### Brit. Government To Probe Russian Lumber Imports

(Canadian Press)  
OTTAWA, Sept. 8.—News from London that the British Government had authorized the Tariff Advisory Commission to enquire into the question of Russian timber imports, was received with considerable satisfaction in Dominion Government circles.

Both Prime Minister R. B. Bennett and Hon. E. N. Rhodes, Minister of Finance, while attending the World Economic Conference in London, pressed vigorously for such action toward Russian lumber as would carry out the terms of the Canada-United Kingdom Trade Agreement.

Section 21 of the agreement, which was executed at the Imperial Economic Conference here last summer, provided that the United Kingdom would take any steps necessary to guard against Canadian lumber losing any advantage on the Old Country market through unfair competition.

The Canadian Ministers argued that the circumstances under which Russian lumber was produced constituted unfair competition for the Canadian product, particularly in the matter of working conditions.

### KIDNAPPED BRIT. OFFICERS ARE RELEASED

(Canadian Press)  
TOKYO, Sept. 8.—Liberation of W. E. Hargrave, A. B. Blue and Charles Johnson, British officers, who were kidnapped by Chinese pirates from the merchantman Exchange on March 29 was announced by the Foreign Office today.

The authorities did not disclose the amount of the ransom paid for the officers nor the methods of settlement used. They were similarly reticent about Dr. Nells Nelson, an American missionary, who was abducted by a gang south of Mukden on April 11.

Hopes for the early release of Dr. Nelson were expressed at the Foreign Office which announced that armed Japanese police had established contact with the gang that kidnapped him.

DUBLIN, Sept. 8.—The party of former President William T. Cosgrave and the Centre Party today agreed to merge with the blue-shirted National Guard into a United Ireland party under the leadership of General Eoin O'Duffy, head of the latter group.

Political circles interpreted this to mean the forming of a united front against President Eamon De Valera.

Cosgrave and Frank McDermott, centre leader, will serve as Vice-Presidents, with Cosgrave acting as leader of the united opposition in the Dail Eireann.

### Meteor Lake Section Holds Balloonists Fate

SUDBURY, Ont., Sept. 8.—(C.P.)—Murky skies and heavy fog tonight screened the fate of two balloonists whose big bag disappeared during a terrific storm in the Meteor Lake district five days ago and is believed to have been thrown either to a forest-studded, remote country or one of its dozens of small lakes.

(Associated Press)  
BELFAST, Me., Sept. 8.—An armed madman went berserk on the main street of Belfast today killing two men outright and mortally wounding two others before blowing off the top of his own head.

The killer was Adrian Jones, former employee of a Massachusetts insane asylum, who had been known to be demented but generally considered harmless.

The dead were: Herbert E. Ellis, 65, an insurance salesman, and Raymond Blazo, 40, a truckman, who died instantly under the madman's fire, and R. B. Stanhope, 47, a veterinarian, and W. W. Blazo, 71, father of Raymond, who died of their wounds in a hospital several hours afterward.

### RAILWAY CONSTABLE IS KILLED

(Canadian Press)  
MONTREAL, Sept. 8.—Constable James MacKie, 43, of the Canadian Pacific Railway Police, died in hospital tonight as a result of bullet wounds received while attempting to arrest two men in the railway yards at Lanoraie, Que.

Death came after three blood transfusions had been given Constable MacKie. Following first aid treatment in Joliette, Que., shortly after the shooting he was rushed to Montreal where physicians toiled throughout the day to prevent death.

Constable MacKie received four bullet wounds, two in the left arm, one in the chest and the fourth in the abdomen.

Meanwhile Paul Thoun, 28, was in police custody at Joliette as a result of the shooting. He was arrested by Constable W. G. Miller, also of the Canadian Pacific Police, who was patrolling the Lanoraie yards with Constable MacKie when the attempted robbery of a freight car occurred.

According to police information, Constable Miller did not witness the shooting but hearing the shots went to the aid of his fellow constable. He arrested Thoun and rushed both his prisoner and Constable MacKie to Joliette. Later, with Chief of Police V. Simard, of Joliette, he travelled to St. Thomas, a nearby village, where Gaston Bouchard was arrested in connection with the attempted robbery.

### Victim Balks At Robbers' Deflation Idea

(Canadian Press)  
SALT LAKE CITY, Utah, Sept. 8.—When three masked robbers stuck a pistol in Joseph J. Weidner's ribs and demanded his cash he only laughed. His total resources at the moment were a nickel and three pennies.

But when, in revenge, the robbers started letting the air out of his motor car tires, that was something else. Weidner leaped to action, with the result that the three took to their heels. They overlooked his watch and a diamond ring worn by his fiancée, Miss Ruth Hooper, seated with him in his car.

### U.S. WARSHIPS PATROL ISLAND WATERS

(Associated Press Staff Writer)  
WASHINGTON, Sept. 8.—(A.P.)—While American warships dashed to new trouble spots in Cuba today, President Roosevelt postponed plans for a week-end fishing trip to keep in closest touch with the tense situation.

Coast guard cutters went scamping to four points on the troubled island where there were reports of disorders that might endanger foreigners, but Ambassador Welles in a telephone report to Secretary of State Hull tonight, said no forces had been landed.

During a day of swift moving development, the coast guard cutters were sent to Puerto Padre, 100 miles from the eastern tip of the island; Matanzas and Cardenas, both within 100 miles of Havana to the east; and Antilla, important sugar shipping port on the northeast tip of Cuba.

Attention of the President and the State Department focused on the momentous unfolding of efforts at Havana to settle the island's governmental problem and restore stability.

Considerable importance was attached to information that Foreign Minister Puig of Mexico had sent a message to Argentina, Chile and Brazil asking for their cooperation in bringing influence to bear on the present Cuban authorities to maintain order and protect lives.

Among the day's developments was the dispatch of a coast guard vessel to Antilla, an important sugar shipping port on the northeast tip of Cuba, where Secretary of State Cordell Hull said some American lives were reported endangered.

### Fire Destroys Farm Dwelling At Ellis River

The comfortable farm dwelling of Mr. Cecil McNeill of Ellis River, Lot 16, was destroyed by fire Friday afternoon. The fire started about 2 p.m., apparently from the stove, and in spite of the strenuous efforts of the neighbors the building could not be saved. The furniture down stairs was mostly all saved but the family lost all their clothing, bedding and furniture upstairs. It is understood there is a small insurance. This is the third time that fire has destroyed the property of Mr. McNeill within a few years.

Only a year ago his barn was destroyed by fire and eighteen years ago his residence was burned. The house now burned was built to replace the other. Much sympathy is felt for Mr. and Mrs. McNeill and their family of young children. S.

### Two Fishermen Sight Balloon In Quebec Area

(Canadian Press)  
QUEBEC, Sept. 8.—Two fishermen tonight brought word of the sighting of one of the balloons in the James Gordon Bennett balloon race about 13 miles from Riviere a Pierre, a small village in Portneuf County.

Word of the balloon was brought here tonight by two men who returned from a fishing trap. They said they saw the big bag flying very low about seven o'clock Monday morning. Two men were in the basket and they appeared to be throwing out ballast.

Shortly after it was sighted a brief thunder storm blew up and they lost sight of it. Later they believed they saw it come down in the forest a few miles away. They searched but were unable to find it.

### Colorful Career Of King Feisal Brought To Close

Desert Warrior Who Wrested Kingdom From Turkish Empire Dies In Switzerland.

(Associated Press)  
BAGDAD, Iraq, Sept. 8.—Crown Prince Ghazi today was proclaimed King of Iraq, succeeding his father, King Feisal, who died suddenly in Berne, Switzerland, of a heart attack.

The city became quiet when news of the King's death reached here. All shops and business houses, closed and streets were deserted except in the vicinity of the only newspaper which issued a special edition which was rapidly bought.

Official announcement was made that there would be a seven-day period of state mourning. Thousands tonight attended prayers in all Bagdad Mosques. In the city was an atmosphere of calm.

Political circles said there was no reason to fear that the death of Feisal would give rise to any active political complications.

Berne, Switzerland, Sept. 8.—King Feisal of Iraq, a scholar and desert warrior who, with the aid of the romantic Lawrence of Arabia wrested a kingdom from the wreck of the Turkish Empire during the war, died in a Berne hotel today following a sudden heart attack. He was 48.

Death came on the heels of Syrian troubles in Iraq, the youngest nation in the League of Nations family, which culminated in reports that 600 Syrian Christians were massacred.

The King, broken in health, was deeply anguished by these charges, which undoubtedly contributed to weaken his heart. He was gravely ill when he came here from Bagdad a few days ago and his physicians, although realizing the treatment in Switzerland was necessary, were apprehensive of his ability to stand the journey.

While it was generally known that he was gravely ill, his passing was a shock even to members of his entourage. His intention was to remain here two weeks and then return to his capital, Bagdad.

He was accompanied here by his brother Ali, who is in charge of funeral arrangements.

King Feisal was born in 1885 at Taif, the son of Sharif Husain and a descendant of Fatimah, the only surviving child of the Prophet. He was educated privately in Istanbul.

After the Great War he played an important part with General Allenby and T. E. Lawrence in Arab revolts. In 1921 he was elected to the Iraq throne by a plebiscite. On his arrival here the Monarch in an interview insisted there

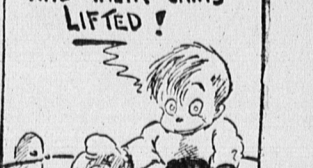

### MT'L STRIKE CONTINUES

(Associated Press)  
MONTREAL, Sept. 8.—(C.P.)—The strikers' settlement committee, to negotiate in connection with differences which occasioned nearly the whole of staffs in Montreal clothing factories to quit their posts was formed today and a meeting with manufacturers had been arranged for next week. It was announced by strike leaders today.

The day was without untoward incident as the strike leaders and their followers persisted in their refusal to return to work without obtaining higher wages and better working conditions and at the same time vigorously pushed the task of enrolling workers in suburban clothing factories under the banner of the amalgamated clothing workers union.
