

Humors

They take possession of the body, and are Lords of Misrule. They are attended by pimples, boils, the itching letter, salt rheum, and other cutaneous eruptions; by feelings of weakness, languor, general debility and what not. They cause more suffering than anything else. Health, Strength, Peace and Pleasure require their expulsion, and this is positively effected, according to thousands of grateful testimonials, by **Hood's Sarsaparilla** which radically and permanently drives them out and builds up the whole system.

About Coffee.

People who are particular about the flavor of their coffee, people who know good coffee from bad coffee and want the good, are the people who are building up our coffee business. There is no adulteration, no substitution—every pound is honest coffee. Try your next pound from us, and be convinced.

They will all with the exception of the 82nd, return on Saturday night.

In the centre of the main building of the St. John Exhibition the C.P.R. held its exhibit. There the products of the great West were shown in artistic display. Sheaves of grain were grouped around a small pagoda and the roof was thatched with straw. Placards described in a few words the possibilities of the western provinces for grain production and settlement. The whole exhibit was a splendid object lesson of the size and productiveness of that great country.

IRRITATING PIMPLES AND FIGURING BLOTCHES.

They place many young girls at a great disadvantage in life. The only cure is a blood purifier like Ferrozone. It cleanses the crimson flood of poisons and impurities, renews and strengthens it, and makes lots of red corpuscles that manifest their presence by a ruddy, healthy glow in the cheeks and lips. Ferrozone quickly masters all skin eruptions, builds up broken-down constitutions, and gives to weak, sickly women an abundance of spirits, vitality, energy and beauty. Try Ferrozone, it's all right. Price 50c. per box, or 3 boxes for \$2.50, at druggists, or N. G. Poison & Co., Kingston, Ont.

THE primary department of the Heatherdale School was recently closed. Cause lack of pupils.

Ernest A. Foster, the genial drug clerk at the Central Drug Store, returned to the city after spending a week's holidays with Dr. Bradley of North Wiltshire. Ernest reports extra good fishing and a very pleasant time. Judging by his looks he has enjoyed every minute of his vacation, and his many friends are only too happy to see him in his old place again.

THE exhibit of Vim Tea at the St. John Exhibition was in the form of a handsome pagoda with garden in front. In the garden were chairs and tables and those in need of refreshment were cordially served with a cup of the most exquisitely flavored tea. Vim tea is well named and is a most popular brand very reasonable in price. Messrs. Baird and Peters are the St. John agents for Vim Tea and they also had an excellent display on the ground floor of Christie Brown & Co's well known biscuit.

THE well known McClary manufacturing Co had a splendid exhibit of their famous stoves at the St. John Exhibition. Aside from manufacturing first-class stoves of all kinds they turn out a large variety of tin-ware galvanized iron and granite ware etc. Among the leading stoves made by this firm are the Kitchener range the "Famous Active" range Corwall steel Range, Kootenay Range, Yukon triple heater, the Oak a heater for soft coal and several other high class lines including paraffine oil heaters. The McClary Company's stoves have the reputation of being second to none in America embracing all the latest points in design and workmanship. H. H. Beer is the popular and hustling representative for the firm in the Maritime Provinces.

THE largest and finest display of vehicles ever made by any one firm east of Toronto was shown by the McLaughlin Carriage Co Ltd. at the St. John Exhibition. Their factory established upwards of thirty-five years ago at Oshawa Ont. is the most modern and fully equipped in the country and also the largest under the British flag. More than four hundred men are employed and the output is in the vicinity of fifteen thousand vehicles per year. No expense is spared to see that every vehicle is finished in the most careful and perfect manner before being shipped from the factory and the forty odd wagons and sleighs displayed there clearly illustrated the ability of this company to turn out first class work. Any persons who have not had the opportunity of seeing their display would do well to get a catalogue from the nearest agent to their district.

Miss M. Josephine Comstock, who has been giving vocal instruction on the Island during the summer, wishes to make known to the public her intention of remaining on the Island and continuing her class throughout the winter. Miss Comstock was to have returned to Boston this fall, out because of her many engagements for the winter, and also at the earnest request of her class, she will remain and open her fall term the first week in October. Miss Comstock and Miss Lefurgey are to make a tour of the Maritime Provinces this month which will of necessity postpone their classes for a short time. Miss Lefurgey also contemplates organizing a class in physical culture and elocution in Charlottetown beginning also in October. The terms of both Miss Comstock and Miss Lefurgey are within the reach of all. These ladies are well qualified both by education and experience not only to be able to execute their work in a most pleasing manner before the public, but also to place their pupils in a position to do the same.

THE Preachers association met in the First Methodist Church, yesterday at 2.30 There were present, the Rev. Richard Ople in the chair, also Revs. W. B. Thomas, Joseph Parkins, Geo. M. Young, Thomas Hicks and J. W. McConnell, Messrs John T. Mellish, M. Peardon, Thomas Ayers, G. H. Taylor, Geo. Carter, John Edwards, Henry McKenzie, Henry Ruckham, and John Wheatley. There was a careful review of the work of the past quarter, and arrangements for the work of the next quarter were made in perfecting the plan of appointments. There was an earnest conversation on the nature and needs of the work. The next meeting of the association will be in the new church Cornwall, on the 1st day of Dec. at 3 p. m. a public meeting at 7 p. m.

THOMAS CURRAN and his son A. Curran of St. John's Nfld. are at the Revere Hotel. Mr. Curran is a native of Winsloe and has been in the ancient colony for the past twenty one years. He is on the Island for the purpose of purchasing horses for the Newfoundland market.

THE London Times in commenting on a recent MacLachlan concert has this to say: "No better title than Queen of Scottish Song could have been found for Jessie MacLachlan, one felt on seeing her that something out of the ordinary might be expected of the lady; but few were prepared for such a glorious rendering of "Angus McDonald" which MacLachlan treated them to. The enthusiasm unbounded and she had to return giving as an encore "Rule Britannia" with such effect that the whole audience rose to their feet and the chorus at the close was taken up with a tremendous wave of enthusiasm." Miss MacLachlan has created enthusiasm in every large city in Great Britain and on the continent. She will electrify her audience here on the evening of Oct. 2nd, in a manner which no other living singer is capable of doing. Everybody seems interested in this great musical event and a crowded house is a certainty.

A telegram to H. M. Davison yesterday afternoon announced the death of his brother H. Wallace which occurred at St. Paul, Minn., in the forenoon. The deceased though in somewhat poor health for a year past greatly improved about six week ago and was assured by his physician that there was no immediate danger from the dread Bright's disease to which he was a victim. On the advice of the manager of the firm of Farwell Ozmun Kirk and Co. in which he was employed and who suggested that he should rest for the year he went to Lindstrom Springs. The change however, did not improve his health and he returned to St. Paul a few weeks ago. Last Tuesday the first intimation of his serious illness was received and his brother Milton who at the time was in Ottawa hastened to his bedside. He continued to sick during the week and yesterday morning passed away. The deceased was in his forty eighth year and during the past twenty years has resided in St. Paul. Last Christmas he was summoned to the bedside of his dying mother here but was called away again ere she died by the illness of his wife, who has since fully recovered. He leaves a wife—the youngest daughter of the late Phillip McLaren of this city—and two sons to mourn their loss. Mrs. Davison and sons and J. Milton Davison with the remains will leave St. Paul Thursday and are expected to arrive here Saturday evening. To the brothers to whom the death of the deceased comes as a signal sorrow, and the family of the deceased who mourn the loss of a kind husband and father, we extend our sincere sympathy in the hour of their bereavement.
