MORE HUN TREACHERY

Bolsheviki Were Paid Millions to Betray Russia.

Lenine and Trotsky Exposed by United States as Hirelings of Berlin—Secret Official Documents Secured by American Agents in Petrograd Reveal Amazing Intrigue of Blood and Gold.

WASHINGTON, Sept. 16.—Proofs removing any doubts that Lenine and Trotsky, the Bolshevik leaders, are paid German agents—if indeed any doubts remain—are laid before the world by the United States Government in the first instalment of an amazing series of official documents disclosed through the Committee on Public Information.

Obtained in Russia by American agents, these documents not only show how the German Government, through its Imperial Bank, paid its gold to Lenine, Trotsky and their immediate associates to betray Russia into deserting the Allies, but give added proofs, if any are necessary, that Germany had perfected her plans for a war of world conquest long before the assassinations at Sarajevo, which, as the world now is convinced, conveniently furnished her pretext.

These documents further show that before the world war was four months old, and more than two years before the United States was drawn into it, Germany already was setting afoot her plans to "mobilize destructive agents and observers" to cause explosions, strikes and outrages in this country and planned the employment of "anarchists and escaped criminals" for the purpose.

Ranking in their sensational nature with the notorious Zimmerman note, proposing war by Mexico and Japan on the United States, these documents lay bare a new strata of Prussian intrigue, a new view of the workings of culture to disrupt the Allies, standing between the world and Kaiserism. They disclose a new story of human treachery for gold which might almost well be described without sacrilege as placing its perpetrators on a pedestal with Judas.

The revelations of German-Bolshevik intrigue may be summarized as follows:

Lenine, Trotsky and associates sold Russia to the German Government for \$25,000,000.

Germany's plans for war of world conquest were perfected long before assassination at Sarajevo furnished the excuse.

More than two years before the United States entered the war, Germany launched plans for outrages in America, anarchists and escaped criminals to be the destructive agents.

Orgy of killing and excesses, known as Bolshevik Revolution, was arranged by the German General Staff.

Brest-Litovsk "peace" conference was stage-setting for Russia's betrayal.

German staff officers secretly directed all Bolshevik policies, foreign, domestic and economic.

German officers spied on embassies allied or friendly to Russia.

Picked German general detailed to "defend" Petrograd against German army.

All industrial concerns in Germany ordered on June 9, 1914, nearly two months before war, to open sealed orders containing mobilization plans.

Fact at Kronstadt July, 1917, turned over Bolshevik policies to German officers.

Germans dictated membership of Bolshevik "executive central committee."

Assassination of Russian national leaders arranged by German officers.

Destruction of Polish legionaries in Russian army ordered.

Disorganization of Roumanian army and deposing of Roumanian King planned.

Substitution of officers satisfactory to Germany in command of Russian troops instead of patriotic Russian generals provided for.

King Congratulates Pres. Wilson.

LONDON, Sept. 16.—King George has sent a message of congratulations to President Wilson on the victory won by Gen. Pershing in the St. Mihiel salient. The King's message reads:

"On behalf of the British Empire I heartily congratulate you on the brilliant achievement of the American and Allied troops under the leadership of Gen. Pershing in the St. Mihiel salient.

"The far-reaching results secured by these successful operations, which have marked the active intervention of the American army on a great scale, under its own admiral's command, are the happiest augury for the complete and I hope, not far distant triumph of the allied cause."

Allies Rain Hammer Blows.

LONDON, Sept. 16.—While the peace kite was in flight, British, French and American troops continued their relentless pressure against the Germans. Pershing's men advanced northwest of St. Quentin, while French forces made progress south of the same city. Mangin's army simultaneously struck a new blow at the German salient north of Soissons. Wherever the Allied troops attacked, the German lines moved back.

German Spy Arrested.

PARIS, Sept. 16.—Herr Schrick, chief of the German espionage system in Switzerland, has been arrested at Berne, according to a despatch to the Petit Parisien. Documents giving the details of a scheme to blow up ammunition factories in the Neuchâtel district were found in Schrick's possession, the despatch adds.

Moose Jaw district is urgently in need of more harvesters.
