Build Yourself Up So As To Feel Better.

Eat and sleep better, as well as look better, by taking Hood's Sarsaparilla. It is an all-the-year-round medicine, good in all seasons.

It purifies, enriches and revitalizes the blood, creates an appetite, aids digestion, assists assimilation of the food you eat, and wonderfully builds up the whole system. In many cases it succeeds where other medicine fail to do any good.

If you need a mild effective cathartic, get Hood's Pills.

Annual Meeting of Bankers Amalgamated Silver Black Fox Co. Ltd

The Amalgamated Silver Black Fox Company, Ltd., held their annual meeting Thursday evening in the Y. M. C. A. Rooms, with an attendance that represented over 95 per cent. of the stock. The business of the year was gone into very carefully and the Directors expressed their gratification at the progress made and the results accomplished. The year was a very satisfactory one, and the usual eight per cent cash dividend was declared, payable July 1st. The Directors were re-elected and are as follows:

F. J. Muzzy, President.
John Anderson, Secy. and Treas.
J. L. Townsend, Vice President
G. F. Dewar, M. D., Vice Pres't.
R. E. Spillett, Ass't Treas. and Supt. of Ranching.

Mr. F. J. Muzzy Expresses Views on Fox Industry

In an interview wit hMr. F. J. Muzzy, Thursday evening, who has been in Charlottetown nearly a week, visiting the various fox ranches he is interested in, he reports the foxes in better condition than he ever saw them at this season of the year. The increase in production, he reports to be about the average for the Island, and the directors last night at the annual meeting, (notice of which appears elsewhere) of Bankers Silver Black Fox Co., declared the regular 8 per cent. cash dividend to be paid July 1st next, and put a good amount to surplus. This is one of the most prosperous and successful larger fox companies on the Island and though the company has never paid a spectacular cash dividend, they have paid regularly five cash dividends at the rate of 8 per cent or near,—annually, and are considered one of the strongest and best managed fox companies on the Island. Mr. Muzzy says he considers Mr. Shaw McMillan, manager of the McMillan ranch at Alberry Plains and Mr. John Roper, manager of the Roper ranch at Sherwood, two of the best fox ranchers on the Island and they are both financially interested in the company. Mr. Muzzy leaves for his home in Springfield, Mass. this Friday morning.Mr. Muzzy intimated that if the Canadian government's put into operation some of the reported measures now being considered, to put an excessive tax on the fox industry it might force his company to move their foxes over to the States, much as he would regret to do so and if the Bankers Company was forced to move, it would mean the moving of many other large fox companies, for there are today more foxes being ranched in the United States than on P. E. I., and to handicap the P. E. I. fox rancher, means to encourage the industry abroad. John Anderson, R. E. Spillett and Dr. Geo. F. Dewar are the resident directors and were re-elected for another year at the stockholders meeting last night.

TICKET SALE FOR "GRUMPY" STARTS MONDAY AT 10 A. M.

There is a great deal of interest in the approaching theatricals by the all-English cast of noted stars at the Prince Edward Theatre. A hearty advance sale by mail order indicates this fact and Charlottetown will doubtless be aglow for the occasion. The sale of seats starts Monday at 10 a. m. and as previously the line-up of patrons will be served first, telephone orders being filled when all the waiting purchasers are all accomodated "Grampy" is a wonderfully fine production and with such a notable cast it should prove the treat of the season.

FASHIONS FOR CANADIANS

The most popular type of summer wrap is the loosely flowing cape. This holds true of wraps designed for both daytime and evening wear. The woman who owns a cape or contemplates the purchase of one or who plans to make one for herself, should realize that the real charm of a wrap of this kind is in the way it is worn. One woman may slink along in a cape and look hopelessly dowdy, while another woman will fling the folds about her figure and carry the cape so well that it will be a genuine thing of beauty, no matter what its color or fabric.

One of the most popular cape styles of the present season is that made of accordion pleated serge or tricotine. The cape may be merely a single section of accordion pleating, the pleats running from neck to edge in an unbroken line, or it may be a double or triple affair. Keeping the accordion pleated garment in presentable condition is troublesome and expensive and a mid-summer rival of this type of cape is the plain one of taffeta or satin, lined with material in a contrasting shade.

The sketch shows a smart little cape of dark colored satin, lined with white or bright colored self fabric, and finished at the neck with a band collar of the lining material. A cape of this type may be made of rubberized silk or satin or of wool jersey cloth for beach wear over the bathing suit.

Fall styles are now of paramount interest to the manufacturers and merchants who handle ready-to-wear apparel. Many of the loose wrap type coats are among the early models being brought out. Sleeves that are wide at the armseye and fitted at the wrist will be favored. Fur is the popular trimming. Fur, however, is not used in extravagant quantity generally. Wide cuffs, collar and vest effects are featured, but it does not appear very often at the coat's hem. Some rather vivid colors are being displayed in coat fabrics.

Prize Essay Competition

The winners of the Prize Essay Competition on the subject of Life Insurance, which was open to the school children of P. E. Island, are as follows:

1st. prize $25.00, Jack Louson, West Kent School, Charlottetown.

2nd prize $15.00, Mildred McFadyen, West Devon School.

3rd prize $5.00, Wilfred Dunphy, Millview School.

4th prize $5.00, Rosie Pineau, New Glasgow School.

The essays were judged by Mr. Justice Fitzgerald, Dr. McLellan of St. Dunstan's University and Dr. Robertson of Prince of Wales College, and all the judges agreed unanimously on the above award.

This competition which was initiated by Hyndaman & Co., Provincial Managers of the Great West Life Assurance Co., created quite a lively interest among the students, parents and teachers in many parts of the Province. It is the intention of Hyndman & Co. to have a similar competition next year, when the age limit will be extended to 18 as it was found that 16 shut out a great many pupils who desired to compete.

Cheques have already been mailed to the prize winners. 9903

BOYS START SEA LIFE.

MONTREAL, June 17.—A start has been made with the scheme of the Canadian government merchant marine for the apprenticeship of boys in the mercantile service. Two boys have sailed on the Canadian Navigator and the third is to sail on the Manoa of the Canada S. S. Lines, Limited.

STRAWBERRIES MAY BE CHEAP

HAMILTON, Ont., June 17.—The price of strawberries may be reasonable this year. Local canners say they carried over a big stock and are not buying heavily this season.
