NOTES FROM BOSTON

Almost every town and city in Massachusetts and you might find Prince Edward Island who is forging his way to the front—in civic, business or professional life.

The tourist season is now on and the American traveller can find both rest and comfort in the Province by the Sea.

Speaking of old people, East Boston has a remarkable old lady, Mrs. Amelia F. Simonds, of 119 Saratoga Street.

I notice the Liberal press of Canada is getting some comfort from the recent overturn in Ontario and Saskatchewan.

The eyes of the world are focused on President Roosevelt and the policies he has outlined for the nation.

A horse that showed up real well at Summerville was Captain Kops, 2164, owned by Dr. Bowness.

Ben White has 30 horses racing this season. 21 of them are trotters, 16 two and three year olds and the remaining 14 four or over.

Probably the eyes are the most neglected part of the body. Year by year they are overworked, strained, submitted to the many detrimental influences of modern life.

THE BACK STRETCH

In the 219 pace Mac Volo won the first heat but was unfortunate in the second to have his wheel broken on the first turn.

White Winkle also raced in hard luck as she made a break the first heat and in the second had her bike smashed spilling her chance of showing what she could do.

In the 228 mixed Kitty McKane won the first heat and after getting the word in the second was crowded into the fence on the first lap.

Summerville was Captain Kops, 2164, owned by Dr. Bowness, Kops, 2151, trot after getting away to a bad start finished up so fast that a great many on the stand thought he was the winner and showed their disapproval when Helen D. was announced as being first.

A world's record for a three-year-old trotter with a lady driver was made by Mrs. E. Roland Harriman when she drove Calumet Eleanor by Peter the Brewer a mile in 2:08 at Dodge worked Hollywood Portia (3) 2:06 a mile in 2:06 at Lexington.
