## PIC TOU HOLY NAME SOCIETY EXCURSION

### 250 Visitors Here Yesterday to Attend Mass in St. Dunstan's Cathedral—Enjoyable Trip by S. S. Hochelaga.

Upwards of two hundred and fifty excursionists including members of the Holy Name Society of Picton accompanied by the Rev. R. J. McGlorry, arrived in the City Sunday morning about 11 o'clock on the S. S. Hochelaga.

The members of the Holy Name Society attending High Mass in St. Dunstan's Cathedral, celebrated by the Rev. Patrick McMahon, His Lordship Bishop O'Leary delivering an elegant sermon for the occasion on the importance and dignity of the Holy Name.

The choir under the direction of Mr. W. J. Brown rendered beautifully. Leonard's Mass in B flat of which the duets were sung by Messrs William Brennan and Albert Blanchard and Messrs W. J. Brown and Samuel F. Doyle.

At the conclusion of the services the choir sang, "Holy God We Praise Thy Name."

The visitors enjoyed the afternoon in visiting friends and viewing the City until five thirty, when the Hochelaga left on return carrying a well pleased lot of passengers who would undoubtedly enjoy the splendidly run smooth waters from Charlottetown to Picton.

Many citizens were on hand on the arrival and departure of the boat to welcome the excursionists and bid them God speed and bon voyage.

## Report of Investigation re Death of Edgar McCarron

In connection with the lamented death of Edgar McCarron in May last and concerning which many rumors have been in circulation it is only fair now to make public the efforts of the Attorney General's department in obtaining all possible light on the unfortunate occurrence. Necessarily at the time, the manner of investigating the circumstances were for obvious reasons, not made public. After the coroner's inquest and the local efforts put forth to determine the cause of the time to be mysterious, the Attorney General, Mr. J. Stewart, K. C., when going to Ottawa, to attend the interprovincial conference, took with him a report of all the evidence given at the inquest and other dates obtained and submitted these to Dr. D. D. McTaggart, Professor of Medical Jurisprudence at McGill University and the leading authority on Medical-legal science in Canada. Dr. McTaggart, after some days consideration submitted to the Attorney General a written opinion that McCarron's death was due to natural causes. To arrive at more definite conclusions and in order to obtain all possible light on the subject the Attorney General visited the Department of Justice at Ottawa in order to obtain the services of an experienced detective. On the recommendation of this department and Col. Sterns of the North West Mounted Police he procured the services of Mr. C. W. Harrison, special Criminal Investigator of the Merchants Mercantile Association of Montreal. He visited this city, spent some time here and made a thorough investigation of the premises, interviewed witnesses, including the coroner and the medical witness Dr. J. S. Jenkinson. After completing his investigation he made an exhaustive report, agreeing in all his conclusions with Dr. McTaggart. Mr. Harrison also followed up all the sensational rumors then current and found them absolutely groundless.

In deference to the relatives and friends of the deceased it is not necessary to publish these reports in detail but they are on file in the office of the Attorney General and may be seen there by any who are interested. It may be said here that the reports above mentioned have been submitted to a brother of the deceased and he has given a writing statement expressing himself as perfectly satisfied with the thoroughness of the investigation and the correctness of the conclusions arrived at.

## FORMER U. F. O. WHIP IS TORY CANDIDATE

### Hicks Says the Customs Probe Turned Him Conservative.

HENSALL, Ont., July 25.—Andrew Hicks, U. F. O. Whip in the former Ontario Government, came out under Conservative colors yesterday afternoon and was the unanimous Conservative choice to contest the riding of South Huron. There were five other nominations, but all withdrew.

The convention held in the Town Hall, was attended by 500.

Mr. Hicks, in accepting the nomination, declared that he had deserted the U. F. O. because some of Mr. Drury's former Ministers were not doing as they should.

The Conservatives applauded when the former U. F. O. Whip declared that he had been in sympathy with the King Government but that he had changed his mind when the Customs inquiry was held.

Hon. Hugh Guthrie was the chief speaker.

## Ten People Killed In Bus Accident

NYACK, N. Y., July 24.—Ten women and children out of 48 who sought to escape the heat of New York City in a bus excursion are dead today and the driver of the bus, which overturned, is held in the New York City Jail.

Three others of the passengers were on the danger list at the Nyack hospital, and all the rest were injured.

The passengers were returning to their homes in Brooklyn after spending the day in Bear Mountain Park.

Witnesses said the bus, driven by Daniel J. Lastro, was not speeding prior to the accident. The machine jumped over the Erie Railroad crossing in the heart of Spar-kill, N. Y., and 15 feet east of the crossing, suddenly swerved to the right, then started rolling down a slight incline. Witnesses said that they saw Lastro working frantically with his hands and heard the frightened screams of the women in the shade. In several parts of the province the heat was even more intense than on the previous day.

The fire department and a crowd that gathered worked frantically to free the screaming victims. Every available conveyance was used to take the injured to the hospital.

The first to appear was a lumbering fire wagon. Fourteen of the injured were sent to their homes after first aid treatment. Lastro was taken to jail and 24 were kept in the hospital. No charges had been filed against Lastro early today.

ed this city, spent some time here and made a thorough investigation of the premises, interviewed witnesses, including the coroner and the medical witness Dr. J. S. Jenkinson. After completing his investigation he made an exhaustive report, agreeing in all his conclusions with Dr. McTaggart. Mr. Harrison also followed up all the sensational rumors then current and found them absolutely groundless.

In deference to the relatives and friends of the deceased it is not necessary to publish these reports in detail but they are on file in the office of the Attorney General and may be seen there by any who are interested. It may be said here that the reports above mentioned have been submitted to a brother of the deceased and he has given a writing statement expressing himself as perfectly satisfied with the thoroughness of the investigation and the correctness of the conclusions arrived at.

## Trio Will Attempt to Swim Channel

BOULOGNE, France, July 23.—A triple attempt to swim the English Channel is planned by Omer Perrensit, of Montreal; Ishak Helmy, of Egypt; and Mme. Jeanne. They will make the start together at 9 o'clock next Monday evening, weather conditions permitting.

## \$250,000 Cave-in On Mississippi River Bank

(Canadian Press)  
MEMPHIS, Tenn., July 26.—A cave-in on the East bank of the Mississippi River here this afternoon carried away practically all of the property of the West Kentucky Coal Company. The damage was estimated at \$250,000. At five o'clock the bank was still crumbling, carrying switch tracks owned by the St. Louis-San Francisco Railroad into the river.

## American Embassy Underground

(Special to The Guardian)  
PARIS, July 24.—Extra police guards have been placed about the American Embassy, the home of Ambassador Herrick and the American Consulate, to prevent the threatened anarchist attempts in connection with hostility caused by the Sacco Vanzetti case. Officials at the Embassy said today that the measures were precautionary and that there had been no disorders, although several threatening letters had been received. Sacco and Vanzetti are awaiting sentence of execution in Massachusetts after their conviction for murder in connection with a payroll robbery in South Braintree, Mass.

## Heat Wave Causes Death in N. B.

ST. JOHN, July 24.—The heat wave which settled over Nova Scotia on Thursday and continued unabated on Friday claimed its first victim yesterday at Middleton where Rev. H. D. Bentley, a retired Baptist minister, died following prostration by sunstroke on Thursday.

In addition two men Albert Grayley, of Shelburne and R. Simpson of Nictaux, were prostrated by sunstroke, but will recover.

Mr. Grayley was prostrated while working in his day. He died in the shade. In several parts of the province the heat was even more intense than on the previous day.

## Progressives Hold Conference

(Special to The Guardian)  
WINNIPEG, Man., July 23.—The Progressives of Manitoba are in conference here today with Robert Forke in the chair, and Hon. T. A. Crerar by his side. The election in Ontario and the Progressive strategy in Manitoba will emanate. The return of Hon. T. A. Crerar to public life is being urged. There is a strong feeling throughout the province that Mr. Crerar should return to active politics.

## Feeling Strong Against U. S. A.

ROME, July 24.—A terrible wave of mortal hatred of the United States is sweeping over old and exhausted Europe, but the Americans do not perceive it, says "Il Tevere", meaning, "The Tiber," is the organ of the extreme fascists.

"The Americans have their eyes full of figures," the paper says. "Their ears are absorbed with the clicking of adding machines. They have a knife up their sleeves, namely their most powerful dollar, which can crush twenty Europeans. They live in a state of superb obliviousness which is astonishing and offensive."

"When we hear Senator Borah answer the austere and touching plea of the French war debilitated (or revision of the war debt settlement) with the cynical and test, but the United States tax payers haven't enough money to save France's one thinks with terror of what the divine justice must be preparing for a nation thus constituted."

## PREMIER'S POLICY TO ASSIST MARITIME TRANSPORTATION

### Of the Basic Industrial Products to the Central Provinces—Mr Meighen Charges, the King Government with Administering the Customs Law Merely to Gratify the Cupidity of its Friends, and With Discrimination Against Cape Breton.

(Canadian Press)  
BRIDGEWATER, N. S., July 25.—Over highways and by-ways, Premier Meighen, yesterday carried his campaign along the southern shore of Nova Scotia. He crossed from Saint John to Digby by boat, motored thence to Bridgewater, Chester, and Halifax on his way to Sydney, where on Monday, he is expected to give special attention to the coal and steel industries.

He spoke briefly in Digby and held a couple of meetings in Queens-Lunenburg, the constituency represented in the last Parliament by William Duff, Deputy Speaker of the House. For Mr. Duff the Prime Minister had caustic remarks.

"I know of no virtues of your present member," said Mr. Meighen, "which entitle him to any special consideration at the hands of the people of Lunenburg. A Liberal Government will be pretty black, will be convicted not once, twice, thrice, or a hundred times before it will ever be deserted because of its blackness by William Duff. I think the people not only of Nova Scotia, but of the Dominion, will watch Lunenburg in this election."

The prime minister pressed his policy for public assistance in the shipment of basic Maritime products to the central provinces, and continued unabated on Friday, claiming the intention of his Government was to commence with the big basic products, and the outstanding basic product was coal. He was prepared to ask the whole Dominion to assist the shipment of Maritime coal to the markets of Canada and Nova Scotia.

"We should leave to the railway Commission," explained Mr. Meighen, "the duty of specifying the rate in regard to each commodity. But after the Commission has done that, then the Dominion of Canada should bear a share of the rate on basic products from the Maritime on the one hand, and from the far West on the other, to central province markets."

"We must reach the objective of carrying the freight of Canada, not only of import, but also of export country. We must not only reach

that objective but must make any sacrifice to get to it, save this that we must not sacrifice the trade itself. We cannot go to the extent of making the market, but short of that any party ought to be able to go and, in my judgment, in justice to this Province, any party is bound to go."

Mr. Meighen asserted that the "blighting hand of the fiscal policy" of the King Government was "gratifying the cupidity and graft of its friends." He admitted that dishonesty in public administration could not be absolutely stopped. Under a Conservative administration, there would be no doubt be some dishonesty, but dishonesty would not be permitted to cut into the vitals of the country. "Whoever it appears," added Mr. Meighen, "his head will be cut off."

OTTAWA, July 25.—A telegram has been sent by Hon. Ernest LaPointe, former Minister of Justice, to Premier Arthur Meighen, who is touring the Maritime Provinces. In it Mr. LaPointe quotes from a speech said to have been delivered by A. J. Doucet of Kent, N. B., in which Mr. Doucet is reported to have referred to the alleged touring of the Maritime Provinces by the Prime Minister in the following words:

"They called at Quebec and took the Minister of Justice and his friends and they had a joy sail on the St. Lawrence, to the Magdalen Islands, across to the North Shore, and went up the Saguenay, and all told they were six weeks away."

In his telegram to Mr. Meighen Mr. LaPointe says this statement is "stirring untrue; that the never took part in any such trip nor travelled at any time on the Margaree. He asks Mr. Meighen to repudiate the statement which he alleged by Mr. Doucet "constitutes an unequivocal calumny uttered in your presence by one who is associated with you in your tour through New Brunswick."

## Dance Hall and Barns Blown Down in N. B.

FREDERICTON, July 24.—Five counties in central New Brunswick were swept by the largest of electric violence Thursday afternoon and night, which created havoc and did considerable damage.

The tornado-like storms blew down buildings of various kinds in York, Carleton, Charlotte, Sunbury and Queens counties, the largest of which was a dance hall at Rollington, Charlotte County, where about seventy people were dancing when the building collapsed.

Three of the dancers were injured, two men having broken legs and a young woman being seriously hurt otherwise.

The St. John Valley between Florenceville and Hartland as well as the northeastern parishes suffered the most of and part of Carleton County from the electric and tornado-like windstorms yesterday afternoon and last night.

About a dozen barns, mostly in Lansdowne and Windsor, were blown down, a box car on the C. P. R. at Florenceville was wrecked by the wind and some shingles were torn off the roof of the station at Florenceville. Because the telephone and telegraph lines were down the C. P. R. northern division between Woodstock and Edmundston was tied up and trains were not operated last night.

Lightning struck Sayre's mill here but did not set the building on fire.

## Big Reception for Prime Minister

NEW GLASGOW, July 24.—Arrangements for the great Conservative rally in honor of Canada's Prime Minister, the Rt. Hon. Arthur Meighen, were completed today in the arena rink, New Glasgow, next Tuesday evening at eight o'clock.

The work of getting the building in shape for the reception of the party chief was started this afternoon and the building will be suitably decorated for the occasion. In view of the fact that Mr. Meighen is not holding a meeting in either Arigonish or Truro, a large number from these and interviewing points have advised headquarters here of their intention to be here for the rally. As a result of this it was felt that the largest building available in town had to be secured for the meeting, and the arena is being put into shape for the occasion.

## Dan Clancy is the Clean-up Batter

BANGOR, Me., July 23.—Dan Clancy, well known baseball player, who has played on many teams in the provinces, began the season with Lewiston in the New England League but has jumped to Bangor Brewer in the Maine League, where he is clean-up man in the batting order and does it often. Clancy is playing against some of his old teammates, as he was for the past two seasons with Ben House's Bar Harbor team. Clancy is sometimes shifted to first base as a change from the outfield and can go in as a relief pitcher.

## European Paper Money Covers Tourists' Trunks

LONDON, July 23.—Travelers' suit cases arriving here today from the continent, packed with French and Belgian franc notes and ten franc notes, attracted much attention. One party of travellers, consisting of young Americans and Canadians also had French franc notes adorning their trunks alongside the hotel and steamship labels.

Several of the tourists had paper money pasted on their camera cases.

## Premier Meighen May Speak in Quebec End of Month

QUEBEC, July 24.—The Right Hon. Arthur Meighen is expected to make a stop-over in this province on his return to the Maritimes, and it is stated that on Saturday, July 31, the Prime Minister will address a gathering at Carleton in Bonaventure County. The Carleton meeting is not down on Mr. Meighen's schedule but it is understood that this has been adjusted in order to comply with the Premier's wish to address an assembly in Quebec before he undertakes his Ontario tour.

## To Continue and Complete the Customs Probe

(Canadian Press)  
OTTAWA, Ont., July 25.—"To continue and complete the Customs Probe," the appointment of Sir Francis Lemieux has been confirmed by an Order-in-Council. The Chief Justice of Quebec is commissioned to take up the work of the Parliamentary Committee which began the investigation into the conduct of the Customs Department. He is given "as full and like powers" as that committee had.

He is asked to make findings and recommendations from time to time with evidence taken before him, reporting to the Government for submission to Parliament at the next session. The appointment is made on the recommendation of the Minister of Justice who submits that it is "expedient and in the public interest that the said investigation be continued and proceeded without delay in accordance with the intention of parliament."

## St. James' Church Centennial

The following letter has been received by the Rev. W. Bruce Muir from the Rev. Austin L. Bridge, Hagersville, Ontario, convener of the Historical Committee of the Presbyterian Church in Canada. Mr. Muir read the letter to the congregation on Sunday morning and at a meeting of the Kirk Session held at the residence of the pastor. The letter was ordered to be engraved in the minutes of St. James Session.

Hagersville, July 20, 1926  
Rev. W. B. Muir,  
Charlottetown.

My Dear Mr. Muir:  
I have read with great interest the introductory sketch of St. James Presbyterian Church, and the report of the Hundredth Anniversary in the following issue of the Guardian.

Thanks for sending them to me. I shall add them to the historic materials being gathered about the splendid folk—our Presbyterian kith and kin in the East.

Congratulations on the completion of such a brilliant chapter of history and the auspicious beginning of another. You seem to have been favored with ideal conditions both during the inspiring diets of Public Worship and at the social function which followed.

May you be filled with much encouragement and your people very deeply consecrated. It is a great time to be living today.

I knew Dr. Fullerton and have for many years known Mr. T. C. James, very intimately.

Keep your eye on Anniversaries of a similar character. Stir up the fathers and brethren to take more pride in their great traditions and send me a clipping.

Yours very sincerely  
AUSTIN L. BRIDGE

## SERIOUS ISSUE BEFORE PEOPLE SAYS DRAYTON

(Special to The Guardian)  
TORONTO, Ont., July 25.—"Canada for Canadians" was the theme of a most inspiring address last night by Sir Henry Drayton, K.C. M. P. for West York, in speaking to a crowded meeting in North York township.

"We have the greatest amount of untouchable natural resources of any country in the world," Sir Henry reminded his audience, regretting at the same time that 16,000 Canadians according to American reports had left Canada during the past year for occupations in the United States.

Canadians are now confronted with a more serious issue than last year, Sir Henry warned, "that of maladministration of the Mackenzie King Government. Whether things shall be done clearly and honestly in Canada is the question. The average citizen believed in honesty of administration from those in high places," he assured.

Sir Henry admitted that the Conservatives were responsible for unearthing the losses in Customs revenues that had brought up on the King Government the censure of their own members. The constitutional issue raised by Liberal organs Sir Henry described as a smoke screen.

## Steamer Refloated By Flood Tide

(Canadian Press)  
ST. JOHN'S, Nfld., July 25.—The coastal steamer Home, which grounded on Pogo Island, July 16, was refloated last night unassisted and proceeded under her own steam to Fog. Efforts of several tugs had previously failed to budge the steamer but an exceptional high tide last night was reported to have lifted her off the reef. Captain Norman and his crew had remained aboard.

## Robert Scott Admits Killing

(Canadian Press)  
CHICAGO, July 25.—The Chicago Herald and Examiner in a copy righted story today says that Robert Scott has made a statement to the newspaper admitting that he killed newspaper editor Maurer, the young drug clerk for whose murder his brother Russell Scott is sentenced to be hanged.

## WOOD ALCOHOL CLAIMS 22 VICTIMS

(Canadian Press)  
HAMILTON, Ont., July 25.—Deaths believed due to alcoholic poisoning in this district within the past three days reached eight this morning with reports of three deaths in Oakville, and two in Hamilton. Three men were previously reported to have succumbed through drinking poisoned liquor at Altonburg near St. Catharines yesterday. A man and a woman lie in a local hospital in a critical condition.

Police believe it to be wood alcohol poisoning. Bert Dangelo, Hamilton, has been arrested on a charge of manslaughter. All five Oakville deaths took place within two hours of each other, following, it is said the drinking of three bottles and one tin can of wood alcohol disguised as whiskey.

BUFFALO, N. Y., July 25.—Four men and one woman are dead here from the effects of wood alcohol poisoning. Deaths of another man and a woman are attributed to the same cause. Two men are in the hospital, blinded as a result of the same poisoning, and an alleged alcoholic purveyor are held on homicide charges.

BUFFALO, N. Y., July 25.—Two additional deaths from alcoholic poisoning occurred here today, bringing the total for this city and nearby Canadian cities to twenty-two in the last four days. Today's victims were Nellie McCarthy, 28, and Charles Lennon, 26 who attended a party at Mrs. McCarthy's apartments on Saturday afternoon. Both died at Columbus Hospital today.

LOCKPORT, N. Y., July 25.—Three persons died here today from alcoholic poisoning. They are Charles Dogman, 55, and Frank Malvey, 46, both of Lockport, and James Hailigan, an employee of the Western Block Company, who came here recently from Pittsburgh.

## Including a Woman in Four Days—Deaths took Place in Hamilton and Buffalo Districts—Three Held on Homicide and Manslaughter Charges.
