—CORRECTION — A mistake occurred in yesterday's Guardian in the report of the War Savings Stamp drive at Summerside. Miss Doris MacArthur who was the prize winner for last week sold stamps worth $355, not $335 as reported. Her total for three weeks was $440. —S

—FEAST OF ST. ANNE.— The residents of Lennox Island, the Indian Reservation, were favored with fine weather for the observance of the Feast of St. Anne Sunday. A large number from the surrounding districts attended. In the morning a Solemn High Mass was celebrated in the open at a nicely decorated Altar. The celebrant was Rev. W. V. McDonald, Seven Mile Bay, who was assisted by Rev. J. A. Sullivan and Rev. F. Cass of St. Dunstan's University as Deacon and Sub-Deacon. Rev. Oswald Murphy was Master of Ceremonies. The sermon for the occasion was delivered by Rev. W. J. Monaghan, Alberton, who during the course of his remarks complimented the residents on the excellent preparations they had made for the observance of the Feast. The choir was under the direction of Mr. John Sark who also presided at the organ. In the afternoon Benediction of the Most Blessed Sacrament was given by Rev. W. J. Monaghan who also delivered a brief sermon. Dinner was served on the grounds where there was also refreshment booths.

—DOUBLE WEDDING — A very pretty double wedding took place at St., Peter's Church, Seven Mile Bay, on Wednesday, July 14th, when the Misses Edna and Hazel Green, daughters of Mrs. Green and the late George Green of Central Bedeque became the respective brides of Harry Murphy, son of the late Mr. and Mrs. Gray Murphy of Charlottetown and Alban Keough son of Martin and the late Mrs. Keough of Tryon. The ceremony and following Mass were performed by Rev W. V. MacDonald parish priest. As the wedding march was played by the brides' sister, Florrie, the brides proceeded up the aisle and were given in marriage by their brothers Harry and Jack. Miss Edna, wore a dress of powder blue with navy accessories. Miss Hazel, was dressed in aqua blue with hat to match and British tan accessories. Her only jewellery was her mother's locket some sixty years old. Their corsages were of pink rosebuds. The church was beautifully decorated and during the ceremony the choir rendered several appropriate hymns. After the signing of the register and amid showers of confetti and good wishes, the bridal couples left for a short honeymoon through the Maritime Provinces. On their return a reception was held at the brides' home for the immediate families. Previous to their marriage Miss Edna had practised the nursing profession in Rawlings Wyoming. Miss Hazel was teacher in Central Bedeque School.

—FAREWELL SHOWER — The community of Central Bedeque gathered at the home of Mr. and Mrs. Wright Leard on July 9th, to tender a shower to Miss Hazel Green who is one of this month's brides. The house was beautifully decorated with flowers and ferns. Miss Blanche Noonan met the bride at the door and escorted her to the seat of honor. Then Miss Georgina Leard and Master Callbeck entered carrying baskets well laden with beautiful gifts. Accompanied on the piano by Mrs. Lewis Wright, they sang a very appropriate duet, "Going to a Shower," which was heartily enjoyed by all. The many lovely gifts were opened by Miss Alice Jewell and Mrs. Harry Green. Miss Lillian Schurman read the verses and Misses Mary McKenna and Blanche Noonan arranged the gifts on a table. Hazel very prettily thanked all her friends for remembering her so kindly. Piano selections were rendered by Mrs. Lorne McLellan, Mrs. E. P. Foley and Miss Lillian Schurman. Refreshment were then served by the hostess and friends of the bride. At the conclusion of the closing exercises of Central Bedeque School where the bride was teacher, the children of both rooms tendered her a kitchen shower which was very attractively carried out in their own style. During the noon hour, the senior room was very artistically decorated and the bride to be was invited in to the seat of honor. Two junior pupils, George Johnston and Alexander Green, opened the parcels and read the accompanying verses which were numerous and caused much merriment. Mary Johnston arranged the gifts on the desk. Little Miss Shirley Arsenault presented her teacher with a beautiful bouquet. Later, refreshments were served by the young hostesses. Miss Green, although taken by complete surprise, expressed her thanks to the young entertainers and wished them all kinds of success in the future.

The Postponed Auction Sale

of Hay at Albany on Noonan Farm will take place on Wednesday evening August 4th at 7 p.m.

If weather is rainy, sale will be held on Thursday.

ROSS MONRO

(Continued from page 1)

by 3 p.m. Centuripe was in British hands.

The collapse of these two strong points within hours of each other puts this sector on he hinge between the 8th Army in the south and the American 7th Army on a strong base.

Southeast of this Canadian-British front another British formation extended its bridgehead over the dry gulch where the Dittaino River flows in rainy seasons.

Possibly the British forces will be able to exploit this bridgehead as the Canadian and British infantry did the one gained at Catenanuova by the Canadians several days ago, through which the successful attack was made on Centuripe.

On the northern front the Americans have reached points along the coast road well east of San Stefano and have thrust within striking distance of Troina, eight miles north of Regalzuto.

(Mr. Churchill told the House of Commons that Americans were reported to have entered Troina.)

Many Canadians Eligible For Africa Star

By ALAN RANDAL
Canadian Press Staff Writer

LONDON, Aug. 3—(CP Cable)—Many Canadians will be eligible to receive the Africa Star, one of the two new awards recently approved by the King and announced by Prime Minister Churchill today, along with the new 1939-43 star which also will be available to many Canadians.

Nobody can receive both sars.

(The King announced June 26 that he planned to create the new decorations. Today the Prime Minister gave details of who will be given them.)

The Africa ward is granted for service in North Africa at any time between June 10, 1940, when Italy entered the war, and May 12, 1943, when African fighting ended.

The 1939-43 Star is for service in operations anywhere from Sept. 3 1939, to the end of this year.

The small group of Canadian Army men who served with the British armies in Africa early in 1943 are also eligible to receive clasps bearing an Arabic numeral indicating whether they were attached to the 1st or 8th Army during the period from Oc. 23, 1942, the date of the battle of El Alamein in Egypt, to May 12, 1943.

The War Office asked to clarify the announcement, pointed out that Canadians qualify for the Africa Star on account of their "entry as part of the establisment into an operational command in North Africa."

There is no length of service specified for this award—a man must merely have served in an operational North Africa command between the dates specified, a point which makes hundreds of Canadian airmen also eligible for the Africa Star.

Canadians Eligible

Canadians eligible for the 1939-43 Star will include those who went to France for a short time n 1940, the raiders of Spitsbergen and Dieppe, troops in the Sicily assault force, operational air force men in Britain and other theatres, and navy, and merchant navy.

While the main point of qualifications for the 1939-43 star is the requirement of six months operational service, it was noted that a white paper which followed the initial announcement by Mr. Churchill to the House of Commans said that those evacuated from Norway in the spring of 1940 are eligible despite the fact they served much less than six months.

Navy qualification for the 1939-43 star is six months of service afloat in areas of active operations and for the army a similar period in operational command with the exceptions to be worked out.

It will be awarded to all aircrews who took part in operations against the enemy, subject to completion of two months of service in an operational unit. Non-crew personnel with six months of service in an area of the army operational command also qualify.

Six months of service at sea in the merchant navy will also qualify a seaman for the star, if at least one voyage is made through specified areas of active operations.

Those with operational service of lesser periods, brought to an end by death, wounds or other war disabilities, will also qualify as will troops evacuated from Dunkerque, Norway, and other points. It is under this heading that the Canadian troops who entered France in 1940 and were quickly evacuated should qualify for the star.

The 1939-43 Star Ribbon is dark blue, red and light blue in three equal vertical stripes. The ribbons are being made now but casting of the stars will await the end of the war.

The North Africa Star has a ribbon of pale buff with a central vertical red stripe and two narrower stripes of dark and light blue, representing the three services.

For the army, qualifications for this award is entry as part of the establishment into the operational command in North Africa, including the whole area from the Suez Canal to the Straits of Gibraltar. Service in operations in Ethiopia, Somaliland, Eritrea and Malta is qualification, but not in West Africa.

For the Air Force, qualification is landing in the area of the army operational command, including Malta, or service in the air over any of the army operational commands or over enemy-occupied territory.

For the Navy and Merchant Marine, the Africa Star will be awarded only for service ashore or in a harbor in the same areas as the army operated.

Silver clasps of the Africa Star will be in the form of an Arabic 8 or 1, restricted to service in the 8th or 1st Armies from last October 23 to May 12. The R.A.F. clasp, a silver rose, will be awarded for support of armies in the same period, but there will be no clasps for the navy.

A bronze emblem for "mentions" is in the form of an oak leaf.

It was also announced that His Majesty had approved the institution of wound stripes and chevrons for years of war service for the armed services, merchant navy, police, specific civil defence services, fire guards and nurses.

Official Reports On Farm Labor Problem Quoted

By JACK WILLIAMS
(Canadian Press Staff Writer)

OTTAWA, Aug. 3—(CP)—Official reports reaching the labor department indicate that, despite farm labor shortages which have been experienced in many parts of Canada, early crops have been harvested without any serious loss because of difficulties in obtaining help.

Most provinces are anticipating more serious problems when harvesting is intensified at the end of the growing season, but it is expected the use of soldiers, under a plan recently announced by Labor Minister Mitchell and Defence Minister Ralston will serve to alleviate this condition.

In addition, urban dwellers working on farms in their spare time or during holiday periods will give considerable assistance, it is anticipated.

Comments received from the provinces reporting on the manpower situation under the Dominion-Provincial farm labor agreements, summarized, include:—

Nova Scotia prospects for apple and potato harvesting are regarded as serious. Service clubs are providing some assistance and berry crops were harvested largely by girls. Wet weather which dalayed haying and caused overlapping with cultivating and hoeing created an acute condition.

NEW BRUNSWICK—Student labor is being used in harvesting fruit but little student labor is available suitable for major farming operations like hay-making, harvesting and potato picking. The general farm labor situation is tight. The actual outcome will depend largely on weather conditions.

PRINCE EDWARD ISLAND—The situation to date has been fairly well taken care of, but haying now is on and potato picking later will increase the demand for outside help.

QUEBEC — Some of Quebec's farm labor problems have been met by the organization of student camps and more are to be organized to assist in harvesting tomatoes and hops. Harvesting of tobacco and potatoes is expected to accentuate labor difficulties but the use of soldiers will provide some relief. Weather conditions have interfered with hay-making and with the size of the crop of peas and beans.

PROHIBIT PICTURE

CHICAGO, Aug. 3 —(AP)—Roger Touhy, imprisoned ganster and kidnapper, today obtained a Federal court order temporarily prohibiting advertising or showing of the motion picture, "Roger Touhy, Gangster." He contended the movie was "immoral, obscene and prejudicial to his wife and two sons." He alleged the defendants, Twentieth—Century Fox Film Corporation, Bryan Foy, director of the movie, and Warden Joseph E. Ragen of Stateville Penitentiary, conspired to produce the film for their own profit without Touhy's consent.

U. S. O. Unit To Entertain Servicemen Here

The United Service Organization Camp Show, offshore unit No. 90 overseas division from the U. S. A. by special arrangement with the Canadian National Defence, and United States War Department is now in Charlottetown for the purpose of entertaining at Beach Grove Army Training Centre and airports here and at Summerside.

The troupe include Jack Shea, master of ceremonies, called "The Mad Auctioneer," famous in the Maritimes by radio and stage. This is his first appearance in Prince Edward Island; Kathleen Quinn, a radio singing star well known from coast to coast; Paul and Ruth Bellefronte, considered foremost exponents of the marionettes.

"Andy" Arcari, considered one of the world's top-notch accordion players who plays from classics to Boogie - Woogie swing music, and Trudie Simmons, clever and talenter acrobatic dancer.

Jack Shea is one of the few performers who has played before the late George V, King of England and has played at the famous London Palladium.

Unit No. 90 has been acclaimed by high ranking officials of the armed services as one of the best shows ever to play in the Maritimes.

The show plays at Summerside Airport tonight and at Beach Grove tomorrow night.

Travelling by motor, rail and air the show was held at Fredericton, St. John, Sussex, Moncton, and Debert, New Gasgow, and Pictou are scheduled to receive the show after it laves here. The troupe will complete their tour on Cape Breton Island.

List Reserve Units To Go Into Camp Here

Advance parties of the Reserve Army go into camp on Friday of this week, and the camp open officially August 8 lasting until August 21, according to Col. G. Elliot Full, Officer Commanding the 42 (Reserve) Brigade. Col. Full will be in command of the camp near Beach Grove Training Centre and the sub-camp at the Ordnance Grounds on Brighton Road.

Units to camp in the Beach Grove area are: Brigade Headquarters, 2nd (Reserve) Pictou Highlanders, 2nd (Reserve) Battalion Cape Breton Highlanders, and the 17th (Reserve) Armored Regiment of this province.

Cook house construction and other necessary arrangements are being made now at the Beach Grove camp site which is situated east of the training centre.

Sub-camp units to camp at the Ordnance Grounds include: the 16th (Reserve Field Regiment, R. C. A. made up of the following 204th Battery, Charlottetown; 205th Battery Sydney; 86th Battery Antigonish. Other units include: the 5th (Reserve) Fortress Signals Company R. C. C. S., Glace Bay; 6th (Reserve) District Signals, R. C. C. S., Charlottetown the 29th (Reserve) Field Ambulance, R.C.A.M. C., New Glasgow; 42nd Reserve Brigade Group Company R. C. A. S. C., Charlottetown and Sydney; 62nd Reserve Company Veterans Guard of Canada, Sydney.

Lt. Col. P W McNevin, D.C.M., who is officer commanding the 16th Reserve Field Regiment, R.C.A., will command the sub-camp. The Artillery, Signallers, Veterans' Guard and Field Ambulance will occupy the permanent barracks at the sub-camp, the other units will be under canvass.

Argentina Decides To Disregard Nazis

BUENOS AIRES, Aug. 3 — (AP)— Argentina announced tonight that she had decided to disregard the German-defined blockade of the North American Atlantic coast which she has been recognizing since its application two years ago.

A government spokesman announced it had been decided that all ships of the Argentine state merchant fleet now would resume use of New York as a terminal point instead of New Orleans.

The new government of President Pedro Ramirez, it was announced, has abrogated the decree of the deposed Ramon Castillo government, which had forbidden Argentine ships to enter the German blockade zone.

The Castillo decree was issued following the torpedoing of several Argentine ships which had plied the normal route. In recent months torpedoings in the western Atlantic have fallen off as the allies sharpened their defences against the U-boat menace.

Real Starter for the Day

Says Italy's Status Is Different Now

By Lewis Hawkins, Associated Press Staff Writer

LONDON, Aug. 3—(AP)—Foreign Secretary Anthony Eden told the House of Commons in a surprise debate tonight that the Allies would be "only too ready" to adopt a "reasonable attitude" toward Italy if the Allies got what they wanted for fighting Germany.

Eden, replying to a question, said that with the departure of Benito Mussolini and the Fascist Regime, Italy took on a different status.

"We are, as a war cabinet, anxious to see Italy accept the unconditional surrender she was offered and anxious to see facilities given to her so that we can turn the war even more vigorously to Germany," he said.

"We are anxious to see a peace in which Italy can play her part as a respectable nation one again."

Quoting a Geneva dispatch to the Italian newspaper Il Popolo Di Roma, a D N.B. broadcast said the peace terms included cessation of resistance by Italy's armed forces, an end to collaboration with Germany, withdrawal of Italian troops from Greece, Albania, France and Yugoslavia, surrender of war materials undamaged, establishment of "an Anglo-American-Soviet military government" of occupation, arrest of war criminals, and release of all allied prisoners of war in Italy.

Peace Hopes Squashed

The following developments were seen here, however, as squashing peace hopes for the present:—

1. Resumption of allied bombings and shellings of the mainland and launching of the all-out drive in Sicily.

2. The detailed attack by the official Italian radio on the so-called allied peace proposals which appeared aimed at convincing the people they would be no better off if they ceased fighting.

3. German broadcasts declared that "the entire nation" now accepted Badoglio's position that the "war goes on."

4. Lack of substantial reports of further widespread peace agitation inside Italy. The Swiss radio reported that "quiet reigns now in the towns of northern Italy."

This added up to a picture of Badoglio and his government still playing the German game.

A land invasion of the mainland even before Sicily is cleaned up appeared to be a possibility, particularly since the United Nations radio at Algiers yesterday warned Italians that allied armies soon will make Italy a battlefield.

ALLIES DRIVE

(Continued from page 1)

15th armored division for further ground in the Catania Plain.

Germans Fall Back

The entire northern wing of the German line was reported to have wavered and fallen back before the thrust of Lt.Gen. George S. Patton's American 7th Army. An American spearhead drove deeply into the Axis left flank between Troina, 60 miles southwest of Messina, and the Messina Strait.

Regalbuto, Centuripe and Troina all fell yesterday.

All these actions were part of a general joint offensive, supported by medium bombers, fighter-bombers and fighters and warships of the British and American fleets.

Only one Italian division is known to be still in action. This was the 26th sandwiched between German units.

In addition to the operations over Italy and Sicily, the air forces ranged far across Mediterranean waters to interfere with Axis sea communications.

R.A.F. Beaufighters, which are blanketing the Tyrrhenian Sea almost to the coast of France shot up a destroyer and three motorboats off the Sardinian port of Cagliari.

The British Mineworkers' Federation, meeting at Blackpool, passed a resolution giving the executive instructions to use its power to ensure that "reparation" coal from Germany is not allowed to be used to lower the living standards of British miners after the war.

Some 7,000 factories now tune in regularly on the BBC program "Music While You Work", of which there have been more than 2,500 performances since the program was instituted in June 1940.

George Hicks, parliamentary secretary of the British Ministry of Works, disclosed in a recent speech that Britain has finished its ordnance factory program. Some of the factories built by the government contain 700 to 800 separate buildings.

BIRTHS

ROWE—At the Charlottetown Hospital on July 31, 1943, to Mr. and Mrs. Fred Rowe (nee Mary Donovan) a daughter.

PETERS — At the Charlottetown Hospital, July 30, 1943, to Mr. and Mrs. Marshall Peters, Sydney, C. B., a daughter Patricia Louise.
