. There were no deaths. Of the 105 patients discharged, fifty-two were apparently recovered. Twenty-six arrested cases are reported. Sixteen improved, while eleven left without any improvement. The treatment consists mainly of outdoor air, wholesome food and rest. Patients have three full meals and two or three luncheons a day, and 90 of the 105 gained an average of 10.57 pounds each. This is certainly most encouraging and shows that incipient consumptives at least can be cured. There is another treatment perhaps almost as good. Stay home, use cold baths in the morning, get as much outdoor exercise as possible, a generous diet and the continuous use of Scott's Emulsion will doubtless check the progress of the disease and may permanently cure. At any rate it is easy to try it.

THE TONIC OF HEALTH.

Must be more than a stimulant—must be a food as well. There is one medicine that is both a food and a tonic—it aids digestion, promotes assimilation, converts food into nutriment that builds up nerves, blood, brain and bone. That tonic is Ferrozone which contains exactly what a run-down system needs. Ferrozone supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles. No wonder it makes such vigorous men and women. You'll eat, sleep, think and feel better by using Ferrozone; try it—now. Fifty cents buys box of fifty chocolate coated Ferrozone tablets, at all dealers.

Two tons of smelts and eels were shipped to New York yesterday by Roy C. McLean. Large quantities are coming in every day and it makes no difference how large or small the quantity is the highest market prices are paid. A couple of fishermen at Fortune have been making some large hauls. Two recent shipments contained some very large specimens of eels also a large lot of extra size smelts.

BADLY INJURED IN AUTO ACCIDENT

WASHINGTON, December 17—In the outskirts of Washington, Walter Beaupre Townley, counselor of the British embassy, sustained minor injuries and his wife, Lady Townley, was knocked unconscious and badly bruised about the head and left shoulder. Both were removed to the home of a nearby physician for the night. The accident occurred on the Military road, northwest of the city, as the automobile was speeding down an incline. At a turn of the road the brakes were applied suddenly, the machine slipped and overturned and the occupants were thrown out. Lady Townley remained unconscious for some time.

With New Blood In the Arteries

You Will Feel New Vigor and Confidence Throughout the Whole Body.

Dr. Chase's Nerve Food.

Do you know what it is to feel well—to feel full and hearty and vigorous—to feel full of energy and ambition—to enjoy work and look forward hopeful and confident of the future?

This is the natural way to feel when your blood is pure and rich and your nerves thrill with life and vitality.

This is the way you will feel if you revitalize your wasted and depleted nervous system by the use of Dr. Chase's Nerve Food.

Not in any miraculous way—not after the first dose or first box, it may be, but when your system has been gradually built up—your blood enriched and new vim and vigor instilled into the nerves.

Dr. Chase's Nerve Food is a wonderful medicine, but its wonders are accomplished in Nature's way, by thoroughly restoring the elements lacking in a rundown body.

No other treatment for the nerves acts in exactly this way. Some relieve by deadening the nerves—some by excessive stimulation.

Dr. Chase's Nerve Food brings about lasting beneficial results by forming new, rich blood and creating new nerve force.

Mrs. Sarah Gill, 234 Euston street, Charlottetown, P. E. Island, states: "As a natural consequence of increasing age, I was beginning to feel run down and felt that I needed something to tone up my system. I procured a box of Dr. Chase's Nerve Food and can say that I found it a most excellent medicine. I have used several of Dr. Chase's preparations and always found them very beneficial. I consider Dr. Chase's Nerve Food the best nerve and general tonic I have ever used."

There is lots of evidence of what this great food cure has done for others. Ask your neighbor about it. 50c a box, at all dealers or Edmanson, Bates & Co., Toronto.
