Contentment

Is the greater part of life and contentment in the possession of Diamond or other jewelry can exist only when one has positive knowledge that the jewels are above criticism.

That satisfaction in jewel buying will be found here for the very reason that our well known reputation as Jewelers and Watchmakers has been gained only through persistent adherence to the policy of offering only such gems as will bear the most critical inspection.

And the high value we place upon your patronage regardless of the amount of your expenditure.
