DRASTIC NEW REGULATIONS

restricting sales of new, retreaded, and used tires, new and used tubes, and retreading services

GO INTO EFFECT TODAY

Canada's rubber shortage is graver than ever. Not for many months will synthetic rubber be produced, and then only for the needs of the armed forces. Effective today, only a limited few, the owners of essential eligible vehicles, may obtain usable tires or tubes, or retreading services. Retail transactions must now be confined to sales between dealers and the eligible motoring public.

Class: Who may buy? What may be bought? How purchases may be made. "A" Physicians, visiting nurses, freighters, police, certain trucks, etc.

"B" War technicians, War supply inspectors, Taxi owners, etc. "C" Food inspectors, Scrap buyers, Travelling repairmen, Rural school teachers, etc.

FULL DETAILS OF THE NEW ORDER ARE OBTAINABLE FROM ANY TIRE DEALER

The tire dealers of Canada will see that the new regulations are obeyed, but Government enforcement officers will also be on the watch throughout Canada and very severe penalties will be imposed for any infractions.

HERE ARE SOME OF THE RULES EVERY DEALER MUST OBEY:

- 1. He must become familiar with all the provisions of the new order. 2. Before making a sale he must satisfy himself that the purchaser cannot do without the tire he seeks—that the purchaser has no other vehicle in a lower class which he could use, and that he has no tire or tube (in storage, or on a vehicle in a lower class, or on an ineligible vehicle) which could be safely used in place of the tire he would buy. 3. He must receive, without allowance of any kind, a tire or tube of corresponding type and size, before selling another tire or tube. 4. He must make certain that he has received from the purchaser the proper written authority to enable him to make the sale, or provide retreading services. 5. If he cannot fill all his orders at the same time, he must give preference to vehicle owners in a higher class. 6. It is his patriotic duty to repair and legally resell all usable tires in his possession, and turn over at once to the nearest salvage agency any scrap rubber he has on hand or receives in the future, including all tires and tubes no longer serviceable.

Every person, whether a dealer or not, must report by May 31 to the Tire Rationing Representative at his nearest Wartime Prices and Trade Board office, all tires and tubes in his possession on May 15 which are not scrap and which are not on the running wheels and one spare rim of each vehicle he owns.

Wants Municipal Tax on Airfields

OTTAWA, May 13—(CP)—A request that Royal Canadian Air Force flying fields pay taxes to the communities in which they are located was made in the House of Commons today by Ross MacDonald (Lib. Brantford City) who said there were two sides to the question of an airport's value to the municipality.
