## YOU can save Belgian lives!

Though you cannot fight and kill Germans, you can give and save some of their helpless Belgian victims, three million of whom must be fed or starve.

So little is needed to feed a Belgian family, and so economically are contributions handled by the Belgian Relief Commission, that there are very few of us who could not provide for at least one family through this winter, or till the end of the war.

\$2.50 a month—less than 10c. a day—will do it! How easily you could save that much from your little indulgences—and how much it would mean to some Belgian mother and her hungry little ones!

Wouldn't a little self-denial now be richly repaid by knowing, when the war is over, that you had done your part, and had saved precious lives for our unfortunate Allies?

Probably the greatest Catholic revival that has ever occurred in Charlottetown was the Eucharistic Mission which has been conducted during the past two weeks in St. Dunstan's Cathedral by Rev. Fathers P. J. Casey, J. P. Walsh and J. F. Cox, all of the Society of Jesus, and Rev. Fr. Maurice McDonald, Rector and Staff. The object of the Mission was pre-eminently to promote a "Greater Love of Our Lord Jesus Christ in the Blessed Sacrament." During the past week the Men's Mission, following on the women's was carried out, services having been held in the mornings and evenings. The masses in the mornings were at 5, 6, 7 and 8 when short addresses and prayers were given by the Missionaries. Over 13,000 communions were given during the last week. On Friday night Fr. J. F. Cox concluded his class of instruction which had been conducting in the vestry of the Cathedral during the Mission. On the concluding night the large vestry was crowded to the doors, showing the great interest which was taken in this feature of the mission. It has been decided to continue this class throughout the winter. This class is intended for Catholics who have not yet received the Sacrament of Confirmation. Catholics who are seeking further instruction and others who desire a knowledge of the doctrines of the Church.

Each evening a sermon was given preceded by instruction in the Mission and prayers for its success. The recitation of the Blessed Sacrament concluded each service. On Saturday evening a "Holy Hour" was observed, the Blessed Sacrament being exposed throughout the service, which was conducted by Fr. J. F. Cox who preached a strongly appealing sermon on "The Love of God." On Saturday night and Sunday night a large number joined the Holy Name Society.

WHENEVER you bake  
A dainty cake  
And Purity is your brand,  
You'll smile with me  
And quite agree  
It's best in all the land.

## PURITY FLOUR

More Bread and Better Bread

by the exhortation of the Mission Priests. Last evening the sermon was preached by Fr. Casey, his subject being "Perseverance."

Fr. Casey referred to drunkenness and said some united effort should be taken by Catholics to prevent drunkenness. If they would do their part he declared God would do the rest. He expressed his thanks to the congregation, to His Lordship the Bishop, to the priests, to the Sexton of the Church and all who had assisted in making the Mission the success it was.

It was perhaps the best of the Revd. gentleman's discourses and contained a magnificent and eloquent appeal to all to be loyal to God and perpetuate the work of the Mission. After the sermon the lights were put out and each member of the congregation who had made the mission lit a blessed candle and renewed his baptismal vows. This was followed by Solemn Benediction of the Blessed Sacrament, celebrated by His Lordship the Bishop of Charlottetown. After benediction His Lordship delivered a brief address. He thanked the Mission Fathers of the great Order of the Society of Jesus for the excellent work they had done during the past two weeks, and said that in all his personal experience of the work of the Society this Mission had been the greatest success. He heartily congratulated in and emphasized the observance of Father Casey on intemperance. He said they should get together, (each realizing he was his brother's keeper) in an endeavour to eradicate the evil. He wished to impress upon them the importance of frequent communion and exhorted them to continue in this practice, so admirably observed during the mission.

One of the features of the Mission was the nightly-increasing number who made the Way of the Cross, the last two nights after service all the aisles in the Church being filled with men practising this devotion. Yesterday afternoon at 3 o'clock there was a service for the babies, all the little tots in the parish being consecrated to God in a very pretty service. At 4 o'clock a large class received the sacrament of Confirmation, conferred by His Lordship the Bishop. On the whole the mission was a grand success.

## We know other Machines! Autos Engines, etc

### Why not our own Body Machine?

We study and admire the machinery invented by man, and too often overlook and neglect that most marvellous machine—the human body.

To understand and take care of the heart, lungs and liver; the arteries and veins, the skin, the teeth, the eyes and all the intricate machinery of the body, is no small task.

But, unlike any other machine, the body replaces its own wear and waste, and, consequently, the most attention required is that which has to do with the organs of digestion and excretion.

So long as proper food is supplied for nourishment and the liver, kidneys and bowels are regular in their work of eliminating poisonous waste matter from the system, the great majority of human ills are avoided.

In this connection Dr. Chase's Kidney-Liver Pills are appreciated on account of their promptness and efficiency in arousing the action of these filtering and excretory organs, and thereby removing such disorders as liver complaint, biliousness, constipation, indigestion, kidney disease and backache. With these organs in healthful action there is no such thing as Bright's disease, hardening of the arteries and rheumatism.
